Shane and Jessie had an amazing three nights together, but he was not in a good place in his life and she only knew him as Maverick. She has been unable to find him to let him know he has a shifter baby. Shane is afraid he will be just like his terrible father. I voluntarily reviewed a copy of this book.

Sweet and sexy

This is the first book by this author that I have read, and I really enjoyed it. The characters are engaging, and the storyline is interesting. It's a fast and easy read. I really enjoyed it after having just read a really intense book. It was the perfect counter balance. I look forward to reading more books by this author.

Building A Wonderful Family

A girl and a guy spent 3 days together with just their first names exchanged. A human woman with a bear shifter son and no father has been encouraged to come to a bear shifter community by a friend who has told her about shifters and the special needs her son will have. Starting to rebuild her life till she sees the father of her son, who has a different name now. The fun begins at how these two must straighten out all their lives and become the family they were meant to be. Can they do it or is it to late?

Ana says

Jessie never thought she'd see her baby's father again, she has searched for him high and low to let him know, but 2 years have gone by and nothing.....She never did find out even his whole name after 3 days of bliss, the only thing he left behind was her beautiful baby boy. She just moved to Deep Hollow so her little baby bear can grow up around his kind. Little did she imagine that she would bump right into the man that never left her dreams.

Shane never could get that gal out of his mind. It was the best 3 days of his life no, the only best days of his life, because until he came back to Deep Hollow his life was a living hell of his own choosing. Until he sees Jessie again does he realize that she is it for him and his son to top it all off, but will she accept him after all the years of silence?

Ended too soon

Enjoyed this book, but would have liked it to go on a little farther. Story was getting to the point you are really wanting to know how the day to day is going to go, and then it ends.

Sherry Koch says

Ooh - The love story of Shane and Jessie is actually quite sweet although it seems like Shane, a former fighter, would be the last bear to be a loving father to the cub he just found out he had. The chemistry between the two of them is really electric and made for a good steamy read.

Beth says

Short but sweet

The story was short but sweet, a bit fast paced but it keeps you interested throughout. I love reading about Bernie shifters or really any shifters and especially about their mates. Great short story!!!

I swept through this book so fast - a shifter romance with a happy ending

Shane had a horrific upbringing and turned to a dark side to exact revenge. To his demons. He also meet a woman whom he trusted and bonded and spent three days together Jessie risked it all on a stranger and ends up with a miracle. They walked away and went on their paths. 9 months later she can't find her three night stand. Fate throws them together. This is a story of paste doesn't mold you. A sweet and moving story. I was through the book so quickly I was at the end before I knew it. Violence 0, sex2

Reviewed at Shifter Haven

At one time Maverick Walker used the fighting ring to let his demons out, he was often out of control holding onto his past and not caring much about anything. That began to change when he met Jessie and he had three amazing nights with the one woman who seemed to reach some deeper part of him. But, like always, Maverick couldn't trust himself so after their sensuous three nights were over he was gone as well. Only this time he carried a woman's memory with him... and he made the best decision of his life, to head home to Deep Hollow and heal. And maybe one day be a good enough man to search out Jessie again. Little did he know that fate was about to give him a helping hand on that plan.

Mountain Bear's Baby is a quick read and takes us further into the Silvertip Shifters series. Shane is an amazing man. Yeah, he's had come rough things handed to him in life but he's gaining control, reining in his bear and making changes. That sense he had about Jessie turned out to be right on the spot, and now he has a son... and a mate. Watching Shane, Jessie and Grant become a family was a delightful experience. It's not always easy, but love is worth it in the end. I had fun in this world once again and would recommend this story and this series to any Paranormal Romance or Shifter Romance reader.

I read this title through my Kindle Unlimited subscription.

Second chance story

Shane has finally found his place in the world and has made his home deep in shifter country but he misses the one woman who lit up his life. Jessie got pregnant one wild weekend and now has a part shifter son. She's never been able to find his father and never forgotten him either. Jessie moves to shifter country to raise her son and runs into the man she can't stop thinking about by accident. After the shock wears off Shane realizes that he has a mate and a son and he needs to man up and take care of them.

A nice little read

Grant sounds so adorable.

It was good to read about misfits, I guess would be a good description. At least until they get to Deep Hollow anyway.

I liked that she didn't freak out when he did and do something rash.

It was a good read.

Charming Christmas story about Eddie Bear family

A human girl met a man two years ago and fell in love with him. They're affair lasted only three days. She ended up being pregnant but not knowing where Maverick was.

My friend was visiting her and realized that her baby was a shifter, a bear shifter. She and true friend move her to the town of Deep Hollow.

She mad Maverick one day when she was going to a cookie exchange. Maverick was done to find out he had a son.

The characters are terrific, sexy, and charming. The plot is two people finding that they are in love and mates. I like this book because has a happy ending. Another thing I like your description of the area surrounding the little family.

Highly recommended for a short shifter story.
