### **Downward dog says**

Great book and story. My only complaint is it's too short.

---

### **Angela Lane says**

A friend suggested I read this book, and I fell in love with the story and with Emma and Micah. It's a short story, but filled with emotion and memorable people. It is a series, and I love we get to keep reading about journey these two take together. I can't wait for the next installment of the story!

### **Celsey Seivert says**

This book is about Micah and Emma, you learn what happened in the years before they meet. It truly is amazing how some things are just meant to be. Micah is a star hockey player that gets traded. Emma is a school teacher that just wants something new.

---

### **J.L. says**

I am hooked.....it's such an appetizing love story with the right amount of heat!

---

### **Amy H says**

wow! it has been a while since i read some erotic romance. I am glad that i am back in the game. I have so

many book to read on my kindle it is not funny lol

this was a very enjoyable read. it was only 40 pages, but was worth it!

Emma is going thru a rough patch. She hasn't been romantic in a very long time and she is not happy in her current job teaching at a school. Her sister suggests that she move down their for the summer and try to think about what she wants to do with her life

while reconnecting with her sister she find out that she is not going to teach anymore. That wasn't her. She was going to go back to college and do hair! It was her dream. After Emma finished college they opened up their own salon! it was making tons of money and she couldn't be happier.

that is until she met Micah. Micah is a professional hockey player. He is with a different girl every night and has no chance of changing. he was having a bad luck streak because after 17 years he is getting traded to a Maryland team. He refused to buy a house so he is living in a hotel. walking depressed he saw Emma in the salon and everything changed.

this book has a lot of steamy romance and a start to a great connection!

---

### **Emeline Pico says**

Emma meets Micha only she doesn't know he's a hockey player. Micha feels something's real with this girl. The chase is on...Ends with a cliffhanger.

---

### **Michele Adams says**

I guess I wanted more from this. Hot, muscled hockey player and a light-hearted girl that turns into something he craves. Instead I felt it was a clueless girl who acted just the same and why she turned him on still unclear. Also the quick back and fourths of the thought process were off and the writer switched from writing who was talking to initials. It made me feel like the writer got lazy just as in the writing.

I hate giving not so great reviews because it takes so much for one to write and then even more to put it out there to critique so kudos to the courage to do so. I just wanted sexy hot and steamy and felt like these were children playing tag. Also this did not leave me wanting to read what happens next in the following book. :-(

---

### **Susan says**

Thias ia a good read, highly erotic.

---

### **T says**

Hated this! Cheap, sleezy, porn.

---

### **Crystal says**

I was just getting into the book when it was over. I can't wait to see what happens next between Micah and Emma. I believe that they are good for each other and I'm glad that they can laugh with each other.

---

### **Jenn Scranton says**

This was kind of tough for me to review. I really didn't like it...

It wasn't written poorly, so I don't want to hurt her rating but, but, but... Ugh.

Okay, let's beat around the bush. Hehhe, actually, that's the problem! There needed to be more of that!

This was advertised as an Erotica, and hell, look at the cover! This was hardly even a romance... It was a 40 page kindle book and I was BOOOOOORED!

Literally 50% was spent on a back story for both characters. With a 40 page book I just want hot sex, I don't care about a back story. Think of a novella like a fiction one night stand.

At a certain point, I just skimmed until I got to the good stuff and well... it was too prude. Damn.

If the cover showed a sweeter book and it was advertised as Contemporary Romance... It might actually be cute. But as is, I'm kind of bummed. :(

### **Michelle says**

Received a complimentary copy for an honest review. This is one HOT read. and it's only book 1. It started out as a simple haircut and ended up being, So. Much. More.... The electricity the jolted them together is undeniable to them both. Can't wait to continue reading this storyline.
