Elite Security

Clara Kendrick

Elite Security Clara Kendrick

Dive into this sexy SIX-book series that follows security professionals in their quest for both justice and unexpected romance. Lots of suspense, mystery, and romance. Almost 500,000 words. No cliffhangers!

Book 1

The man she considered the love of her life has been abducted under strange circumstances. Charlotte Peterson only has one person she can reach out to and she's not sure he will even come, not even for his own brother's disappearance. Daniel Booth and his brother have two different lives, Daniel is a man of honor and he isn't ready when a blast from his past pulls him into the seedy world of his brother.

Book 2

James Holbrook has never been mistaken for a sweet guy. He's an ex sniper with the Army and he likes his life exactly the way it is. He keeps people safe for a living and then hides out in his quiet life on his off time. But Brooklyn Oliver is no match for his norms and when he finds himself coming to her rescue, he can't stop his heart from feeling something.

Book 3

His celebrity good looks have managed to get Marco May out of a lot of sticky situations over the years but when he meets Kathryn (Kat) Short he will have to work harder than usual to win her over. She's a top notch lawyer and immune to his boyish charms until she comes under fire and he's the one there to save her.

Book 4

Chase Reyes is as tough as they come. He prefers the outdoors and working hard. When he's assigned to keep Ruby Reynolds safe it's like mixing oil and water. Ruby is the billionaire daughter of one of the biggest tech firm owners in the world. She's spoiled and used to getting her way. Her seductive ways have but one flaw, they are putting her in danger.

Book 5

Alessia Faulkner grew up in the spotlight and fame. After a successful stint on television she's taking over the social media world and skyrocketing to fame. When she sets her sights on ex-police officer Trevor Kaplan the fireworks between them are just the start. Alessia is use to getting what she wants and she wants Trevor.

Book 6

His daughter has been kidnapped and if Jack Vaughan doesn't agree to commit a heinous crime she will be murdered. As the owner of the Elite Security Group, Jack has a long history of keeping other's safe but will he be able to keep his own daughter safe against this threat?

Barb McKinley says

FUN BUT PREDICTABLE

The stories were good and I enjoyed each one. The biggest problem was the editing. It was terrible and the Author should take the time to edit before releasing the books. It was annoying and distracting at times to have to figure out what the word was. I liked the stories but there were big problems.

Andrea Gillan says

Fabulous boxset

Well Ms Kendrick has done it again. This was a gripping boxset full of hot guys who will stop at nothing to get the job done. Oh and they also find love along the way. Truly great reading

Traci says

Great read

As usual, this author provided wonderful, exciting stories. Always love her books. Great characters, exciting stories.. toucan put them down, till you're done. Another excellent job.

What a delightful set of books. Loved every minute. Would read again 5 stars

Vaunda Giberson says

Loved them

Loved the books and the characters. Some proof reading for errors but still very good books and hoping to find #6.

Deborah says

Elite Security

It took awhile for me to complete this six books set. Initially I felt the series would be mundane. Gratefully, as the series progressed, the characters grew on me. The stories weren't original but they were still entertaining.

luayne says

Did not finish

Read three of the novels. Then only read the last chapters of the others. Typical plots for this genre. Most men ex-military and law enforcement. Happy endings. Pretty simple reading. Used Kindle Unlimited, thankfully.

Yolonda Martin says

Review

The stories were entertaining but i was dismayed by the amount of misspelled words, some of the grammar and punctuation.

Sherri says

Proper editing is imperative! This series had potential but really missed its mark.

I liked the characters and premise of the series; but after a couple stories it got predictable. He meets the girl, she gets in trouble, a rescue occurs...each book had the same premise. My main issue was the editing! Whoever the author used for editing should find a new job. Spell check was invented for a reason...would have caught a lot of the errors. Plus there was misused words, character names were mixed up and I felt like some lines were just repetitive. This series had potential but really missed its mark.

Irene Marshall says

Mediocre

Not one of the best compilations I have read and at times was somewhat boring. Each of the books was very similar and had pretty much the same theme girl in trouble big alpha male coming to the rescue the only one that was slightly different was the last. They're were also so many mistakes that it became frustrating, grammatical mistakes words used incorrectly names gotten wrong etc. Not one of the best reads at all.

CHANDRA FIELDS says

Chandra's Review

This was a awesome series to read! I enjoyed reading each book! It was full of love, romance, intrigue, and mystery! I would definitely recommend this series read! ????

Jenny Klein says

Protection

I absolutely loved this series of books, storytelling seems to come easy for author Kendrick. So easy to get hooked on all the characters and their work.

This author needs spell check, and a couple of editor, reviewers. There were tons of typos, words blended with no spaces, and in two of the books, she got the wrong names of the characters, sad to see since she has

great talent in writing.

I thoroughly enjoyed these books. If you can get past typos and editing issues, you will enjoy the stories.

Cindy says

A fabulous series filled with romance and suspense. Love the support, comradery, the quick witted banter of these Alpha men of Elite is truly remarkable. The strength and determination of the women that they are matched with is admirable.

It's nice to read a story where the women are shown as strong and independent but also willing to be supported and protected by the men they love.

Loved this series! Would have loved to read more of this great group of friends.

Amber Robertson says

Overall Great book!

I really liked the storylines and the characters. I always love when each book brings in the main character from each story.

My only problem with this book is inconsistency. Basically the author made changes for things like a truck being a car later in the story, or the bad guys name changing.

Also the editing just didn't happen. Spacing, words smashing together etc. I still enjoyed the book but those things did distract and confuse me in some points.

Janette Magnuson says

Great story about the crew that work for a security firm

This is a series of stories about an Elite Security firm that provides personal security to different high paying clients. All of the guys working end up falling for different women. Their dialogue are real and made me laugh as I read the books. Got it thru KU...
