Well set up and thorough. This book is an excellent aid to prepare for this test.

**Nicole Bishop Baker says**

its a good study guide. of course it would be more helpful to have the actual information that you are being tested on instead of questions that aren't on the test however some of the samples a close. i don't feel as though it really helps but does get you in the testing mode.

I got this book as a Goodreads give a way. Lots of good info...I will be giving this to my daughter who is planning on going into teaching.
