Rachel says

I find him an fascinating author. how he takes the strange and puts it into context. Then somehow made Victorian culture accept his writings.

Juliet says

Found this as a young adult. The masque of the red death's imagery is as vivid as ever

Matt Moran says

Edgar Allen Poe is a name that everyone has heard at one time or another, if you are an avid reader. He has written a number of timeless classics such as Te Raven, or The Pit and Pendulum. He is such a fantastic writer, that once you can 'get the feel' for his style, it will make it very enjoyable for you!

In the The Tell Tale Heart, I found that not only was the story incredible, but the way that he developed only two characters in such a way that you can really identify with them, but yet feel horrible that you can. I would suggest this book to higher level thinkers, who likes to read scary stories and have a good imagination.

Mingo Twain says

Always good to revisit the classics.... so I won't say "Nevermore".

Debbie says

Gotta love Poe. Nothing like it out there. Especially liked the Teltale Heart, Masque of the Red Death and Cask of Amontillado.
