## A Night Away Carrie Ann Ryan

Kade Jamenson has been mated to Melanie for almost two years. They've been through mating circles, battles, loss, misunderstandings, and finally, the birth of their son, Finn. The world is in turmoil around them as the Redwoods engage in war with the Centrals. But for Kade and Melanie, the turmoil is also happening at home. The responsibility of a restless baby and their Pack has taken a toll and they need a break.

Not from each other. But from their Pack. Just for a night.

Kade takes Mel away for a romantic getaway and leaves Uncle Maddox alone with baby Finn. The Omega of the Redwood Pack may be adept at emotions but the idea of a baby may be beyond his immense capabilities.

Author's Note: This is a novella set between books 3 and 4 to give you a taste of Mel and Kade. It is best that you have already immersed yourselves in the Redwood Pack world, however even new readers will enjoy a glimpse of one of the Redwood's favorite couples.

I was given a copy of this book which I voluntarily reviewed.

A Night Away is a short read set after Trinity Bound. It's a nice little read catching up with the Heir to the pack (Kade) and his mate Mel. Set two years after their mating, they now have a young son, Finn, who is running them both ragged. Brother Maddox, the pack Omega, agrees to look after Finn so the worn out couple can get away and re-connect. This story doesn't really add to the whole Redwood pack storyline but it's good to catch up with the couple who started it all

I enjoy the novellas that Carrie Ann Ryan creates to revisit characters who have already had their HEA in previous books.

This story follow Kade Jamenson and Melanie who were the main characters of An Alpha's Path. While it was good to see some progress of the issues facing Kade and Melanie as parents of an 11 month old and visit with the wider Jamenson family, parts of this story did make me feel like it was included to foreshadow things that will happen in future books though my opinion of that may change as I read the remaining books in the series.

This was a great little story to catch up with Kade and Mel. We get a closer look at them and into their relationship and how they are handling everything. Kade and Mel have a son that is almost a year old and is very demanding. They love him to pieces but with everything else going on in the pack they just don't have enough time. They haven't been able to really reconnect and have their solid foundation. They no alone time really and just need to recharge, so they come up and take a night away from everything but the two of them to reconnect, relax, and come up with a plan to avoid it getting this bad next time. I loved getting to catch back up so intimately with Kade and Mel. This is a fairly quick read but it's not exactly super short either. I loved the length and thought it was perfectly to actually have more time with them. The sex is explicit and is fit in perfectly. There was plenty to keep my attention and entertain me while reading it. I would recommend

reading this after the previous 3 books, at least after Kade and Mel's first book. This does jump right in and we get to see the characters where they are currently at so if you haven't read the previous books than you won't necessarily know some of the things going on. You will definitely have more enjoyment if you have read the other books.

I voluntarily reviewed an ARC of this book.

A Night Away is set between Books 3 and 4 of the Redwood Pack series by Carrie Ann Ryan. I loved revisiting with Kade and Melanie from Book 1. As new parents they are struggling to find that perfect balance between caring for a baby, caring for themselves, leading the Pack and still finding time to connect as a couple.

This was an enjoyable short story of Kade and Melanie getting just one night away from it all and reconnecting. The interactions with Maddox and Finn were adorable. I even laughed out loud a few times.

A Night Away (novella)

A night Away is Carrie's new novella. Mel and Kade need a night away from the new baby. They feel guilty but need some together time. Sex scenes are hot and the situation is relatable. Any couple knows they need together time and being a werewolf is no different. I liked this short story for several reasons. 1. the fact i know where the couple is coming from, 2.I get to see another small look into the Redwood pack and 3 very hot! Keep them coming Carrie!

I love when authors give you a second glance at characters. I am the type of reader that gets very attached to them so I am always wondering what they are doing now. This was a cute story where you can really relate what Kade and Mel are going through.

When the responsibilities of being the Heir of the Pack and the parents of a very active baby become overwhelming, Kade and Mel decide to take time away for themselves. Maddox volunteers to babysit their son Finn, which leave him exhausted.

This is such a delightful short story. I especially enjoyed Maddox dealing with a non-stop Finn, who is so adorable. It was also a nice change of pace to see the Jamenson family interacting with each other during a relatively peaceful time.

I always wonder what happens to the hero and heroine in the book after the book is over. That's why I love series so much. You still get to read about them. I loved that this showed so much more insight into them and their wonderful love. Keep up the good work Carrie!

This novella is about A Night Away for new parents that really need it. Kade and Mel are new parents to their baby boy Finn, who is not sleeping well at night. Kade and Mel love their son but need sometimes with each other. So, Uncle Maddox comes to the rescue. This was a sweet, romantic and funny read. It gave us a small break from all of the chaos that has been going on for the Redwood Pack. Love that even though this is a novella, Carrie Ann still added all of the brothers giving one another a hard time about things. Awesome 4 stars read!!!

loved revisiting Kade & Mel, but also loved getting more of an insight to my Maddox. I was drawn to his character when he was first mentioned and this story only draws me in more. The story was as hot as anything else Carrie Ann writes. Ohhh, someday my Maddox will have his story and perhaps his "love" will be named after me so I can continue to live in my fantasy world with the Jamenson boys :-)

I received a reissue of the book in exchange for an honest review. This is a great novella about Kade and his mate Mel. Kade and Mel are feeling the pressure of their duties to the Redwood pack as the Heirs and being parents to Finn. Along the way, they have drifted apart from each other and need to reconnect with each other through their mating bond. Kade devises a plan with the help of his brothers to take Melanie away for the night while Maddox babysits Finn. This is a great story of love and learning to balance life and duty. Love

the interaction of the brothers and sisters-in-law. Another great story by Carrie Ann Ryan.

### **Sandy Kelly says**

This is book 3.5 in the Redwood Pack series. It's a short novella about Kade and Melanie after the birth of their son. It's all about them needing to reconnect as a couple and as lovers. They have let not only their son but the needs of the pack to take over every facet of their lives and they feel like they, specifically Melanie, are not working as a couple anymore. This is their chance to get away and take that time that they need to be together, just the two of them. It is a hot, short, and sweet story that lets you know that even with everything going on in their lives and to show that even though they seem to have it all together, they have their own issues too. It was a great peek into their lives!

### **Krystal Shannan says**

Love the characters Mel and Kade! So glad we got to have another peek into their relationship. Even a toddler can wear out a werewolf! Everyone reaches that point after having a kid where you just need to make time to reconnect with your partner. This short novella was spot on! You will not be disappointed.

### **Ashley Speakman says**

I loved that we got to glimpse into Kade and Melanie's lives again. We get to learn more about Maddox too and just what type of person he is. This maybe a novella but the romance was smoking hot. Kade and Melanie are a great match. I was very happy with getting to read more about them after the first book. I hope we get to see more of them going forward. Maddox is a very interesting character. Being the Omega of the pack has to be tough on him. I like how his character is explained more in this story. I'm looking forward to what is next!

The more I read of Redwood Pack the more I want my own inner wolf :)  
I love this pack!

Kade and Mel are working on finding what has been missing in their relationship since Finn's birth. Luckily they have such an amazing family to help them in this time of need. Maddox is their savior here and he gets along better than great with baby Finn. It was a fun experience to read what Maddox had to go through while watching his nephew Finn. And a happy tale of Kade and Mel finding all that was missing and then some.

A Sweet, Sexy, Romantic treat of a short story for an amazing couple that are new parents and need a night away to remember the heat that started it all. Uncle Maddox gets to baby sit and Kade and Melanie get to take a romantic weekend away from the pack. Just a fun afternoon read.
