Omega's Deception

Lillian Sable

Omega's Deception Lillian Sable
She never wanted to be Omega.

Ianthe keeps her freedom because her dynamic is a carefully guarded secret. Omegas are rare and highly prized, but they have no rights. An Omega is the property of whatever Alpha is strong enough to claim her. Ianthe toils in the slums, pretending to be Beta, so she can hide from a world that wants to make her a pet in a gilded cage. Legion, the Alpha and brutal cartel boss, believes her to be Beta. When he discovers her deception, nothing will stop him from claiming her.

Omega's Deception is the first in a brand new series, featuring an over the top Alpha hero in a dystopian world. This book is for anyone who likes their romance with power exchange and a splash of darkness, especially fans of Addison Cain, Zoe Blake and Loki Renard.

Suzie says

not for me - i tried - not my thing at all

Set says

[Ianthe works in a cafeteria in the slums with her family although she is not slum born but rather middle class born. She tries to make ends meat for her sickly kid brother and disfigured sister after the death of her parents. Ianthe is forced into a relationship with Legion when she catches his eyes and cannot contain the secret of her dynamic. (hide spoiler)]

Manzè says

BDSM Story Marketed As Omega

Annoying because I don't read spanking for the sake of spanking stories and wouldn't hv picked up such a book. And the « detached, calculated » hero... ewww... No, thanks.

Jamie says

As a huge fan of m/f omegaverse, this first book was a great indulgence into the genre.

Insofar as the story, the class structure is organized on the basis of being alpha/beta/omega. However, what I found to be interesting is the way in which the rights of omegas in society are explicitly addressed. Though I am looking forward to more world building in the future (cant wait!), I found the descriptions of the literally hidden away and basically encaged lives of omegas in this society were quite interesting, especially because the society at large has accepted the caste system and its members aren't somehow drugged or misinformed as to their worth or value as betas or omegas.

Legion is a ruthless alpha and yet his cool attitude and the "I'm going to get what I want because you're going to give it to me" attitude throughout the story is unexpected. Though it is very clear that he desires Lanthe, readers can tell that his main priority is asserting his authority and maintaining his cool... I really hope we get to see Lanthe breaking through his cold resolve! With Legion's demeanor in mind, Lanthe's naive, innocent air contrasts starkly so as to make her moments of helplessness are all the more impactful. Ultimately, I was pleasantly surprised by this quick read and highly recommend to all omegaverse readers!

Karen Janet says

H already fucked omegas so it's like h (being one) it's another fuck for him, nothing special nor romantic.

Lilo-a says

Didn't finish

Nothing particularly interesting going on here. Just bad BDSM “scenes” strung together. It’s a trashy, not particularly good, short story.

Jeanny says

Extremely short & absolutely meh.

Jacqueline's Reads says

4 Stars

I started to dabble in this “Omega” world. After reading Addison Cain books, I took a shot with this one. This world is the same, but tamer and less steamy. Don’t worry there’s still smut and steam, but I would say it has more world building.

Ianthe is an Omega, but she’s in hiding. She’s working to put food on the table for her sister and get medicine for her younger brother. But if she sells her body for one night she can have enough food and meds for a year.

Of course the girl does it.

I liked that Ianthe has to hide herself and of course the Alpha that seeks a night with her doesn’t have sex with Betas, but there’s nothing wrong with playing with them?

I liked the pace of the book and the story I was presented. It was an easy read and it hit all the right spots. I’m glad to be sucked into a new series!

Melody78 says

I enjoyed this book

This reminds me of Addison Cain’s omegaverse novels. Not as violent as of yet, but similar. I am very much looking forward to the next one.

G says

Read in KU.

Caution for those readers who don't understand the Omegaverse world as some things will put you off forever. Not for the weak-hearted.

Ianthe hates the society that she and her family find themselves in. With old Earth decimated and new Earth bringing forth a new breed of humans who are now either Alpha Status, Beta or the worst Omega. For her being Omega is a life sentence, one where society says her trait has no rights and will go to an Alpha. Hiding her nature has become second nature, and her sister helps after her parents being killed years earlier. However living in the slums is no bed of roses and to get money to move up, buy her suppressants and medicine for her brother, she caves in and go to Eros.

When she catches the eye of the Alpha Legion, her pretense of being a Beta is in trouble, but she has no idea. With his power he sends his second to determine the truth. Will her lie be the cause of hr family downfall and her own, or will she outsmart this Alpha.

Get caught up in this addition to the Omegaverse books. I liked it and if you are a reader of these types some things in this seems familiar. Read on and be entertained.

Patricia Hoffstaetter says

This is the first time I have read a book by this author and I found this book to be an extremely intriguing & mesmerizing MF omegaverse Sci-Fi romance and a pleasure to read.

The plot is suspenseful and set in a futuristic world. It is well-written with characters that have individual personalities and are well-practiced in the art of deception.

It is about a young female omega (Ianthe) who is desperate to look after her sister & brother and would anything to help them. She is later found out by an alpha (Legion) and promptly claimed.

There is: alphas, betas, omegas, intrigue, suspense, twists & turns, drama, secrets, deception, memories, chemical cocktails/suppressors, offers, dislike, desperation, deceit, guilt, threats, spanking, submission, domination, devious plans, a set-up, consequences, heat, shock fear, dismay, choices, claimed & steamy scenes.

I thoroughly enjoyed reading this book and look forward to more from this author. I would recommend this book.

Angelfaye101 says

CAUTION: Read only if you have Kindle unlimited.

Grammar is great. Don't recall seeing any spelling errors. I completed this novella in about an hour. Great storyline and start to a new series (definitely getting Addicain Omegaverse vibes). I rate this 4 stars because I can tell that this is going to be one of those series where the author writes a series of an undermined amount of novella-length stories whereupon the end of the series the author will eventually combine all the novellas into one novel the way it should've been in the first place. This was a pretty good story and I look forward to

the next one, however, I only recommend if you have Kindle unlimited. Otherwise you'll have spent far more money on this series than you should. I recommend Addison Cain's "Alpha Claim" series for those of you interested in the Omegaverse ?genre/?style (not sure what to call it ?????).

SBee Reviews says

~ The intriguing new dystopian world of Pandora ~

Ianthe is the sole breadwinner for her siblings, the only one physically capable of earning money, albeit meager for their needs. When she is offered a means out of the blue at the cafeteria she works, which would go a long way towards surviving in the slums of Pandora, she takes it. After all, it was only for a single night at an exclusive club catering to the elite Alphas. However, Ianthe is hiding a long-kept secret, one which would be disastrous for her and her family.

Alpha Legion Aristophus has not gotten to his particular position of control over the city by standing idly by. Something about the woman he met that night was pulling him to her, and Legion is driven and determined to find out what that is. She is more than she seems, and her beautiful response to him spurs a hunt for all the details of her life. The truth of which, may be the ultimate prize for him.

A brand new Omegaverse world has been created by this new author, and I look forward to reading more of this author's stories!

Debra says

A pretty good Omagaverse book:))

Katie says

Another great series to add to my collection of dark Omegaverse books. I first started reading m/f omegaverse books 2 years ago. I now am rarely shocked, and read a lot of dark books of this genre. I was cautious when I started reading this. I expected this to either blend in to the mass plethora of my collection or fall short and leave me disappointed and bored. I am so happy I took a chance and read this. It is now on par with my favorites of the genre. I am on my second read and still mad at the cliff hanger. Luckily I don't have to wait too long for book 2. The book starts out with humans who are either Alpha, Beta, or Omega dynamic. Alphas are the rulers of a dystopian society and Omegas being rare and highly desirable for breeding. I love the Heroin/main character and started to sympathize with her almost immediately. I became so addicted to this book I would sneak and start reading it at work, and finished in right after I got home. I am so happy I gave this author a chance, and was very surprised at the depth and investment I had in her characters by chapter 2. I now have a new author to add to my auto-buy list.
