A great ending!

So far I'm enjoying the King series. I loved this book. A great ending I didn't see any of it coming! There's quite a few spelling and grammar errors throughout, which spoils my reading trance but overall it's a good story and I'm looking forward to starting the next.

Outstanding.

I adored Bear from the start, his first meeting with Thia? Just like Bear. This story definitely has some unexpected twists, but so worth reading! PREPPY!!!!!!

Mary aka scooby says

A must read . Bear has left. He is no longer a mc He lost since all that went down. He gets a call bout his ring and Thia dumped on King doorstep from Gus. He feels he has to come back and take care of business before he gets lost again . Thia has lost all she holds dear and she needs bear help to fix it . When she went to bears place she got beaten and abused then moved to another compound . I love to see old friends and new ones This is a fast pace mc, gunfighting with a lot of twist and turns with a few betrayals. This series just gets better. I can't wait to read the next part of this story.

So good

I loved these two books. Bear's and Thia's story was great. It was suspenseful and hot. Omg and the little twist and the ending! Oh can't get over it. It looks like I need to move into the next two books.

I would give this book 10 stars if possible! I absolutely loved Bear and Thia's story and I couldn't believe how it all came together in the end. I can't remember the last book that had me gasping out loud as much as these two books.

I would highly suggest buying these as a bundle because once you read Lawless you are going to have to read Soulless!

AWESOME READ

I chose 5 stars because the plot, the emotion and everything in this book was written so well. I can't wait to read more.

LAWLESS(KING #3)BY TM FRAZIER

I have been so excited to dive into Bear's story, and I have to say I have NOT been one bit disappointed! Ms. Frazier has definitely hit the mark with Bear's story also. I was sucked completely into the story from the first page! A lot of times with series, once there are already 2 great books already released, the ones that follow tend to lack in a lot of things. But that is definitely NOT the case with Lawless! It contains all the amazing features that both books from Kings Series contained but it all is Bear's story. Another that shows great artistic skill is that there is nothing repetitious throughout Bear's story. We are not just reading "King's" story all over again, just replaced with different characters. Ms. Frazier has a very brilliant mind and amazing storytelling ability. The only similarities in these two characters stories are, how well written both story-lines are. The story line of Lawless flows effortlessly and consistently. As I read this book I felt like we went from 0 to 60 in like 6 seconds and we kept up with that same speed and drive right straight through to the very end. It was so filled with action, emotion, drama, suspense, adventure, angst... Not once did I ever feel like the story line was ever stalling out or feel like it was forced, it was just enthralling! In the first 2 books we get a real good feel for Bear's character, or so I thought. But once you start reading Lawless we realize that Ms. Frazier just fed us enough information on Bear to make us just have to read his books once they came out. Because the character development in Lawless takes us to a whole other level in Bear's life! All that being said, I have book 4 that is screaming at me, so off I go.

SOULLESS(KING #4)BY TM FRAZIER

WOW!! Now to try to explain that 3 letter word to everyone without spoilers... If you love a story that drags you through the woods, the mud, the rocks, hot coals, up hillsides, over mountains, across broken glass...all of that, and leaves you with your mouth hanging open and WTF running through your mind, I suggest you get to reading and make sure you start with book 1 of this amazing series! These books NEED to be read in order! If I had known about The Dark Light of Day before I started the first book, I would have read that before, but I am going to read that now. That is Jake and Abby's story. But it won't really be a big deal I've been told. A LOT happens in this book. As are the first three books, book four is as well written as they are. Ms. Frazier just continues to amaze me. She has the story-telling mind of a genius! The story just continues to flow from her mind through her fingers and onto the computer screen! So many times when reading a series, once you get 3 or 4 books into it everything starts feeling a bit repetitious and a lot of things just kind

of fall short but not so with this series. There is a lot of action (some really over the top) in this book, but I do not feel that any of it takes away from the book. I mean, hello, isn't that why we read books? We want to escape...well my thoughts are, in between the covers of a book, anything can happen! When I read, I don't want to read about an average life of an average character! I want the hype, I want the over-the-top stuff! And even the over-the-top stuff that is in this book, Ms. Frazier did one hell of a job selling it! She gave us all of that stuff, a HEA AND she left us with a jaw-dropping WTF? Kudos to you once again Ms. Frazier!

5 star

I was pulled right into this story. The story has laughs, murder, bikers, grief, loss, betrayal, drugs, pain, abuse, and heartbreak.

If you have not read the below I would recommend reading those books(s) first

King (King, #1)

Tyrant (King #2)

This is Thia and Bear's story. Thia and Bear met years ago and Bear made a promise to her. When her world comes crashing down Thia looks up Bear. But when she is pulled into his world she is not expecting what happens next. Once Thia learns the truth about the promise will she walk away? Bear is a different man than he was years ago. Can Bear keep a promise to Thia that was really just a story? Will he be able to protect her from the danger that is after them? Or will he leave her to fend for herself? Can he offer help to her when he just might be the one who needs help? What happens when danger comes for them will they survive to fight another day? Someone is about to rock their world will you see it coming? Yes this book ends on a cliffy but it's expected if you have read the series.

I loved these characters and also the side characters. There are some tear filled moments and some anger filled moments in this story. But all in all I felt I was able to connect with the characters and the story was a great read.

You get a sneak peek at the next book and can I just say I need that book now?

I highly recommend this book and can't wait for the next story from this author.

5 star

If you only read one book this year make it this one!! You will not be disappointed!!

I was pulled right into this story. The story has laughs, murder, bikers, grief, secrets, loss, betrayal, drugs,

pain, abuse, and heartbreak.

If you have not read the below I would recommend reading those books(s) first

King (King, #1)

Tyrant (King #2)

Lawless (King #3)

This is more of Thia and Bear's story. Bear is in jail and Thia has a new friend who doubles as a bodyguard. As time passes Thia wonders if she will see Bear again. When Bear gets out some people will prove to be loyal and some will prove to be betrayers can Bear figure out who is who before it's too late? When Bear loses someone close and secrets come out will he be prepared for the outcome? Just how far does the betrayal run? Will Bear be able to deal with the grief and the pain? When the one thing Bear loves down to his soul is taken will he be able to get it back? Or will he lose part of himself when he tries for revenge? Is this the end or just the beginning?

This author always manages to throw in a few surprises with her stories but really some of the surprises in this story are some of the best!! I am sure if you read you will understand just what ones I am talking about.

I loved these characters and also the side characters. There are some tear filled moments and some anger filled moments in this story. But all in all I felt I was able to connect with the characters and the story was a great read.

I highly recommend this book and can't wait for the next story from this author.

Another amazing book by an amazing author .

I loved Bear from kings two books as he won my heart . His book is even better and the twist in lawless is epic .

Thia is great too and I was happy she ended up with Bear . But I want a Wolf book now please as I loved him too .

And be warned there is one hell of a surprise .

Reading with 2 book lovers says

Such a great deal to get these 2 fantastic books in one.
