Indispensable para cualquier emprendedor y líder que esté en el camino del éxito y del liderazgo, se señalan conceptos muy importantes y algunos otros también que sirven para reforzar lo que debes saber acerca del éxito en tu vida ya sea personal y laboral o hasta en las relaciones con las personas. Habla mucho sobre todo, sobre el fracaso, la responsabilidad, la zona de comodidad y las personas en tu vida. Es muy corto el libro tan solo de 99 páginas, pero tiene un contenido muy conciso y que aporta mucho valor, John Maxwell con esta serie de libros ha podido ejercer un cambio significativo en las personas que buscan el camino a la mejor versión de si mismas.

“Piensan que para ser exitosos, deben igualar la fortuna, inteligencia, belleza, capacidad atlética, habilidad para los negocios o imaginación de alguien reconocido. Imaginan el éxito basándose en otras personas. Pero si tratáramos de parecernos a otros, sólo seríamos una mala imitación y perderíamos la oportunidad de convertirnos en la persona que debemos ser” El ABC del éxito de John C. Maxwell

Pretty interesting book, which covers a lot of aspects of leadership and success. I totally agree with the author that this is more like the introduction to the more fundamental works of J. Maxwell. I, personally, would call it rather brochure than a book. Anyway, doesn't matter whether you have already read some books about personal development or you are just a beginner, the book is definitely worth reading.

Listened to this while raking leaves this afternoon. Sound principals, puts the emphasis on character & work ethic.

### **Haley H says**

This book is the perfect one to help you be on the path to success, it makes you realize how we normally picture success. Which is all wrong. Then how to help you identify your purpose, grow to your potential, and the last think is that the key is helping others. One of the quotes that was in the book I love was by Danny Thomas who said "Success in life has nothing to do with what you gain in life or accomplish for yourself. It's what you do for others". In the series of What Every Leader Needs to Know I have loved all them and will

continue to read them, and strongly suggest them to other readers.

Another nice compact resource from Maxwell's 101 series.

### **Blain Dillard says**

Like any Maxwell book, it's chock full of highlightable quotes and quips and stories. This was a short one, and since I listened while walking, there was no highlighting involved. But it was a good set of basic blocking and tackling advice for anyone wanting to succeed in family, life, or career.

### **Russ says**

This is my favorite of the 101 series so far. I'm not sure why exactly - there are good reminders of success being a journey, and failures as well. Nothing earth shattering, but a lot you already know repackaged in the way that only John Maxwell does. Definitely worth reading.
