A Collection of Bad Boy, Biker and Alpha Romance Stories

Featuring New York Times and USA Today Bestselling Authors. 12 top selling authors bring you 12 never-before-published Hot and Steamy Romance stories

Christine Bell - SWITCHBLADE

Michael Blade has always thought of Kaitlin Pepper as the irritatingly prissy girl next door, but when she mistakes him for his twin and shows up at his house wearing only a trench coat and a shaky smile, he starts to reconsider...

Bella Wild - BAD BOY BIKER

Jessie used to think being a parolee psychologist was her way of helping ex-cons get a second chance as they integrated back into society--until she met Jace. He's the angry, inked, biker ex-con who refuses rehabilitation and insists on getting under her skin.

Sierra Rose - FORBIDDEN

This is the fu---- up version of Romeo and Juliet MC Club style...imagine Juliet a pistol, and Romeo a sexy, bad ass with wicked tats....oh, did I mention there's lots of cursing, leather-clad bikers, motorcycles, and sex?

Lexy Timms - BILLIONAIRE BIKER

Katie's not your usual rich girl, and Morgan's not your typical biker. Falling for each other is inevitable, but what will happen when their worlds collide?

Dale Mayer - SALVATION

Beaten. Broken. Finished.

An abused wife meets the most unlikeliest of angels - a man who looks like the very devil himself. He won't let her give up. Nor will he let her go. Will he be yet another captor or will he become her salvation?

Lisa Ladew - THE BIKER'S SECRET TORMENT

He'd loved her for as long as he could remember, but he would never pursue her, because he alone knew he was responsible for the one thing she would never forgive anyone for. When she starts to pursue him though, he doesn't think he can keep his distance.

Cassie Alexandra - TAMING THE BIKER

After a short fling with hell-raising womanizer, Taylor (Tail) Adams, Lauren Macey discovers that she's pregnant with the biker's child. Knowing that the MC lifestyle isn't what she wants for their baby, and that Tail isn't exactly 'father' material, Lauren decides not to tell him. This proves challenging, especially when she realizes that he isn't ready to end their affair...

Tasha Lyons - BIKER BLUES BABY

Morgan and Jazz have dealt with most of the horrific problems that plagued their fledgling relationship, at least they hope so. But just as one horrific set of troubles falls away, another interesting one comes into play. Will they survive this one too?

C.J. Pinard - ANTIHERO

Can a street punk on the wrong path be transformed into a Special Forces killing machine? Once he's been "rehabilitated", Ellis Anderson is determined to show the woman he loves that he's nothing like both the lives he's left behind. But actions speak louder than words – and he has a lot of work ahead of him.

C.C. Cartwright - JUST LOVE ME

Justin can't get Sloane out of his head. He pushes her away for being his little sister's best friend, but now that she's filled out in all the right places, will he be able to resist the innocent, yet enticing woman she has become?

Bella Love-Wins - DOG

Kane is now top dog in the Rugged Angels MC, and has slept with half the eligible biker chicks in Tucson. He meets his match when Kim, daughter of his club's former president, just won't give in to his usual tricks.

Kylie Walker - INDECENT DESIRES

District Attorney Eric Steel is used to getting his way, and when he meets the new intern hired for his team, he wants her: preferably stripped

From Reader Review Sexy Bastards Anthology: A Collection of Bad Boy, Biker and Alpha Romance Stories for online ebook

Jennifer Lessard says

I have only read Taming The Biker by Cassie Alexandra currently so my review is based on that novella, but as I read the others in this Anthology, I will update my review to include those also. I received a copy of this in exchange for an honest review.

This is actually the first book of Ms. Alexandra's that I have had the pleasure to read, but I can say with certainty, that it will NOT be the last! I was worried that because this novella was being released as like book 4.5, that I would be lost in the story line or that the characters would be weak, but that was not the case at all. The story line flowed very well and the Prologue in the beginning of the book is very well-written and provides the reader with all the information needed to make sure the story line flows well and the reader isn't left wondering. Also, the H and the h of this story are obviously the main focus in this novella and the character development of these two is spot on. But what impressed me also, is the fact that even though this was a shorter book, the author still took the time to give us enough information on the secondary characters in the story so that I at least felt that they belonged in the story and not just tossed into the story line to add to the word count. The author made sure we had some idea who these characters were and how they fit into the overall story line. For this reason alone, I most definitely will be reading the first four books that are already released at this point. Amazing job, I look forward to reading more!

Colleen says

I will add more reviews as I read them.

Taming the Biker by Cassie Alexandra

I received a free copy in exchange for an honest review.

This is the first book by this author that I have read, but it won't be the last. Even though this is book is part of a series, you can definitely read it without having read the others.

I loved Taylor. He is a womanizer, but you know that under all that he is just a big softie.

I loved the interaction between Taylor and Lauren. You knew that they were made for each other from the start.

I am going to have to check out the rest of the series because this biker club seems to have some real personalities in it, and I think their stories are going to be interesting.

Kristine Piiparinen says

This review is specifically for the Lisa Ladew book The Biker's Secret Torment. This book was an amazing read. Not your typical all bad ass biker turned good guy. This is a guy you know is fundamentally a good guy who denies himself for years and goes through hell for his country. It will pull you in from the beginning and have you crying at the end because it is over. More, I say, I need MORE! If you haven't read anything by

Lisa Ladew or you have read only this book you will fall in love with her writing and be hooked like I am! I pre-order every book she releases, am a member of her email list and in general stalk her to the edge of the earth for more books! You will not be disappointed!

Caroline Barker says

NB. I have only read C.J. Pinard's ANTIHERO (Imperfect Heroes prequel, novella). My review is based on this novella alone.

As a fan of C.J. Pinard's work I have enjoyed every book, and feel that this author comes back stronger and stronger with each new story. If you enjoyed the previous military romance series, Duty & Desire, you will absolutely LOVE Antihero.

Ellis Anderson is given an ultimatum in his young life after being caught doing wrong with a bad crowd. His choice could define exactly what sort of a man he will become. Yet, from one troublesome background to one of violence and terror in the military, Ellis is finding it a little difficult to settle into a civilian lifestyle.

When he first sets eyes on Talia he knows he wants her. But after a couple of dates, he finds himself in a rut of only seeing her during the evenings, sharing in some mad, hot passionate sex, and then leaving before she wakes. Is this really how it will be? Is this their relationship? She never lets on if she does want any more than this. Could he even give her more?

“I wanted to “wine and dine” her. I wanted to show her off to the world and let her meet my mom and new stepdad. But I didn’t know how to broach that conversation. I didn’t know how to do anything but strip her bare and love her with my body and feel her body loving mine back. I always wished that would be enough, but with what little I knew about women, I just knew it wouldn’t and couldn’t be.”

In Antihero, the reader gets to hear both sides of the story; we read Ellis's thoughts about his current predicament with Talia, his powerful feelings towards her, as well as his concerns regarding his troubled past and how it affects him now. He tends to doubt himself; wondering if he'll ever be able to provide for Talia and her needs. Is deep, hot passion all he can offer?

Meanwhile, Talia struggles with fitting in her studies after a long day at work, especially as Ellis is quite demanding of her time. And yet, he doesn't do the whole boyfriend/girlfriend routine; they don't go anywhere together, and he obviously has some issues. But then again, she has some too. Maybe she should try and break free of him. They're just no good for each other. But, he's just so god damn sexy she can't say no!

Talia: “I’m a weak addict and he was my fix.”

Contemporary and military romance readers will find Antihero sweet, sexy, hot and fun, as well as having a serious undercurrent with two well-developed characters. I didn't want to put this book down, and it has left me wanting more! Being a short read it can easily be read in a day or two. It provides a great escapism as you find both characters in your head and don't want to let them go.

Will Talia decide to say ‘no’ once and for all? Or, will Ellis tackle his inner demons and show her how he really feels? Will it be too much for them both if his past raises it's ugly head?

The Antihero novella was provided by the author in return for a fair and honest opinion.

Mrs. Basketball says

I was given a review copy of the book ahead of time before it was published for an honest review. I'm all about forbidden love and was intrigued. The story sucked me in and I couldn't stop reading. Lena and Lucky were definitely a starcrossed pair of lovers. They've always been attracted to each other but stayed away because they knew what a nut her dad was. He was the president of a dangerous motorcycle club. And he hated Lucky and his biker club. They were forbidden to date. Lena knew her dad would have Lucky murdered if she ever started dating him. Caring for his life, she stayed away.

But after they graduate, they can't stop the passion brewing between them. Even still, Lena pushes him away after a heated kiss while they skinny dip. Lucky knows he should stay away. He knows she's trouble. He knows she's forbidden fruit.

Risking it all, they secretly start an affair. Lena is messed up, and so is Lucky. They both have emotional scars and raised by horrible fathers. They connect on a deep emotional level. Sneaking around, they get together whenever they can without causing suspicion.

I was troubled by the end. My heart went out for what happens. I think Lena needs to run away and leave that crazy family. I'm rooting for her. I think her grandma should take her far away.

I really enjoyed this book and have preordered book 2.

Anette says

This review is for "The Biker's Secret Torment," by Lisa Ladew. I'm a huge fan of the MC romance genre and I love the way Lisa spins this tale. Many MC books come off as super harsh, in that the bikers tend to come off as utter a**holes who treat women like crap until this magical female comes along and then somehow, there's a miraculous change in their demeanor but this book doesn't come off that way at all. Talon is sweet and loving to Crystal but still keeps that bad boy edge to the world, which I love. And Crystal? She's spunky and smart and is a great match for her "rough around the edges" biker. The story is edgy and fast paced with some great dialogue and some awesome action scenes. Oh yeah, and the love scenes? Love scenes so hot, you'll melt your eReader, whooo! Also, for fans of the Kink series, you'll recognize Talon as introduced from there and, in this one, we get to say a quick "hey!" to Knox, too. :) All in all, it's a great read! If you love romance, MC books and are looking for a new one you won't be able to put down once you start reading, you just can't go wrong with Lisa Ladew! Get this bundle, it's worth it just for this one!

Atlanta Whitlock says

So far I have only read Just Love Me written by C.C. Cartwright and as soon as I starting reading it I fell in love with it. It's been a while since C.C. Cartwright has released anything and I am glad for the wait as every time I read something written by her it's honestly amazing.

Just Love Me is written from the perspective's of Justin and Sloane. Justin has never really been the type of guy that sticks to one girl for a long period of time but for some reason as soon as his eyes meet Sloane's part of what he's like with girls goes completely out of his head.

For as long as Sloane can remember she has had a huge crush on Justin, it doesn't help that Justin is her best friends Kylie's brother. Even after all these years her heart still is fluttering for Justin and she hopes that in future time that she will have lost her virginity to him, but as soon as Justin finds out that she hasn't given herself to anyone he chooses to let her find the guy that is willing to treat her right.

Justin honestly can't make up his mind in what he want's to do about Sloane and even though his Kylie tells him that Sloane is out of bounds for him, he starts to become really possessive of who she goes out with. Sloane is starting to get fed up of Justin interfering with her love life and orders him to back out but she knows that even by telling him that it will just wire him up to continue more.

After spending five days together with his family Sloane is starting to get really confused with all the mixed messages that Justin is giving her. He keeps warning her away as even if he did get involved with her it would only be for a short time until he got bored. Even though Sloane knows that she's destined for heartache even by pursuing him she can't seem to get enough of him.

Will Justin be able to make his mind up about wanting to be with her or will he just hurt her. How will Sloane cope with the fact she may never get the boy she has dreamt of for years. This book is honestly mouth watering, you will want to know more as you will be drawn in. I also recommend you read the rest of this boxset so that you can find some new love for authors.

Heather says

So far the only one of this anthology that I have read is The Biker's Secret Torment by Lisa Ladew. Normally, I am not a big fan of MC romances but I do like Lisa Ladew's writing so I thought I'd give this one a try. For me, MC heroes are just too rough and edgy, way beyond just being a bad boy. But in this case, I thought Talon had just the right mix of edgy bad boy without being over the top. But then even he recognized he wanted more than just a life in the MC. Talon is the half brother of Knox from The Billionaire's Secret Kink but it can be read as a stand-alone novel.

ARC received in exchange for an honest review.

Linda Dockery says

Oh lord how me mercy, that's all I can say about these awesome authors, an their books they are fabulous. So much alpha male going on, sexy, hot guys . The ladies are gorgeous, an know what they want an who. They don't take no crap off these sexy as sin males. Each story is a work of a fantastic author. Everyone of them has their own unique touch when it comes to writing. Drama, love, sexual emotions. They just grab your hand an pull you right on in the books . You feel like you are right there riding on the back of those bikes with them sexy men. Take your pick there is plenty. I'm so in love with Michael, Talon, Kane, an Jace an a few more it's not funny. The title says it all.....Sexy Bastards, holy momma they are an then some.

Mercy what a hot book, Christine Bell, SwitchBlade is hot, sexy, romantic, fun read.

Kitty as the twin brothers, Michael an Rick call her. Rick is a Doctor an Michael owns a bike shop. They have both came home to settle their childhood home. It's been a yr since their beloved grandmother Honey passed away.

There next door neighbor Kitty has had a crush on Rick an wants to explore her options with him before he leaves the country. Only one problem mistaken twin.

Read this is an awesome book. Love it.

Bad Boy Biker by: Bella Wild

God Jace is awesome, he's sexy as all get out, bad boy alpha , helps his brother's of the motorcycle club. He goes beyond just the brotherhood of being an MC brother, this is like his own brother.

He takes the fall for his brother an goes to prison for ten years.

Jessie used to believe that with her job as a parolee psychologist was her way if helping the ex-cons get a second chance at life until she comes face to face with none other than Jace . He's inked, alpha male, biker.

All I can say is Bella is fantastic, Miss. Bella knows what people want an she has the imagination to bring her characters to life through her books. I have read the majority of her books, an she surprises more an more. This book is amazing, I love the way she writes it. She brings you right in the pages, There's some ups an downs but this is an extremely amazing story.

What will happen if they meet again, secrerts will be revealed. ..Oh my I can't wait to get book 2 ..Keep them coming Bella you are awesome

The Biker's Secret Torment by : Lisa Ladew

My, my, my, what an amazing story , Lisa is fantastic, she writes her stories with the reader's in mind, she knows what her peeps want to read. This book is about love, passion, drama an suspense. Trust!!

This is a story of one young biker , hot an sexy who has been in love with his best friends sister but knows he can't have her, so he treats her like a kid sister. He's keeping a secret that could destroy her if he told her an he believes he is the cause of it.

Things are happening an Talon has to go an get his best friends sister an his bosses daughter , after she gets attacked on campus. Her brother is missing an het father is the president of the MC Club an there are dangers ahead for them.

He puts his trust in Talon to bring his daughter home safe an sound.

Crystal finished class they left an then the drama started they are being followed an it doesn't look good. Someone is out for Crystal an they don't care who they take down with them. Things are about to get dangerous, but Talon is going to do everything he can to keep them safe.

Will they get to take the leap of love, what happened to her brother an what's the secrerts of her dad???

Questions , questions, read for the answers. Amazing book

Dog by Bella Love - wins

Hands raised in the air, Bella blows me away again. Her books are fabulous, interesting, eye opening an a rollercoaster ride sometimes.

Can you say Oh My God, she has the alpha male, hot, sexy, womanizer, he has had more than half the

women that comes to their clubhouse, from the bars, oh so much more.

This story has drama, agony, pain, chaos, tragedy, shock, ups an downs.

Kane became president of his MC Club, he took over from 6 months ago. The former president Banner, is his good friend. Kane finds out that Banners wife was killed. Banner says it's a sign they are showing their colors, so to speak. They are coming after Banner. Now Banner knows they are going to target his daughter Kim next.

Banner wants his friend Kane to go get her an keep her safe.

Kim doesn't care for her dad's MC Club or any of his men. Her mom did her best to shelter her from that. Her mom an dad were divorced, she knew what kind of man he was.

Kim heard from her dad an thought about leaving town, but didn't.

A loud group of motorcycles pulled up behind her car she didn't know if they were friend or foe. If she was going to live or die. Until she saw the badges an knew they were from her dad's club.

She saw Kane an he was sexy as all get out, she didn't care she wasn't going down the road her mom did. They looked at each other an neither was shy. Dang did she want him or didn't she.

He takes her to safe house or he thinks it's safe, someone is giving away their places an don't know who from the inside it could be.

Oh my heavens can you say HOT!! Oh yeah that's what it was fireworks for the moment they met.

Now they are being shot at the next morning something is wrong, someone gave them away. They are on the run just her an Kane they try to get away but things get in the way.

Danger is ahead for them, Lordy mercy will they make it out or will Kane fail her an her dad??

Remember this is book one book two is coming I'm waiting patiently for it.

Will they make it back alive or will forces stronger than Kane gonna keep them apart?

Does Kim, fall for Kane?

Do they find out who the insider is?

We gotta wait an see what Miss. Bella's imagination comes up with

Charlotte says

This is a review for Bella Love-Win.

You say you want a honest review well her u go.. I have read every book Bella has wrote from Sexy Firefighter, Billionaires Bad Boys, Sexy ass Doctor, and the Boy Next door and let not forget her New Shifter stories that I thought I would not like but fell in love with it in just the first few Chapter. But holy hell she just threw me through a loop with DOG 1. Hot! Steamy! and Kane is not holding back on anything... This story is about Rugged Angels Bike Club in Tucson and Kane is the President. When the former President of Rugged Angels comes knocking at his door one night needing to speak to Kane he can't turn him away. He knows something is not right and one look in his face says it all.

Kim is the daughter of the former president of Rugged Angels she hates her Dad with a passion she wants

nothing to do with him. He calls her to tell her that she needs to get out of town or let him protect her and she turns him away. Not taking her father seriously she goes on with her everyday things. Until one day a big biker shows up at her door and changes are mind with then minutes.

All I can say is WOW. I can't wait to find out what happen.

Rachel says

I received an ARC of Antihero by CJ Pinard in exchange for an honest review. This review is only for this novella.

When it comes to novellas I'm always a little worried that we won't learn enough about the characters background but that was not a problem with this book. CJ Pinard provided the perfect amount of information about Ellis and Talia to know their motivations and understand their actions.

Ellis and Talia had problems with communication but knowing what they both experienced in their lives made understandable rather than frustrating. Of course, I wanted to yell at them through the pages but that just means I was emotionally invested in them.

CJ Pinard continues to impress me with her writing and I look forward to the continuation of this series.

Brittany ~ BBD Naughty Book Blog says

This is a review for Antihero by CJ Pinard.

I received this novella as an ARC in exchange for an honest review. Antihero is told from the POV of Ellis and Talia. Ellis is an Ex-Marine who has a troubled past. He was pretty much forced to do at least 4 years in the Marine Core or go to prison by a judge when he was 17 years old, after committing a robbery with his gang. He chose to do 8 years and was medically discharged. Talia is barista in a coffee shop and a college student. She also has a troubled past, but she has overcame it. There is some miscommunications between the two of them, or more like lack of communication. They both want a relationship, instead they seem to have a booty call situation. In the beginning they were ok with that. Now they both want more, but each think the other doesn't.

I loved this story! I couldn't put it down. I was frustrated with them, happy with them, and sad with them. I felt everything I imagine they were feeling. My only complaint is that it's a novella. I'm not really a fan of novellas because they are to short for me and over to quickly. I usually try and stay away from them lol, but I had to read this story. I love C. J. Pinard and her Duty and Desire Series!! So I am super excited to see what other awesomeness she comes up with for the Imperfect Heroes Series! This novella and series definitely need to be added to your TBR and Must Read Lists!!!

Kirha says

I have only read Taming the Biker at present

I was given this Arc in exchange for my honest opinion.

Taylor didn't get the nickname Tail for a good reason. After being hurt in the worst way, he decided that women were disposable so he went through many frequently. He was very comfortable in his lifestyle until he ran into an old friend who made him want to change his ways.

Lauren's life was a mess, and she needed a distraction. Lucky for her she had to attend her sister's wedding where she runs into Taylor. It's been years since she's seen him and he still looks sexy as hell. Can one night of passion with Taylor save Lauren from herself and the demons that followed her home.

This is another wonderful chapter to the biker series. I enjoyed the banter between Taylor Lauren. She constantly tried to push him off, but Taylor had other ideas. Their story wasn't all hearts and flowers. Bad things happened which required the help of a few characters from previous books. It was nice to briefly catch up with some of the Vipers. I especially liked the part where the Judge was mentioned. I won't say what happened, but it made me laugh out loud. Great read!

Kirha

Cheryl says

This review is for the Biker's Secret Torment by Lisa Ladew.

Talon is the essential bad boy biker who has it bad for the leaders daughter, Crystal. But as a respected member of the club, Talon is asked to watch over Crystal after she is attacked. Now that the two of them are forced to be close, will they be able to hold back the feelings that have been building for years or will the clubs dealings push them apart? Once started, be ready to finish because you won't be able to put it down until the last page is read!

We like it big book blog says

4.5 Stars

This review is only for Antihero By CJ Pinard

Going into this book...I had no clue what to expect. I really didn't know what it was fully about. I did not read the synopsis. I was asked to read this book by the author.

So... Once I started to read this book. I was pleasantly surprised! I did not want to put it down!

I loved this little story!

I thought it was a great start to this series!

Both main characters had a pretty bad past that they both had to overcome. And they did. But it was a struggle to not fall back into old habits.

Talia had to fight the urge everyday not succumb to the cravings when things got bad and Ellis had to not let the past define who he really was. He needed to let the past go.

I felt Ellis was lost throughout the book. He got in trouble when he was a teenager and it really did a number on him. He never really worked out his past. He just buried it... hoping that he would be able to get past it all.

It was very hard for him to open up to people. So letting Talia in was hard. He didn't know how to communicate with her.

Talia also had communication problems. She was more open relationship wise. But she really had to work to let Ellis in. She got hurt a lot because she never felt she could talk to Ellis about things.

The miscommunication between both of them kind of drove me crazy. I just wanted one of them to bite the bullet and start to talk about personal things with each other.

They were always guessing what the other would say or think. But never going all the way with just asking how the other person felt.

One thing that didn't miss a beat with them was how they both had extreme chemistry with each other! I mean... It was explosive and It was so hot.

They both had things to work through but... I loved how Ellis was the one to fight and save what he had with Talia. He didn't want to let her go.

He stepped up and showed her he was all in!

I loved it!

I can't wait to read the next book in this series! Duke... We get a little of his story. But I can't wait to read more about him.

ARC provided by author for an honest review
