## Just One Week Stacey Lynn

Two years ago, Mia had everything she thought she wanted. She loved her job, and her best friend Nicole was finally recovering from losing her family in a car accident. When they met rock star Zack Walters and given backstage passes for his concert in their hometown of Minneapolis, Mia had no idea she would get involved with the band's drummer, Chase Harper. It was simple, fun, and exactly what Mia liked best – no strings attached.

Then Chase decided to change the rules and Mia did what she's always done best: she ran.

Now she's on her way to Los Angeles to help Nicole get ready for her wedding to Zack. The one thing she's not looking forward to is seeing Chase again. With his sculpted muscles, strong hands and dark gray eyes that seem to know everything she's thinking – Chase has the ability to make her forget. He also has the power to make her feel, something Mia refuses to let happen.

When everything around Mia's life begins to crumble, and she keeps all of her secrets tucked close and hidden away, Chase is the one who steps in to help.

Because he has decided that he isn't letting her go again. Not until she finally admits she's his.

## From Reader Review Just One Week for online ebook

### **Mandy says**

I loved Mia in Just One Song and was so happy she got her own book in Just One Week. I think a lot of times when there is a follow-up book like this, expectations can be too high and a lot of times it's hard to top how good the first book was but I have to say this is probably one of the best follow-up books I have ever read! Mia's story was so emotional and I absolutely adore her and Chase together. I experienced a lot of emotions while reading this book and I could relate all too well to Mia's story. I love the way Stacey Lynn writes her characters, it's like they are strong but still vulnerable. I look forward to reading more from this author.

### **Kandy Butler says**

#### EVEN BETTER THAN THE 1ST BOOK

---

### **Melody Cox says**

Rating 2.5 to 3.0 Stars.

I read Just One Song and Just One Week in one day but I have to say there was an issue with this book that definitely brought the rating down.

This book is about Mia who you met in Just One Song as Nicole's best friend and sister of the heart and Chase, the drummer in Zach Walters band. These two have been hooking up with a no strings attached friends with benefits relationship but it is no longer enough for Chase.

Mia is a very confused young woman and has been through some trauma in her life that shaped her idea of relationships,,and not for the good. She keeps secrets and hurts others in the process. Then she has a major health scare that rocks her world as she faces surgery and the unknown. She has kept this from Chase and her friends and is determined to go it alone. She does not want to be a burden and affect the lives of others with her illness as her mother's health battle did.

**ALERT...SPOILER AHEAD!** Stop reading if you don't want a few facts about why this author and this book was disappointing to me.

Chase is in love with Mia and wants to be with her always but she draws him in and then pushes him away, fighting to protect him from her health scare and what she feels is an avoidable future that she thinks wrecked her family. Here is where the book failed for me. Chase gave her his undying love and promised he would never ever stop chasing her, trying to win her over. But then he lets his head think all kinds of stupid, untrue stuff and decided to hook up with someone he just met, to move on and leave Mia behind!!! Is that true love? Is this what you do to the woman you love more than your life? What in the heck happened to the man who swore she was IT for him? Where is that gentle giant of a man who told her just weeks ago, while she was recovering from surgery, that he would never stop trying to win her over? What is it about men who

can't seem to keep there package locked up for a short amount of time when they are in love with someone else...who, by the way...is at her brothers home recuperating from a major life altering surgery. This was the ruination of this story for me. The Chase we knew and learned to love would never do this to her. It just brought him down in my books. Please understand, she had asked him to leave her. She felt she and the illness would destroy him like she thought it did to her father. So he left and even though the band was on tour, he went a couple of months without going to see. He has chartered jets for things much less important but not to go to her. This man was crazy insane for her and he wants a hook up to make him forget Mia, even if it is only for a few hours. This hook-up ended up not happening but it was very close. It also hurt me to know he broke his big rule of not ever kissing a fan on the mouth. He broke his promise to himself for this hook up. Gosh I cannot tell you how upsetting it was and apparently I am not the only reviewer that feels this way. It diminished the story and his love for her. I was close to wishing someone else would come along in her life. Even though she fought him and the relationship, she deserved more. I would not have been able to trust him again no matter how much he said he loved me.

---

### **Carol says**

You meet Chase and Mia in "Just One Song" and they instantly hook up. Neither is looking for anything serious just friends with benefits. After they have been together for awhile Chase starts wanting more. I was really rooting for Mia to finally give into what she was feeling. She was letting her past make the decisions on how she dealt with relationships. She wanted no commitments and then when she has the health scare it just makes her push Chase further away. Even though she has started to fall for him she can't bring him into her uncertain future.

This story had me from the beginning but sadly towards the end I lost respect for Chase. He went from loving Mia and wanting to be with her to deciding to pick up a random girl and move on. All because Mia wasn't responding to him. Excuse me, she is trying to recover and was on drugs that were making her not totally coherent at times. It just don't see how Mia can so easily forgive him for what he was going to do. I just hate that the author took this direction with him. For as long as he was professing his feeling for her it just wasn't the Chase I had grown to love. This one I didn't really want to know or forgive.

Jak dla mnie fenomenalna historia , nie ci?gnie czytelnika w ?wiat bajek , ale w ?wiat prawdziwego ?ycia, ukazuj?c w pe?ni czasami jego brzydot? , mylne decyzje ale te? pokazuje si?? z jak? g?wni bohaterowie tocz? walk? zmagaj?c si? z najwi?kszymi swoimi demonami;) je?eli nie oczekujesz bajki a realnego ?ycia, takiego wiesz z kolcami ale i z t?cz? przeczytaj koniecznie;) POLECAM !!!!

---

### **Caroline says**

This book was just as great as the first book. I loved hearing about chase and Mia in book one and more about all the characters too in this book. Mia and chase have been through a though relationship if that what you call it but Mia is scared and is keeping some secrets from chase and her friend nic but when all is out there things start to look up for her. xx

### **Meteora.Books says**

[RELECTURE] Un début qui peut sembler long mais qui ne m'a pas dérangée car j'aime beaucoup les 2 protagonistes. C'est encore un coup de coeur pour moi, j'avais oublié à quel point ce livre était bien!!  
Mia est indécise mais dès le début on sait qu'elle cache un lourd secret qui se dévoile petit à petit. Plus on avance dans le récit, plus on sent l'inévitable arriver... Les sujets traités sont importants ce qui rend l'histoire encore plus émouvante. La fin est belle et surtout elle change des fins classiques qu'on peut voir dans toutes les romances ! Ce qui fait du bien et montre qu'on peut être heureux sans faire les choses de manière "classique" (mais je n'en dis pas plus haha)

---

### **NyxShadow says**

3.5 - <http://www.nyx-shadow.com/2016/09/jus...>  
Mieux que le 1 mais toujours assez classique et plein de drames

---

### **Clemence D says**

Moi qui me faisait une joie de lire ce livre, après avoir vu plusieurs critiques positives sur ce livre, j'ai été très DÉÇUE...

C'est le premier livre que je lis de la série et ça ne me donne pas du tout, mais alors PAS DU TOUT, envie de lire le premier ! Surtout que le résumé du premier m'avait beaucoup moins plu que pour celui que j'ai lu. Pourtant les premières pages étaient pas mal, mais le caractère de battante que j'ai apprécié au début du livre de Mia s'est effondré comme un château de cartes et ceux bien avant qu'elle en ait de quoi (je ne voudrais pas vous spoiler le livre mais avec ce qui va lui arriver elle va en avoir de quoi, oui).

L'histoire ? Quelle histoire il n'y en as aucune ! Et c'est bien dommage, je trouve que d'après le résumé ce livre avait du potentiel mais l'auteur nous as plongé dans un récit sans saveur, sans suspens, et dont les répliques (et je suis gentilles) entre les personnages sont sans imagination et ternes.

C'est bien simple après que chase est réussi à "convaincre" Mia de passer une semaine avec lui (je ne spolie pas on le sait sans lire le livre) comme par "hasard" un méchant avec ses copains tout aussi méchants surgit du passé.

Ils embêtent/bousculent les filles mais attention (roulement de tambours) les garçons arrivent pour les sauvés... oui parce qu'elles étaient dans un bar mais comme par hasard les méchants avaient préparés leurs coups : ils avaient attendus qu'ils n'y aient plus personne ! (Ironie quand tu nous tient ;)

Et après on passe à la seconde partie, le moment pas attendu du tout, ou l'héroïne largue le mec et surtout, c'est bien connue toujours pour une raison très logique...

Donc vous l'aurez comprit je ne recommande pas, mais ABSOLUMENT pas ce livre qui est pour moi un NAVET !!!

### **Lesley Book Lover says**

An enjoyable read, just as good as the first book, sadly with the same amount of typing errors, which does spoil it a little.

---

### **Lucie says**

Proche du coup de cœur, mais la fin est un peu longue.

### **Alma (aka Mrs. Rhaw) says**

Really liked it

Much better than Nic and Zack's story.

Had me weep more than once. Fav quotes to come

---

### **Laura says**

I had previously read Just One Song, the authors first book, and absolutely fell in love with the characters. Mia and Chase were such an important part of Nic and Zack's (the main characters in Just One Song) relationship, that I knew I wanted to know more about them.

Just One Week starts a couple years after Just One Song ends. Mia and Chase haven't talked to each other in months. Nic and Zack are about to get married. You see where this is going, right? I did say Mia and Chase played an integral part of Nic and Zack's relationship....

"You take care of everyone you love, which is admirable. I just wonder if you will let other people take care of you when you need it."

Mia. Oh, Mia. Mia is the epitome of a "runner." When someone is doting on her, she's uncomfortable. She doesn't want to get close to anyone for fear that they will leave her. She is guarded. If she feels that something is going to upset someone else, she doesn't divulge that information.

"This woman is going to be the death of me. She runs from hot to cold, turned on to scared out of her mind in a matter of minutes."

Chase...I want to wrap Chase up with a bow and make him mine. He's this big, scary looking drummer. He's kind of hot headed at times, but when it comes to Mia, he's just a big ol' pile of mush. My favorite type of male characters. No lie. He is bound and determined to make Mia realize what she knows is true but refuses to admit.

"I just want one week. One week to take care of you, to know you, to prove to you it's okay to let down your guard every once in a while."

Now, let me tell you. I wanted to smack Mia. Smack is putting it nicely. I wanted to throat punch her. She has this guy throwing himself at her feet and she “doesn’t know if she can commit.” WHAT?! In fact....I had to talk to someone about what a crazy bitch Mia is. I couldn’t even get through the first half of the book without yelling to someone about her. In Just One Song, Mia is the stable one. Mia is the one who takes care of Nic...now, Mia has lost her damn marbles, like in a major way. Now she’s like, sipping unicorn juice. Nic is the stable force in her life now. Nic is the voice of reason, and lordy, it’s quite apparent Mia needs a voice of reason.

So, I think I’ve made it pretty obvious Mia drives me bonkers, right? That being said, once I got past my “that bitch be cray,” mentality, and actually got into the meat and potatoes of why Mia is like she is, I ALMOST felt sympathetic. This is just a great story about two people who have been in each others’ lives for what seems like forever. The way that their friends are their family just makes me smile. That’s what friends are supposed to be like, right?

The only thing that had me sort of confused at the beginning of the book was the fact that I didn’t really remember that Mia and Chase were really “together.” Perhaps it was a lapse in my memory, but, it wasn’t totally distracting. The whole situation was rectified pretty quickly.

I love the way that the author flows back and forth from both POV’s and the way she just draws you in to everyone in the book. I felt as if these people were my family as well. While there’s some heavy stuff that happens in the book, there’s also a lot of humor and snarkiness throughout, and that totally makes my little heart happy.

Definitely a great read that left me feeling complete at the end...and not wanting to punch a bitch ;)

---

### **Carver's Book Cravings says**

4 Stars

This book is a good quick read. If you haven't read Just One Song, you should probably do that before you read this book. You will get more background on Mia and Chase's relationship.

Mia is afraid to commit to a guy. She says people always leave and she doesn't want to form a connect where she will get her heart broken. So she starts up a friends with benefits with Chase. She met chase when her best friend started dating the lead singer in Chase's band. She was all good with the relationship until chase kept pushing for more. Will she open up to him? Or will she push him away?

Chase has never had problems with one night stands. He has enjoyed not having a woman around to nag on him. He enjoys his time with Mia, but wants more from her. He knows she isn't willing to give more, but it doesn't prevent him from trying. When he finds out she is hiding something will he stick by her side? Or does he leave her?

This series is really good. I am hoping that there will be a book about Sammy and Jake! I would definitely recommend these books to read!!

### **Smashlybookalicousreviewingchicks says**

Just One Week is book 2 in the Just One Song series and while each book could be read as a standalone the

secondary characters story from book one continues in here. I loved this book, but really want to go back and read the first book on Nicole. I think it would give us a closer background and beginning to Mia/Chase as well.

Mia and Chase have a no strings attached rule and it seems to work over the years, but Chase is going to put his name to use (haha) and show Mia he's there for her and to let her feelings show. You'll love Chase, Mia at times, when you don't want to shake her and will enjoy the dual POV to really feel these characters. Oh, you'll cry, laugh and cheer on all characters in this story. Looking forward to reading more by this author.
