The Quotable Slayer Micol Ostow

From the very beginning, Buffy's snappy, sparkling dialogue and incisive insight into the human condition has been acclaimed by critics and fans alike. 'Writing as good as that for Hill Street Blues, The Simpsons or...Alan Bleasdale at his best' said the *Guardian* as far back as season one. 'The only show outside Larry Sanders where you rewind to confirm that the wit was that dark' said the style gurus on *Uncut* four seasons later. 'Wittier than *The West Wing*' affirmed *Time* magazine. On the internet, fan sites abound with choice quotes painstakingly culled from favourite episodes, and no episode review is complete without a 'best dialogue' postscript. **THE QUOTABLE SLAYER** collects of hundreds of quotes from all seven seasons of the show, categorised by character and by subject and illustrated in both black and white and colour. Whether pithy or moving, funny or profound: the complete range of this remarkable drama is here for fans to refer to again and again.

Cordy says

as always another 5 out of 5 star book for me. all buffy related items are a 5 in my opinion

Dark-Draco says

I got this from Bookmooch.com, and once I received it, I devoured the lot within 24 hours. It's a great book for dipping in and out of, reading a few quotes whenever there's a spare few seconds to fill. There's quotes from all the favourite characters, from all seven series, and each one took me back to the episode it came from. One I will probably enjoy again and again.

Christina says

It's like a Buffy bible, although there are some quotes that never made the cut which is disappointing. And my copy is utterly TRASHED because something strange must have infected it and it COMPLEEEETELY fell apart. I refuse to throw it away though - especially as I can't find it in stores anymore and it is seriously the greatest memorabilia!

Marque says

As embarrassing as it is that I made a slight return to the geekdom of fan-generated literature, it was a fun read.

It is what it sounds like, a book of quotes from the series. A walk down memory lane.

My only critiques:

Not enough Anya quotes!

Too many Riley quotes.

Matt says

Here it is, fellow fans of quite possibly the best television series about the supernatural ever conceived -- all your favorite *Buffy the Vampire Slayer* episode lines from all seven seasons (or pretty damned near), organized by topic and character. I've seen just about every episode several times now, and I still find myself leafing through this for choice jokes, snaps and comebacks from Buffy, Xander, Willow and the gang. Now if they would only put out a companion volume to do the same for *Angel*...! Break this out while watching the reruns on Logo and see how many you can find from the episode that's on!

Rupert Matthews says

A blast from the past, and an essential read for any fans of this great TV show.

Such great gems as

Buffy: The sarcasm accomplishes nothing.

Giles: It was sort of an end in itself.

Xander: Is it difficult the play the guitar?

Oz: Not the way I play it.

In all 260 pages of great quotes. Of course, if you are not a Buffy fan then this is not for you.

Saga says

I loved it! It made you think back to some episodes. The only reason why it gets 4 stars and not 5 is because some of my favorite quotas were not in there.

Joy says

My BBF (Best Buffy Friend) Beth got me this book. it is great to read while you are...uh, hum...on the throne. Any proper Buffy Fan would appriciate the compilation of witty Buffy quips and puns! THANKS BETHY!!!

Peter says

This as been sitting on the shelf unread since its original publication with only the occasional flick through. This is one of those cashcow books that has no reason to see the light of day, except to make money from fans; of course.

The two stars are because it inspired me to watch the series again.

Lesley says

This book reminded me of better days when there was Buffy and the Scooby Gang. Reading these quotes, I could hear the sarcastic comebacks said by each person and loved it all. A good trip down memory lane which made me want to watch the entire series all over again. BTVS was Joss Whedon's masterpiece that can never be duplicated or topped.

Allison says

Gotta love the Buffy quotes.

Amanda R says

There were at least 2 quotes I noticed that were attributed to the wrong characters. Since the whole point of the book was to list quotes from the show, you'd think they've have been a little more careful.

T says

i wasn't crazy about the way it was organized but it at least gives you the references along with the quote. of course, for a diehard fan like me, a book will always leave out things we think should've been included but overall, fun.

Indah Threez Lestari says

Love it!!!

I read this book after I re-watched all episodes of Buffy the Vampire Slayer TV Series, so when I read the quotes I can pictures the acts in my head and how the actors said them.

I love the TV series because its witty and funny dialogues, and this book compiled the sharpest, most telling, and memorable quotes from the show. Just the way I like it!

Hpitcher says

so my best friend gave me this for my birthday because this summer i decided to get through all seven seasons on my computer. i pretty much became obsessed and she gave it to me. i was pumped and i love this book it has the best and funniest quotes ever!
