## **Elizabeth says**

Good book but not my favorite of the Chicken Soup animal books. The first Horse Lover's was better.

---

## **Jodi says**

My ten year old received this book at her barn Christmas gift exchange and she asked me to read it too.....kind of reminds me of the Rosmary Wells book.....Read to your bunny every day and soon your bunny will read to you! This is the first time my daughter has handed me a book and asked me if I'd like to read it. Of course I did even though I probably wouldn't have otherwise! I hope we get to share more books over the years. My favorite story was "Hero of the Week." How could someone just walk away from a horse like that? Poor thing - so starved it was amazing to be alive and the vision of its tale glued to the ground by the extreme layers of manure made my stomach churn. I am so glad this horse found loving people to care for it!! I also loved the cartoon of the little girl building a bigger chimmney so Santa could bring her a horse - if this worked, my daughter would be working on a bigger chimmney for our house right now too! The story about "Horse Mania - An Incurable Affliction" summed my daughter up to a "t." This city girl would never have dreamed of being able to tack up a horse before I became a mother! Must say that I find horse to be gentle creatures with "dog-like" qualities - especially when I have a bag of carrots in my coat pocket!!

Personally I think it's hard to try to write a review of a compilation of individual stories. Most were pretty moving, some could bring you to tears and other brought laughter. It is a great book for touching horse stories and those based on overcoming obstacles. I personally wouldn't recommend this as a book to sit down and read at once, as each titled story is it's own and lasts only 2-3 pages. It was pretty good, though. It didn't disappoint.

---

## **Hunter says**

I enjoy these books a lot because i love horses and their stories but these stories they are all so sad why can't they be more happy? :-)

---

## **Joanne says**

Loved it,quite heartwarming!!

---

**Aria says**

not my favorite book, its ok i guess i just cant keep reading it. its the same thing over and over :P

---

**Rlouiseg says**

This is a really nice read. I enjoyed it as much if not more than the first one.

---

**Paige Miller says**

Awesome book. Very touching. Some stories made me laugh out loud, some made me cry.

---

**Kristen says**

The stories in this book were wonderful. They made me smile, chuckle and even tear up. I would highly recommend this to horse lovers of all ages!

---

**Kelly Rubish says**

Good stories, but a very short book, compared to its prequel. It also doesn't have the depth that the first "Horse Lover's Soul" book did. There just weren't enough stories that touched me enough as a lifelong horselover, for this this collection to feel like "chicken soup."

---

**Kay says**

Great Book!!

---

**Elizabeth \*Swords for Fighting\* says**

Chicken Soup for the Horse Lover's Soul II is a heart-warming book. It is full of touching stories involving horses. It is the kind of book that will make you laugh, smile, and cry. Many of the short stories are sad, but they will leave you with touched. On the other side of the spectrum, some of the stories will have you laughing.

Those of us that have had horses in your life at one time or another will feel a connection to this book. It is

definitely a book for horse lovers. Having had some wonderful horses in my life, this book hit home. It made me realize how much of an inspiration horses have been in my life. Having a deep connection with a horse is an experience like no other. It was a great read and absolutely amazing.

---

### **Ashwise says**

Not as good as the first one.

---

### **Emily says**

I really like individual stories, that is probably part of the reason i loved this book so much. You know, getting so many styles of writing in one book.

OneOf My Favorites was on page: 250

---

### **Montana says**

As A Horse Owner I loved All The Stories In This Book. I love All The Chicken Soup Books.
