*an alternate cover edition can be found **here***

Golden Vampire Paolo Monteleone begins raising a son he did not know he fathered, after the murder of the boy's mother. He meets a beautiful human college professor, Carabella Sampson, at a Halloween costume ball. She is an expert on vampire lore, but doesn't believe in their existence. Paolo dresses up as himself: a vampire.

A dark coven leader has targeted her for elimination, before she can reveal secrets of the Golden Vampire lineage she has obtained from an ancient book. Can there be a happily ever after if either his lover or his young son has to pay the ultimate sacrifice to protect the Golden Vampire race?

## **From Reader Review Mortal Bite for online ebook**

### **Leta Cates says**

#### **Erotic**

I love the story line. Even the sexual escapades were explicit. Even though I enjoyed much of the book, I find I would have enjoyed it more with less sex. I enjoy books with romance and sex, too much sex can be as bad as not enough in any story. Ms Hamilton has a talent for telling a story which would be greatly enhanced by respecting that talent by expressing sexual encounters with class and dignity. Raunchy can be classy!

---

### **Sandra Nelson says**

#### **Loved it !**

It is so exciting when an author dramatically expands a genre. We got this with " Harry Potter " and " Twilight ". Now Sharon Hamilton has done it with her series about the ' Golden Vampires of Tuscany '. Must read it.

---

### **Rachel Salzano says**

I admit that I didn't read the first book before this one, and maybe that was part of the issue. But this book felt really disjointed as I was reading it, and didn't seem to flow well, at least not for me. Perhaps if I had read the first book it would have been different because I'd have had better background, but as of right now, I am not impressed.

---

### **Patty says**

#### **Interesting**

This book brought forward some concepts I had not heard of before. One thing that all vampires books seem to excel at is the vampires immense enjoyment of s\_\_\_. I am a bit disappointed with the end of the book as I feel there are still several questions that need to be answered.

---

### **Sassy says**

FABULOUS!!!

Another amazing story in this second book in the 'Golden Vampires of Tuscany'.

Reading so many books in many different genres, I loved the way Ms Hamilton has written a prelude to remind us of what occurred in the first book in this series, "Honeymoon Bite" This book continues on with the story of these hot, sexy Alpha-Vamps that are also so warm, loving and protective of their mates.

Sharon Hamilton brings to you a totally different spin on the everyday vamps stories that are out there. These are definitely not your regular vampires, oh no!! There is excitement, intrigue, mystery, betrayal and hot, steamy romance that will leave you blushing! I love the new characters that have been introduced in this book with some good guys, bad guys (maybe some of the bad guys aren't so bad at all) and even some hot, hunky SEALs thrown in for good luck. I cannot wait to learn more about them all in the next issue.

Speaking of SEALs, I absolutely love Sharon Hamilton's "SEAL Brotherhood" series as well. Check them out!

I highly recommend all of Sharon Hamilton's books. She is on my Auto-Buy list!!

---

### **Dorothy Zeason says**

#### **A New Vampire Species**

I really enjoyed this book. The Golden Vampires are not just the ordinary run of the mill vampires, but have their own back story, which is fascinating. I love the fact that the Golden Vampires are humanized, without the blood and gore of the early vampire stories. Sharon Hamilton is a thoroughly enjoyable author.

---

### **Lori Feldpausch says**

Loved, loved this book!! There's only two in the series as of now! Hoping there will be more in future!!

---

### **Tina says**

It has taken me ages to read this book, and although it has great reviews this book did not hold my interest. The idea behind the story was ok but I found it a bit boring, and although I liked the characters, I found Paolo lacking, and Carabella kind of annoyed me. I found myself wishing the book would finish which is a shame as I love supernatural reads.

---

### **Linda Anderson says**

#### **Love It**

It was totally different than any vampire book I have ever read! I love Sharon Hamilton's imagination! Totally different in the vampire differences. The love story, mystery and family!

---

## **Karlee says**

Carabella is a professor at a university in which she teaches the mythology of vampires, a creature she doesn't believe is real and if they were thinks they're monsters. She meets Paolo, a vampire and the two fall in love with one another. But a threat is looming and when Cara discovers a book to help her research, it could very well kill her. She learns what Paolo is but his brother Marcus takes her memory away. Can Cara still be protected even with her not knowing now that vampires are real? I loved the connection of her and Paolo have and how they had to fall in love for the second time. I wish there was a third book in this series, I really want Laurel to find her mate and to learn if a golden can ever have two fated mates.

---

## **Karen Roma says**

Sharon Hamilton introduced readers to the Golden Vampire Legacy with Honeymoon Bite, and while I thoroughly enjoyed this book I was unprepared for the absolute brilliance delivered in book two - Mortal Bite.

Not to spoil things for anyone who hasn't read this series yet, but Honeymoon Bite revolved primarily around the two main characters and the action and drama was essentially of a personal nature.

Hold on to your seat when you read Mortal Bite! Ms Hamilton has raised the bar in this second instalment of the Golden Vampire Legacy by thrilling readers with copious amounts of action, intrigue, suspense, supreme dominance and a fractured romance all thrown into the mix.

Where Honeymoon Bite was a captivating romantic introduction to the Golden Vampire Legacy, Mortal Bite grabs you by the throat with such force, it dares you to try and pull away.

Congratulations to Sharon Hamilton for providing readers with one of the best sequels in a series I have ever read. Mortal Bite well deserves a place alongside other Vampire series by authors such as J.R.Ward, Lara Adrian and Alexandra Ivy to name a few.

I can't wait to see what Ms Hamilton has in store for book three and pray she doesn't keep us waiting too long!

## **Sue Davis says**

I WAS GIVEN THIS BOOK FOR AN HONEST REVIEW AND THIS IS MY HONEST OPINION ....  
OVER 18 READING

SHARON HAMILTON HAS CREATED A TERRIFIC SECOND BOOK TO HER GREAT NEW SERIES  
!!! ANOTHER MUST READ VAMPIRE BOOK, October 12, 2015

Book one of Sharon Hamilton's Golden Vampires Mainly was about Anne and her Vampire Marcus, with their personal problems solved, and a year later we get to center on Paolo Monteleone (Marcus brother) and Carabella Sampson (a collage professor in legends and mythology expert in vampire mythology). After meeting her at a Halloween party where she was a angel and he was a vampire, who tells her to tell him about her vampires. But when her vamps contain words like despicable, repulsive, pure evil,steal kids, he was hurt very much. But having had his fated mate he didn't think she was a fated mate but someone he could care very much for, even love (having already had three human wives, that he stayed with till there deaths) . We have a dark vampire Dag Nielsen, with some crazy ideals and not to much concern for humans other then torture , but he is looking for a book, a special one of a kind book from 300 AD . Carabella has

received a book she bought from a dealer in Prague, then finds her assistant killed in her locked classroom, gets attacked herself a couple of times, has her mind wiped and it is the wrong book. There is so much wonderful stuff happening that you will be saying "What's next?" more than a few times. I can't wait till the next book which I hope is about Laurel and I kind of hope Praetor and if they can't be fated, I hope each gets a book and finds their fated mates.

---

## **Marie Fawcett says**

### **Last chapter is rushed**

The story is good. I would even say I want to read the next until I read the last chapter or 2 and it put me off. She changed the heroine's personality. It made no sense. It was so out of character I thought I'd missed a few chapters. Sadly I won't be getting the second one to this series if the author is just going to rush the ending.

---

## **Susan Jackson says**

Actually this is a DNF for me mainly because I had issues with him glamouring Cara. He "couldn't help it" sometimes and that became a consent issue for me. Yes Cara was attracted to him but every time he did the glamour - it felt weird and I couldn't get past it so I decided to stop reading. Also the story wasn't so compelling to get me to read to the end.

---

## **Kath says**

This was a 5+ Star book for me, the second book in The Golden Vampire Series, the first was a very enjoyable story. However with *Mortal Bite* Sharon Hamilton has taken the storyline in a new and intriguing direction and really upped the anti. This was very well written, action packed with a war brewing between the Golden and Dark Vampires as one seeks for domination over the other. Amongst all this we have Paolo Montelone so lonely and looking for love, a chance encounter with Carabella Sampson, at a fancy dress party sets the story on fire, they have an instant attraction. However, Carabella's profession and fascination with vampire mythology lands her in a very dangerous position. The introduction of some wonderful new characters, continues to keep the readers interest and will keep me coming back to read more, Lionel Jett especially. Adding to all that, mystery, passion, lust and hot sizzling romance this had everything a reader could want in a book.
