With a Twist

Sawyer Bennett

With a Twist Sawyer Bennett

Wyatt Banks is ready to give one woman the world. Unfortunately, his job as a cop tends to interfere with other goals. When Wyatt is sent deep undercover to investigate a sex slave ring, he doesn't have time to do anything but focus on staying alive in a dark and dangerous underworld.

Wyatt isn't alone though in his quest to save the women that are being sold into sexual slavery.

His partner, FBI Agent Andrea Somerville, is immersed just as deeply as he is, and she's the bait to lure the sex slavers out into the open, as she poses as an exotic dancer in an attempt to snare the enemy. But danger runs as high as the sparks between them, and now Wyatt is caught between the job he loves and the woman he wants.

Ellen ♦ Book Bellas ♦ says

If you're not aware of Sawyer Bennett books, they are highly addictive, sexy, delicious and incredibly warm. The characters are all very human, real, with lots of the same issues and problems we all face in day-to-day life. With a Twist fits the bill perfectly and I literally read this in one sitting. Once again, we have a HAWT hero in the name of Wyatt, who is working undercover to try and bring down a sex slave ring. Hello, hot Alpha law enforcement man! He is paired with FBI agent Andrea, who holds a law degree but who also worked as an exotic dancer in order to pay her way through school.

Of course, sparks fly, but in the sexiest, sweetest way, and without a ton of angst. Wyatt is uber-protective of Andrea, gorgeous, and just an all-round super guy. And Andrea...well, one of my favorite things about Ms. Bennett is that she writes very strong, educated, smart heroines. Andrea is no different.

These two are pure magic together. The story is fast-paced, sexy and very, sweet. Wyatt and Andrea are incredibly passionate and I loved them together. If you are looking for a hot and sexy, but ultimately very loving, warm and romantic story, then With a Twist is for you! Happy reading!

(ARC provided by the author in return for an honest review.)

Laura Johnson says

Enjoyed every minute of it. I couldn't put down. There's an element of suspense, sexy, swoon-worthy moments in this tale. The chemistry between these two MCs was scorching which added even more to love with this story. The writing was good and the pace was spot on. The only thing I would have liked a little more of the undercover work but other than that everything was great. This one can be read stand alone. Looking forward to read Casy's story. Keep them coming Mrs. B.

Nadia says

Now that I've read the rest of the series as well, I can with 100% certainty say it's the best of them all and still one of my favorite books ever.

I've reread the book again, because it remained in such good memory and the best thing is, I wasn't underwhelmed. It's always a risk with rereading books that you were in love with, that maybe the second time around it won't be so magical and wonderful as you remember it. But I gotta tell you, this one is not like that and I'm immensely happy.

Wyatt is what my dream man looks like. Like, I genuinely strive to find myself a man like Wyatt. And I'm tempted to hate Andrea because she gets to have her Wyatt, but she's also so cool and awesome and I just can't.

BOOM FAVORITES SHELF

I loved it! Just what I needed!!

Info added 04/07/2016

Kyle Sommerville Andrea's big brother appears in the epilogue of **Wicked Ride** and will be in **Wicked Bond**, he is friends with **Bridger Payne**.

Wyatt Banks is a cop living and working in Nags Head he sometimes does undercover work which can take him away from his life for months at a time but he is happy with his life Andrea Sommerville is an agent for the FBI in Pittsburgh but her dream job since she was a child would be working for the BRIU division of the FBI in Quantico so much so that she has lost her fiancé for her career.

They meet while undercover at the strip club The Platinum Club investigating the sex trafficking ring the club is running, Wyatt is the general manager and Andrea is a stripper but the owner Sean has other plans for Andrea.

To begin their relationship is strictly professional but something happens and Andrea is forced by Lance the second in command to pleasure Wyatt, Wyatt goes along with it willing to fake it but Andrea crosses the line to save the case.

After the case is over what is going to happen between them? They both have their own careers miles away from each other and can they survive a long distance relationship?

As always expect lot of sizzling hot sex as only Sawyer can write, funny banter and sweet moments and it was great catching up with the rest of the Last Call gang. I loved Wyatt and Andrea they are both tough, smart, sexy and loyal. It was destiny.

? I received an ARC via ATOMR Tours in exchange for an honest review. Thank you! ?

3.5 stars★★★?!!

With A Twist sure was a *twist*, or more like a change up, in the Last Call series!

It had a different feel to it, as more stakes were put into the plot and characters-- aside from the romance aspect.

Wyatt and Andrea have **EVERYTHING** to lose. With a dangerous undercover mission that could possibly cost or skyrocket their careers, there is a fragile line between life and death for this dynamic duo. It was a very interesting balance and combination to see how both characters juggle their jobs, personal interests, and

their budding love for one another.

Author Sawyer Bennett adds a nice “twist” to this latest installment as not only hearts are on the line, but so are many things that could ultimately make or break both protagonists.

With A Twist was definitely a refreshing fourth sequel for all Last Call'er fans! I hope Casey will get her own story as well in the future when she decides to settle down!!

**arc received from author for an honest review and blog tour with us boozies at <http://www.twounrulygirls.com> ...and Sawyer Bennett is a drop everything and read kind of author for me..so that is what I have done **

4.5 I love Ms. Bennett Stars! Full review to be posted for blog tour!!

Kara says

I love this author.

RJ says

4 Stars!! I really liked this!!

My Thoughts:

spoilers

I absolutely loved Brody & Alyssa in Make It a Double and thought it was a fluke that I loved them so much because Sawyer Bennett's books are usually just so-so for me. But Wyatt & Andrea have definitely joined the ranks of my favorite *Last Call* couples!

I'll be honest, I wasn't really feeling the first half the book. The whole sex slave ring takedown thing kinda bored me and I was just waiting for it to be over. After that section finished, it was like a totally different book. No more after the bad guy talk, it's just Wyatt and Andrea and their growing relationship, which I loved watching grow!

I'm so happy Wyatt wasn't a man-whore and Andrea wasn't a blushing virgin! I didn't have to read about his "conquests" every other page!

So, Wyatt and Andrea go their separate ways after the job is done but they both can't stop thinking about each other and I loved that Andrea was ballsy enough to fly out to Wyatt to explore their attraction more instead of ignoring it.

One thing I've noticed about this author is that she usually doesn't take the route you would expect her to. I was totally expecting Andrea to hide from Wyatt that her ex-fiancé is trying to contact her through Facebook but she told him straight up before he found out on his own. I found that utterly refreshing because I was expecting some drama about it later on, but no.

I also liked that they initially agreed to be together for the weekend Andrea took off but they both realized that a couple days is just not enough and shifted their little fling into a relationship naturally.

Another thing I found refreshing was that there was no big break up at the end. And I was so expecting Lance from the club to magically pop in the end and kidnap Andrea or something! SO glad that didn't happen. The ending wasn't super climatic but it was perfect for Wyatt and Andrea <3

Jesey ~ Schmexy GIrl~ says

I've said it before and I'll say it again....I need to move to a beach in North Carolina!! Sawyer, babe....you have made me fall in love with yet another Last Call couple!

Wyatt and Andrea meet under unusual circumstances. They will be working together and protecting one another on their job assignment. It was clear from the beginning that it was going to be so much more than just a job...

The first half of this story is a little darker than we are used to seeing in one of Sawyer Bennett's books. It was deep and it had me on the edge of my seat with worry. She makes you instantly love these characters. All I wanted to do was protect them. Then we have the sexual tension...HOLY freaking hell. Two scenes in particular will leave you panting and wanting more!

I open my mouth to say...to say...what? I have no clue. What do I say to something that was taboo, erotic, fulfilling, dirty, and absolutely mind blowing?

And then there's the "so much more" that I mentioned before. It's not just about the sex, it's about the sex and the emotions and the learning about each other...Wyatt and Andrea were like two pieces of a puzzle to me, they just fit....it made sense.

It's the hottest, longest, most desperate kiss I've ever had in my life.

I wanted to be Andrea and find my Wyatt. She is this strong kick ass law enforcement chick who finds herself when she meets Wyatt.

I saw into your soul in that moment. And I knew...I knew that you were something different...something

special in my life.

What could be more perfect than that? Read *With a Twist* to see how it all unravels and join them in their journey to each other and what it takes for them to get there.

ARC Review. Originally posted at: [Love Affair with an E-Reader](#)

“Oh my,” were the first two words out of my mouth when I finished this book. Sawyer Bennett may have written the perfect contemporary romance for me featuring an ultimate book boyfriend. I am absolutely floored at how much this book impacted me.

I came to this book in a reading funk. I had started three books and wasn’t satisfied with any of them. The cover picture of Wyatt beckoned me. I usually save my Sawyer Bennett books for times when I can savor them, but despite my crazy schedule, I decided to start this book. Utterly satisfied, it settled my restlessness.

One of the things I like best is that this is not a story about two broken people. Wyatt and Andrea are two relatively normal people with crazy jobs that put them in a desperate and scary situation that allowed them to fall in love. Yes, it is about destiny.

Why I love Wyatt:

He is the perfect blend of hard and soft. He has hard edges and is soft in the heart. He is confident, but not arrogant. There is also something very attractive about a man who is skilled and competent in his work. As an undercover officer, he presents the perfect amount of sleaze. And yet, he has, as Andrea claims, an easy charm that is magnetic.

Why is Andrea is perfect for Wyatt and why I love her:

I love her confidence. She makes no apologies for how she was able to support herself through college and law school. She is courageous to come face to face with a sex-trafficker and shut him down. She is smart. She is a woman who knows her own mind, is willing to risk the first move, and is also willing to compromise. Like Wyatt, she is the perfect blend of hard and soft.

There were moments when my heart was pounding like crazy because their chemistry was so fierce. These are balanced with beautifully tender sections. During the course of their growing relationship, the author gives Wyatt such keen insights into Andrea. I’ve come to expect these emotional “nuggets” from Sawyer Bennett. Her characters have the ability to speak to me authentically.

IN A NUTSHELL:

I know I must have said this before, but now I’m being DEFINITIVE. *With a Twist* is my favorite Sawyer Bennett book and Wyatt is MINE.

Thank you to the author for the opportunity to read this book in exchange for an honest review.

FULL REVIEW NOW POSTED

"If you love someone, you make it work "

I didn't know it was possible but yes it happened! I've fallen in love with yet another "Last Call" guy! After Gavin I thought I had my fill but I was so wrong!

I have to admit a week before reading this, I had to ask a friend to refresh my memory on Wyatt

I wasn't really thrilled about a cop story, I don't usually read those. And once again how I was wrong!

Wyatt is Hunter's best friend and a cop. He saw all these friends fallen in love one by one and even if he envies them a little, he knows that with his job, it's rather difficult to maintain a serious relation. Moreover he has to go undercover for an indefinite period so things are good as they are.

I found the first part of the book darker than usual. We are immersed in a totally different universe than in Sawyer Bennett's previous books and I loved every minute of it ! As I love my read to be dark I was thrilled! Wyatt is being called Charles "Razor" Hawkins aka Raze and he need to get the trust of a strip tease club boss Simon Keyes who is suspected to be a part of a sex slave traffic.

After a few months, he finally see an opening and he is in Simon's circle of trust. The ending is close but for that he need someone else with him

Andrea is an FBI agent and is looking to move forward with her career. She has recently been dumped by her fiancé because of it. Far from falling down, she quickly dive into her new mission: being a stripper. Fortunately for her, she has a few years of practice and her "casting" goes really well ... even a slightly too well.

Wyatt is immediately attracted to this young woman, not only for her body but also **her strength , her determination** to achieve their job. Both of them will be pushed beyond their limits and feel guilty about what they had to do for the mission to be a success.

"I'm not going to let anything bad happen to you, okay "

I don't want to give to many details about what happen there, all you need to know is that I was completely absorbed by Sawyer Benett's writing. **I didn't know she had in her the ability to write dark scenes that can put you in a uncomfortable way but still be magnificent!** The permanent conflict that Wyatt feels is tangible in each page. The attraction between them defies everything I already read in her books.

The real challenge will be after the mission. Wyatt and Andrea doesn't live near each other, nor work in the same circle and so there's nothing keeping them together. And yet, they will find each other... but for how long?

"What we have is stronger than most people starting out, because we survived a dangerous situation

together... helped each other along the way. We had to count on each other... we had to trust. All important foundations for any relationship "

As all "Last Call" guy, Wyatt is an alpha who likes to control. Yet I found in him someone with a soft side.. He is **attentive, understand, charming, engaging**. I loved his bright side willing to sacrifice himself for the one he loves.

Andrea is a **splendid heroine** She doesn't let herself go even with her recent break up. She is not scared to do what she wants. She often rush headlong but she succed perfectly!

If you haven't given this series a shot or if you've never read a book from this author before, **hurry up!** Each book is different, enthralling. You want to read the book as slowly as possible and at the same time you want to devour it. Sawyer Bennett has this ability to carry away in her world, her universe! The various stories take us in a changing context every time and we don't know what to expect.

Anna Banana says

This book was such a pleasant surprise. It has Ms. Bennett's usual fast paced romance, and while it's been a hit or miss for me in the past I'm happy to say it worked for me in this book!

The hero is someone who's been mentioned in the previous books and while I always liked him, I honestly didn't give him much thought. But when I read the synopsis for this book and saw that cover...well he definitely got my full attention then. Wyatt is a cop; he loves his job and his friends but he's ready to settle down and find "the one". Unfortunatley for him, he doesn't really have time for that at the moment but as we all know, love waits for no one.

Andrea was such a strong and wonderful heroine! I really enjoyed reading in her POV and I love how despite her troubled past, she didn't let it stop her from achieving her dreams. I'll admit I was a little worried that she was so fresh out of a relationship when she meets Wyatt and I didn't want him to be a rebound for her, but you can feel the chemistry between the two almost instantly. It's unlike anything either have ever felt.

I can't say that the pacing is any different from the other books. Things do go down pretty quickly but for some reason it worked for me in this book. Not so much in the end, but I loved the first half and I loved the gradual build up of their relationship. Like the previous books though, I wish these books were longer. I want to see more of the couple together before seeing them be so serious. The realist in me just needs it. I'm always digging these books until around the 75% mark when the "i love yous" and "lets be together forever" feelings come and I'm just like "it's only been like 2 months, whats the rush?!". But I don't mean that to scare you away. I think many will really enjoy this book.

I was nervous I wouldn't like this book but I was hooked in pretty early. I love books with undercover/FBI

themes and this one was no exception. This book was so good! I thoroughly enjoyed it and is probably my favorite of the series, second to Brody's story. Overall, I think fans of this author will really enjoy this book and if you haven't read this series yet I really think you should!

Beverly says

3.5 Stars

I have really enjoyed Sawyer Bennett's other books so I was so excited to start this one. The story begins with us meeting Wyatt. H is a North Carolina police officer and about to go undercover to bust a guy suspected of human trafficking. Wyatt is getting older and is looking to settle down, so he decides this will be his last undercover assignment.

He moves from the Outer Banks to Raleigh and begins working at a strip club as the manager. It takes months for him to finally get in with the owner, but once he learns more about the criminal activity he learns they need a female to go undercover as a stripper.

Andrea is a FBI agent in Pittsburgh and is looking to further her career. She is newly single and has hopes of getting into an elite group within the FBI, so when the undercover assignment opens up she is more than eager to jump into her role as Nikki O.

Once she arrives in Raleigh, she is ready to go to work and meet her coworkers. I loved the meeting between Wyatt and Andrea. She is immediately attracted to him, but he is a rude to her and basically accuses her of being too uptight to sell being a stripper. Little does he know that Andrea has plenty of experience. The audition the next day and Wyatt's reaction is priceless.

I loved the undercover work, I was on the edge of my seat waiting to see what would happen and how these two would navigate their growing attraction. I felt this part of the story was cut a little short and would have enjoyed more suspense. It may have just been my expectation, but I kept waiting for more to happen.

I did really enjoy Wyatt and Andrea's relationship. It was super sweet and pretty steamy. I loved how Wyatt became everything for her and was willing to sacrifice for her happiness. After Andrea's prior relationships I think she needed to see she was valuable and worth it.

I did really enjoy this story, but I wasn't blown away. My only complaint is I kept waiting for more. Now that is probably just me, but once I saw this story about an undercover cop and FBI agent I kept thinking it would be suspenseful. I think without that expectation I would have enjoyed this story more. I do recommend it if you are looking for a sweet story.
