Shane Wall says

I never had anyone teach me about Who the Holy Spirit actually was. I thought He was just God's Spirit that made us feel a certain way. I definitely didn't know that I could build a relationship with Him. But I know now and knowing that has changed my life forever! If you're not saved, just become saved or have been saved for any number of years, this book is a MUST!!! Jesus Himself said that He was going back to the Father and was sending the Holy Spirit in His place. For no other reason than THAT should be enough to want to know Who the Holy Spirit is and how we can know Him intimately, which brings great knowledge of Who Jesus is to us, peace in our entire lives and power that is activated on contact of our obedience to what the Holy Spirit tells us. We don't hear the voice of God today as our forefathers did, like Abraham and Moses. We hear the voice of the Holy Spirit. Don't you think you should get to know the One Who's talking to you about what God wants for your life?

I may not agree with everything about Benny Hinn. Mostly his way of spending and his questionable relationship with his wife. But that does not mean the validity of the move of the Holy Spirit in his life. No body is perfect, and the sooner we learn that the better. With that said, this book is really empowering! The only book I can recall that I finished from beginning to end in one day on a day off. I had a pot of coffee and this book. I could not put it down!

This book gave me a great understanding of the need for God's Holy Spirit. He is not some force but a person whom God has sent to help me in my daily walk. I need Him if I'm going to grow and live successfully as a Christian. The first time I read I had misunderstood something about the book. But, I reread recently and I am completely blessed by the ministry of God's Holy Spirit and the privilege of access to Him.

A great book. Powerful in realizing the Holy Spirit as a person and a friend. I want to read this again.

This is not just a book, this is a journey with the Holy Spirit itself! I loved it, every page really makes you evaluate your commitment with God. Also you see how much Benny Hinn went through before becoming the successful man that he is today. I recommend it to new Christians as well as old ones this is the kind of book that every Christian needs to read at least once in their life!

This book changed my life!

I never realized I could know God in a personal way. This book tells you how the author did it and how you can do it.

we should give God Holy Spirit same as how we worship our God the father and Jesus Christ. we shower him our total devotion and unwavering love.

Few people have perfected the art of "fleecing the flock" as well as pastor Benny Hinn, whose faith healing fund raisers have earned him a \$42 million dollar net worth and a private jet.

The book is nearly 200 pages of nonsense. Aside from being a crook and a charlatan, Hinn seems to be a pathological liar; he claims his father was the mayor of Jaffa, which is clearly not true. (see for example <http://www.deceptioninthechurch.com/h...>)

This book was a quick read but also a complete waste of time. Instead, I would recommend this video clip of Hinn's insane and obviously drunk wife Suzanne preaching about a "holy ghost enema"

Loved it! Helped me become intimate with the Lord when I was young and I am still falling more in love with Him each day!

Nicole says

i learned so much from this book. like, how to deal with God, the Holy Spirit, and how to pray. This is an

inspirational book. I recommend this book for the people who want to know the power of the Holy Spirit, for all ages.

Paul Bamikole says

The book is a master piece that addresses the many errors and misconceptions we have been having on the person of the Holy Spirit. It's a grass to grace, and then grace to grace relationship the Man of God has had and still has with the Holy Spirit. The book encourages intimacy with the third in Trinity. It brings us to a place of longing for fellowship with God the Father. I had to read and reread the book again. So many of the questions that arise within a believer's heart have been generously answered, and beyond that it introduces us to a whole new level of walk with God. Go get it at any Christian store. God bless you!

Melissa says

"He who speaks from himself seeks his own glory; but He who is seeking the glory of the One who sent Him, He is true, and there is no unrighteousness in Him." -- John 7:18

The above quote is Jesus speaking in the temple during the festival of booths. We have no record of Jesus boasting of his deeds, instead, he always pointed to the Father. When a pastor or leader is boastful of his own works, beware.

"But may it never be that I would boast, except in the cross of our Lord Jesus Christ, through [a] which the world has been crucified to me, and I to the world." Galatians 6:14

Also Paul, when he wrote to the Galatians said: Don't allow me to boast in anything, but the cross of Jesus. Again, biblical behavior leads us to boast of Jesus, not our own deeds.

I dislike the arrogance that comes through in this book. It seems that when one truly becomes immersed in the Holy Spirit, as Paul and Jesus certainly were, they become humble, and emphasize God, rather than their own achievements. They set aside human agendas and opinions for God's agendas and opinions. If you are going to read this book, be ready to reject the emotionalism, boastfulness and false teaching.

I dislike an emphasis on "hyper emotional" religion. If you are looking for something to "make you tingle all over" (a phrase used several times in this book) perhaps you are looking for an experience not a relationship. While there are emotional and experiential aspects to religion, a fruit of the Spirit listed in Galatians is self-control. If one is out of control, they are not acting under the Holy Spirit's guidance. Some people are prone to ups and downs, and to depression. If you base your religious beliefs on feelings, as soon as you have a down day you think that God has left you. God promises, "I will never leave you or forsake you." Hebrews 13:5

Also, Benny Hinn describes the Trinity as being like the sun, divided into 3 elements: sun, light and heat. This is misleading. The Trinity is made up of 3 distinct persons, as described at the baptism of Jesus in Matthew 3:13-17.

You may be interested to know that Benny Hinn raised money for a private jet, and has made many false

predictions. He predicted a mass resurrection of the dead in '99, he has predicted the end of the world a couple times, the death of Fidel Castro, and the destruction of the homosexual community in the US. There are Youtube videos of these predictions, although I didn't watch them.

So my final evaluation: Ignore Benny Hinn and his teaching. Which is what I plan to do from now on.

Hyeheon says

I first came across this book when I was in middle school. While reading it, some thoughts I had were: 'If I prayed as much as Benny Hinn did, does it mean that I would be able to talk to the Holy Spirit?'

Now I recognize this as a rather gnostic idea, in the way how mortal efforts can lead up to a different spiritual "level". Also, many of Benny Hinn's "prophecies" are proved to be incorrect.

The spirituality of a Christian cannot be "proven" upon the basis of "feelings" and experiences; it should be scripture. My thoughts with this book are of some disgust and sadness to the people who will read this and passionately seek for the wrong things.

Created a desire to know the Holy Spirit more.
