Beauty & the Biker

Glenna Maynard

Beauty & the Biker Glenna Maynard

Tristian Vandacamp wants nothing more than for Isabella to remember the past they once shared.

"She can't remember and I can't forget." ~Tristian

Isabella Perez wants nothing more than to survive paying the debt owed by her father to a notorious biker.

"He is my captor and I am his pet. I'm the beauty and he's the beast. My father made a deal with the devil and now it is up to me to pay his dues." ~Isabella

This is a standalone dark novel

Jennifer Finn says

This is the first book I've read by this author & it will definitely not be the last cause I friggin' loved it ! Tristian Vandacamp is rich, powerful, feared & the President of the Depraved Sinners MC. He was sickly as a child being confined to a wheelchair for a while because of a tumor on his spine. His Father saw his illness as weakness & treated him horrible for the rest of his childhood, he abused him physically & verbally. The only light he had in the darkness of his childhood was his best friend, Isabella who would spend her days with him playing games & keeping him company. Isabella never treated him any different because he was in a wheelchair & the two of them loved each other very much. While on his deathbed, his Father summons him telling him that Isabella's Father owes him money & he wants her instead so she can give him an heir who is worthy of his money since he doesn't think Tristian is. Tristian had to go away for several surgeries when he was younger & when he returned Isabella did not remember him or their friendship making Tris very angry with her yet still so much in love with her also. Tris is furious with his Father for requesting Isabella be brought to him to sire his spawn so he pays his Father & takes over the debt himself. Tris wants Isabella for himself & he is not going to let anything stand in his way, not even her memory lapse. This book was so hot but it was also sweet, my heart went out to Tris & everything he had to endure as a child, his Father got what he deserved.

5 Beautiful Blue Stars

Tristian Vandacamp

Isabella Perez

She can't remember, and he can't forget..

Oh my my my.... I don't even know where to begin with this beautiful story.....It's heart breaking, frustrating, and heart warming all at the same time. Glenna does a great job at introducing you to these two wonderful

characters. In the beginning my feelings toward Tristian were guarded. I was unclear as to what his intentions were. He seems kind of cruel yet guarded at the same time. As the two spend more time together I can see he is fighting a battle with his emotions. Isa can see it as well, and lets her self fall a little more for him, and begins to demand her way back into his arms. Once, the truth is revealed it was a little heart breaking, but I was so happy these two found their way back to each other. Loved it. Haven't had a book draw me in so quickly in a long time. Refreshing read. Thank you to the Author!

Paula Butler says

Wow! Had to read this one in one from beginning to end, only stopping to eat dinner and open a bottle of wine!!

I love this authors books, always. This one took hold from page one and held me till the very end!! Just the right amount of dark mixed in with perfect twists, great character building, hot sex and the angst and love combination Glenna always brings to her novels. Yeah, this one is a must read!

Tania says

She couldn't remember but he couldn't forget. Tristian and Isabella were best friends when they were kids, but fate tore them apart.
this is not your typical love story it's dark and twisted.
great read

ARC Honest review

HOLY MILLION STARS!!

I just finished this book and let me first say I am a huge fan of off all of Glenna's writing every book is FANTASTIC but this was MIND BLOWING!!! I do not know how she did it but she did OMG!

I have this huge grin on my face right now!

I will not give away anything about this book because you just have to read it! It will pull on your heartstrings, make those heart strings race, hair on your arms standing up, gasping, rocking back in forth in your chair (glaring at your husband because he attempted to speak to you during it) your heart will stop and then start racing again, and then in normal Glenna fashion she will BLOW YOUR DAMN MIND.

What the fuck is wrong with these people? I was trying really hard to understand where Tristian is coming from, him being hurt because his BFF didn't remember him, but the cruel way he treats her, that shit is just all kinds of wrong. His treatment of Isabella is downright abusive, who treats someone they supposedly love like dog shit? The worst part about this toxic relationship...fucking Isabella not only accepts his god awful treatment of her but she actually craves it...I guess some people just deserve each other. There was nothing even remotely cute nor loving about their relationship...that shit was just all kinds of wrong. The only thing I found I liked about Tristian was his inkwork, there is nothing likable about Isabella.

Its a pity really, because I think I would have really liked this story had Tristian not been such an abusive asshole and Isabella such a pathetic excuse for a female...

Sue says

I was loaned this book on the suggestion of a good friend who loves to read the same types of books that I do...sexy, dark, mysterious and always entertaining. I had only ever read this author's biker book series so I was not quite sure what to expect from this modern re-telling of Beauty and the Beast and although it might have been slightly reminiscent of that dark fairytale, this book was a whole lot more depraved and full of suspenseful mystery.

I liked Tristian and Isabella's characters well enough and hated Rain (that witch!) and between the complicated and twisted plot and the various club "brothers" and Isabella's sisters, there was no lack of interesting and complex supporting characters.

I enjoyed the story for what it was...a tale of getting back what you once held dear and lost...and learning to overcome childhood trauma to have the life you deserve to have as an adult.

**** 4 **** "his princess was lost and is now found" stars

Crystal says

This is my first book by Glenna Maynard, Beauty & The Biker. I love Beauty and the Beast so I was very curious to read her twist on the story. Then to add Jack and Sally from Nightmare Before Christmas...brilliant.

Isa helps clean the Beast's castle with her grandmother as a child and that is how the two meet. But, fate and

darkness contrive to keep them apart for just a little bit. What is totally awesome...the Beast is tattooed from head to toe to look like Jack. So, even with True Loves Kiss, he doesn't turn back into the sexy prince. He stays the sexy dark prince even with the HEA. Good first read.

Cheryl says

Ok here we go. Not an ARC read I would have paid double if I could have read this last week. I couldn't put it down. This book is kind of a hybrid of classic Maynard genres and I loved it. I loved the characters and the storyline was edgy with a number of twists and turns. The story was solid. Do yourself a favour, read it you won't be disappointed.

Michelle says

Wow Beauty & The Biker is a heart warming romance read but not all hearts & flowers for Tristian Vandacamp & Isabella.

Tris had a hard upbringing, his father was an evil man and was angry at him for being a sickly child, his only friend was a young sweet Isabella.

However fate tore them apart and Tristian never forgot his Isa and fought for her to come back to him. He has changed over the years in looks and attitude but deep down he is still the loving boy Isa fell for many years ago.

This story has hot love, tears, twists and drama ~ Basically is has it all.

Brilliant standalone read.

Cynthia Haflich-raber says

LOVED IT

Wow...I loved this book. It had me in a roller coaster of emotions. One minute I hated Tristian...the next I wanted to hug him but in the end I loved him. Awesome spin on an awesome story! Great work

Cyndi Garcia says

I really love this cute remake of this book. Isla and Tristan are the main characters and the author pictured tattoo artist Rick Genest "Zombie boy" when writing this book. This book is perfect for my halloween romance month. First of all this is a similar remake of Beauty and the beast. But Tristan is a biker and he looks like Canadian Rick Genest Zombie Boy. I love tattoos but in real life this guy is so hot. It's really taboo to have such a full body tattoo as a skeleton.

The book starts off with Tristan growing up in wealthy family his father is very mean and abusive. Tristan had a disorder that as a young boy he had to use a wheel chair. The housekeeper was Isla's grandmother. Since Tristan was home schooled Isla grandmother would bring Isla to play with Tristan. Then one day Tristan and his mom decide to leave their father.

The story starts off with Isla working at her parents book store and she is a complete bookaholic. Tristan is now a bad biker whose gang is respected and feared. Tristan has never forgot Isla so when he returns he focus is claiming Isla. Isla who sweet and innocent has no idea who this skeleton tattooed guy is but she is intrigued.

The story is cute and at the end when I read the authors bio. I loved how the author Glebba Maynard included little inserts that reminded you of the halloween movie "The Nightmare Before Christmas". Through the whole book when Isla was decribing his tattoo...I just could not picture it in my head...Then I googled Rick Genest "Zombie Boy" and now yes...I can picture that as my Tristan.

I really loved this book. I wasnt expecting romance book of the year. It is a remake of the Beauty and the beast. But it was very well written and just warning you that this book is not for everybody. He is a Beast AKA very mean that had me so mad!!! but I love this cute Halloween month book. love love love love and love!! 5 loves for Me l

Theresa Ritchie says

Loved it

Omg glenna I loved Tristan and Isabella glad I finally got to read this book, this book was amazing loved it so much it's a must read go one click , I'm glad Isabella finally remembered her childhood memory with Tristan now they can live happy ever after

Caro Richard says

She can't remember and he can't forget

Those words haunted me throughout the book....as did the authors muse for Tris...that is 1 scary looking dude!!

Tris has dreamed of having Isa at his side since they were young but circumstances forced their friendship apart. But now Tris is back and ready to make Isa pay for not remembering him and he is really is quite cruel to her, but Isa actually loves it...so in your face Tris!

This book is HOT, and the anticipation is hotter...made me squirm!

Then Isa remembers everything...and it's not for the faint hearted. But it does have a HEA!!!
