# To Be His

Terri L. Austin

**To Be His** Terri L. Austin

**A companion novella to the RT Reviewer's Choice Nominee *His Every Need*, told from the hero's POV**

I didn't amass an empire without taking risks, but I'm not a complete arse. So yes, when I offered to trade Allie Campbell three months as my mistress for her family home, it was a joke. Only thing is, she wasn't laughing...and she bloody well took me up on it.

Well, all right then; I could play that game. I figured I'd take her on, we'd have some fun, and in three months, she'd walk away with her family intact and I could get back to what I do best: making money.

But I'd made one mistake along the way. I stupidly assumed that after having her, I could walk away. I was wrong. I don't know how long this feeling-this consuming need-will last, but I'm not ready to let her go.

Not now. Not yet. Maybe not ever.

# From Reader Review To Be His for online ebook

## Lisa Mandina says

Good, but too short. Full review to come on Lisa Loves Literature soon.

---

## ies says

cuma 8 chap si, dan dr POV si masnya... overall ya kejadiannya sama si (ya iyalah)

cuma ada bonus 4 chap buku 2 awww... pengen baca si Monica - Cal ^^

---

## Jess says

Not as good as His Every Need. I found Trevor's constant narration not as entertaining or interesting because he's a huge asshole until well after the novella ends.

---

## Marsha Spohn says

First reviewed at Keeper Bookshelf

To Be His is a charming, sexy, steamy and totally entertaining companion novella to the first novel in this series, His Every Need. I have only one regret about this review – that I didn't follow my instincts and read His Every Need first. This story is an enhanced version of the beginning of the relationship between Trevor and Allie, told entirely from Trevor's viewpoint and in his voice. You don't have to read the first novel to enjoy this short story – but, I believe the experience will be improved for the reader should you read this one second.

Trevor comes off as the totally uninvolved in the small people, mega billionaire with a large stick up his arse. Note that I said – comes off as – because underneath that hard exterior is a soft heart for the right people. Even early in Trevor's commentary we begin to see chips in that hard expensive marble personality he puts out there for the public to see. He has a soft spot for his butler and his housekeeper, and while he will not see it nor admit it easily, he also has a soft spot for Allie, too.

This is a hot and steamy novella. While I would not classify it as erotica, there is certainly a lot of sexy dialogue between Allie and Trevor, and even more in Trevor's head as he thinks about this lovely and frustrating lady. I certainly can't call this a slow burn story cos you can see and feel the steam flowing up off of the pages – but it will take a bit of frustration for Trevor (and perhaps Allie) until they actually get physical.. but when they do, it is definitely sexy, hot, steamy and sensual.

I loved being in Trevor's head with only his voice telling this beginning from his completely arrogant, sexy point of view. If you have the chance to read His Every Need first, I would recommend to fall into this series from the actual beginning. To Be His is sexily delightful, but it would read as a recollection from Trevor's mind so much more satisfyingly if you read them in order. Totally my opinion, but I believe the series experience would be enhanced should you read To Be His second.

I highly recommend this one for any reader who loves sexy, hot and steamy love stories... and if you would enjoy seeing the story unfold completely from the male's point of view. This is a series that will captivate and delight readers of good love stories... just have a cool, soothing drink handy, you're gonna need it.

\*wink\*

\*I received an e-ARC of To Be His from the publisher and NetGalley in exchange for an honest review. That does not change what I think of this novel.\*

#### **Its ok**

It was an ok book I was shocked it was all from the guys point of view though. I would have liked to see was she was feeling, bit since this was a 1.5 boo and not really the full novel.. I'm seeing im not suprised.

---

### **Ann says**

Great book it was tense there for awhile I don't think they liked each other much especially at the begging

---

### **Sissy's Romance Book Review says**

'To Be His' by Terri L. Austin is the 1.5 book number in the " Beauty and the Brit" story. This book covers Trevor's thought on meeting Allie and leaves you halfway through their story with his point of view. I actually read this book first by mistake so fir me this was a cliffhanger book but if you read the books in order as Good Read has them Book 1 'His Every Need' covers they whole story with both point of views. I enjoyed this book and and 'His Every Need' book so much that I stayed up all night reading them.

Allie is a strong character that is just trying to save her family that is going in all the wrong directions since her mother cancer death. Trevor is a bit harsh with her but we slowly learn he didn't have a very loving childhood and was raised by his grandfather.

The secondary characters were really good too!

### **Jessica Cale says**

WOW. I really enjoyed this novella! Trevor has a very strong, distinctive voice, and it carries the first-person POV of this novella effortlessly. He's British, and he sounds like it -- he is impressively authentic down to his cursing and affection for Jammie Dodgers. The writing is excellent--skillfully developed and seriously fun--and it was very easy to get sucked into this story. Cheeky, unexpected, and incredibly hot, this novella has earned Ms. Austin another life-long fan. I can't wait to read the next one!

---

### **XxTainaxX says**

The circumstances under which Allie and Trevor meet are not very conducive to an amorous liaison. He is not very likeable in his demeanor. His staff is actually more personable. The novella is a decent intro into their relationship but I am on the fence as to whether I'll be pursuing the story or not. Trevor just did not do it for me.

### **Sohinee Reads & Reviews says**

I was supposed to read "His Every Need" first but I read it first and I'll have trouble going to sleep tonight! This one just ends abruptly :( Just when I was anticipating the twist, it ended...like just ended. \*cries loudly\*

Anyway, the first person POV was really good. It didn't feel that I was reading a first person POV. It was smooth. I didn't cross path with too many "I". I was actually enjoying the bickering between Trevor and Allie. They have got the hots for each other, of course.

It was steamy, sexy but the end... \*cries again\*. Need to get my hands on "His Every Need Soon" or else I'll turn into a frustrated lady.

### **Shirley Klohr-Ricci says**

#### **Determination**

Exciting fun frustrating sexy love story with incredible characters who have trouble getting what they really want and need! Thanks enjoyed your story,now buying all 3 books in your series ??

### **Silverluna says**

:)

---

### **Becky says**

If not for free I would have been angry... just ok read from H POV. Not really anything new, same story skipped a lot of pages since same story and it was already a short read. Would totally recommend skipping just read the first book...only bonus was several chapters from next book.

---

### **Corina Jamieson says**

#### **Annoyed**

64% then it ends.... Not on a cliffhanger, it just ends... Two more books in the series and I will not be buying them.

The other 36% is a preview of other work available, but why not give us more of the story we paid for and a smaller preview of other works.
