**Night After Night...** Kathy Lyons  
*He's the man of her X-rated dreams...*

Schoolteacher Christy Baker has just had a naughty dream. A hot, intense and *fantastically* sexy dream. The next morning, however, Christy learns that the delish stranger in her hot little nighttime romp isn't some random guy—he's her neighbor!

Lt. Jason White has been enjoying naughty dreams, too. In fact, they're the exact same ones. Somehow, he and Christy are having mind-bendingly hot sex while they sleep! But dreams are mirrors into the soul—and Jason fears the mysterious bond he shares with a woman he hardly knows...no matter what the chemistry.

The only solution? To break the connection for good...by turning those haunting dreams into mind-blowing reality!

## **From Reader Review Night After Night... for online ebook**

### **Desere says**

Two strangers sharing intimate dreams and one getting all freaked out about it ~~~~ good not ask for a better plot . This book rocked from the start go. The passion,drama and just all too delicious intencity of it all was simply put BRILLIANT!

I loved every minute and could not stop reading, it is not everyday a ones gets to read about naughty dreams that needs to be re-routed to real life ,ok no that is a lie there are plenty of books like those but not with the seriously sexy writing style of Kathy Lyons!

The characters were absolutely wonderfully created and the scenes so hot and passionate that I wanted to go out and grab my very own Lt. Jason White!

5/5 star review

### **Melanie says**

Going into this book, I was looking for a quick, fun read to help fill my time during a 2 hour plane ride. Generally, Harlequin romances fit this bill, with the Blaze line offering a slightly steamier read.

I had read a HB from Kathy Lyons before that I rather enjoyed as it was an entertaining story with more heat than even most Blaze books, so I decided to give this one a try. Well, it wasn't terrible, but it was a rather lackluster story and not as steamy as I was hoping/expecting. All in all, quite a forgettable book.

### **Melinda says**

Night after Night by Kathy Lyons is about Christy and Lt. Jason. Two strangers who happen to share the same naughty dreams. A case of dream walkers but they go from naughty sexy fantasies to actually being the break through that helps Jason as he deals with PTSD and a case of memory loss. A hot and steamy read that will leave you believing in happy endings.

Audiobook: Gabra Zackman as a narrator, there is something about her that throws me off. The book was a

fun fluff read at the beach.

---

### **Christina says**

The book is exactly as the description says...I rather enjoyed it. A sexy Marine??? Ummm only my favorite type of man in uniform (ties with firefighter), so that is definitely a bonus. He has gorgeous blue eyes & a crazy, to die for, ripped body?! Ummm, can you say YUMMY?! The heroine's name is Christy??? That's my name!!!! So it's like he's talking and doing all those naughty things with me!! Ummmm, yes please! Good book for me :)))

### **Katherine says**

This was a really fun read. A perfect Harlequin Blaze. The hero and heroine were both likeable, sexy and just flawed enough. There was a little angst, not too much. I devoured it in an afternoon. I highly recommend as a perfect beach read.

### **Alicia Jespersen(BehindThePicketFence) says**

“Night After Night” is a military/handicapped Harlequin Blaze romance. Let me just say, the description says it all. Lt. Jason White has amnesia and Christy Baker has some kind of genetic disability that affects her joints. When they are both sent to Hawaii things really heat up. Not only are they sharing X-rated dreams but they’re also sharing a duplex that is connected via the kitchen.

Christy doesn’t realize that she is sharing a kitchen with the man of her dreams, literally. As she’s doing her usual morning routine she bumps into Jason. Consequently she drops her towel and her bowl of cereal. This, of course, starts the interesting part of Kathy Lyons “Night After Night.”

The only time Christy isn’t in pain is when she shares dreams with Jason, but unfortunately it isn’t as relaxing for Jason. He is forced to relive getting blown up by an IED while dreaming with Christy. Now don’t get me wrong, there are plenty of sex-ilicious dreams and kinky sex scenes in the waking hours as well!

I found that the relationship between Christy and Jason is one of special circumstances. The shared dreams bring the two of them together, and once they get closer things really get interesting. The fact is Christy is trying to help Jason get his memory back, but once he remembers what’s missing he will get shipped off to the other side of the world. Eventually this causes some serious emotional restrictions between the two of them. This story has the typical on, then off, then on again relationship between the main characters. Surprisingly enough, Ms. Lyons does a wonderful job in keeping the reader interested during the off times.

One negative thing I have to say about this book is that when I was reading it, I found myself thinking, “Come on just get your memory back already!” All of the tension you get from Jason in this book gets a little repetitive. Other than that I found this book to be a fun and quick read. I must say it would be the perfect summer time book.

So if you enjoy reading books with Alpha males then “Night After Night” is definitely a book for you! This book comes with some seriously kinky and steamy sex scenes and a very modern happy ending!

You've been warned,

Download & Devour!

### **Laura Breck says**

I really loved this book. It was one of the better Blaze novels I've read lately. Christie and Jason share erotic dreams (which does happen in real life!) when they're billeted together in military housing in Hawaii. His need to find his lost memory, and her need to have a wild summer fling are at odds with each other, but the dreams pull them back together...Night after Night. Really well written. Kathy Lyons is a new must-read for me!

### **Sassafrass says**

I listened to this on audio, but I just have problems with Gabra Zackman as a narrator. There's something about her timing that throws me off. I thought the story itself was cute with the paranormal kind of twist to it, but I just couldn't love it because of the narration.

### **Melissa says**

Quick afternoon read about Christie a school teacher with joint issues and Jason a wounded Marine trying to recover his memory. They share a kitchen on a Hawaiian base and sexy dreams. Characters are well written and the story isn't over the top with extra angst that some romance novels are prone to have.

### **Kristen says**

I just loved this book!

The characters were very likable and realistic. I enjoyed the dream aspect of the book which was a delightful surprise. What a great way to develop a relationship and solve a problem. As a vivid dreamer, our dreams have their own way of giving us messages and I loved that the author worked this into such an enjoyable story!
