The Bedford Handbook

Diana Hacker , Nancy Sommers

The Bedford Handbook Diana Hacker , Nancy Sommers

The best college writers succeed because they practice writing, reading, thinking, and researching on a regular basis. *The Bedford Handbook*, Tenth Edition, fosters a culture of practice with how-to instruction for college writing tasks, with advice that allows students to pivot among disciplines, and with more print and digital activities than any other college writing resource. The tenth edition is our most practical ever. And because you have a wider range of college writers than ever before, the handbook offers more opportunities to personalize instruction and content. Adaptive quizzing, rhetorical grammar content, and a variety of flexible custom options make it easy to tailor the book to your students' needs and your program's needs in a way that no free Web content can.

The Bedford Handbook can be packaged at a significant discount with one of two innovative digital products. *Writer's Help 2.0, Hacker Version* is a complete online resource powered by smart search, which means students get the writing help they need even when they aren't familiar with composition terms. It includes full searchable Hacker content, diagnostic tests, assigning and tracking tools, more than 300 exercises, and LearningCurve adaptive quizzing. *LaunchPad Solo for Hacker Handbooks* is a robust practice platform with nearly 400 exercises, activities, and LearningCurve quizzes. No matter how you choose to use *The Bedford Handbook*, you can depend on publisher support for training, workshops, and the personal service you've come to expect from Bedford/St. Martin's.

Jessica says

A good reference book.

sologdin says

when I taught English to undergraduates years ago, this was often the department's preferred handbook. it's so abysmally philistine that my syllabus assigned it simply to critique it during class.

KaryC says

A must-have if you have questions on anything to do with writing mechanics
