Jeremiah's Revenge: A Liv Bergen Mystery Sandra Brannan

Sandra Brannan has once again masterfully delivered on her latest compelling installment in the Liv Bergen Mystery Series. Liv has recently returned to work at the FBI from a forced leave of absence after witnessing the brutal murder of her boyfriend, Jack Linwood. As she painfully emerges from her grief, Liv comes face-to-face with two facts: She did not truly love Jack, and she does love her long-time colleague and mentor Streeter Pierce. But she wonders if she can find the courage to let him know or just how much longer she can hide her feelings. As Streeter and Liv are drawn together and a tender relationship begins, a gritty and often shocking set of events is unraveling around them. And while fans of the series have long waited to know the truth about his past, Streeter's honest revelations lead to nothing but fear and his worst nightmare—where Liv is put within inches of losing her life. The title of the book, an evil twist referencing admonitions from the Bible's Book of Jeremiah, sends a warning to the steadfast agent's fans they won't soon forget.

This was my first book in the LIv Bergen Mystery series. I liked it and it could be read as a stand alone. The suspense was real, the characters were well developed and the story held my attention until the end. I have a few complaints. The first was that the author gave us a lot of detail on facts that were unnecessary to the story, for example all of Liv's siblings full names and their meanings. Second was the fact that Liv was an FBI agent and yet was very naive about a lot of things. She withheld essential information that might have kept her and Streeter safe and aware of potential danger. Also for an FBI agent, she did a lot of things to put herself in danger like answering a door without checking who it was after being followed earlier in the day. She also knew there was a dangerous criminal on the loose and yet when she had a car accident she didn't take any safety precautions when dealing with the person who hit her thereby putting herself and her protection in danger. I just didn't buy a lot of the situations that she got herself into. I liked the book and will probably read more in the series but I wish the characters actions were more true to what they were supposed to be.

Thank you to NetGalley for giving me an ARC for a fair and honest review. The opinions expressed are solely my own.

Thank you Netgalley and Green Leaf books for the electronic copy

I discovered Sandra Brannan's novels on Netgalley and quickly read them all. I love all of the characters and felt like I got to know them better in each novel. I can't wait for more in the series. I recommend you start from the beginning and read them all.

I received Jeremiah's Revenge by Sandra Brannan in a giveaway sponsored by the publisher. Review is unbiased.

I did not realize when I entered this giveaway that this was part of a series. I enjoyed the book, but I do feel like I would have liked it more if I was more invested with some of the characters. Interesting plot. Strong female MC. 3.5 stars

Favorite passage:

Red Revor, Red Rover, Send the assholes right over.

I received this book through the First Reads giveaway program.

A fast paced mystery thriller that can easily be read as a stand alone book, even though it is part of a series. A very realistic look at challenges and biases faced by those who live on our country's reservations.

Makes me want to read the other books in the series.

I. Love. These. Books!

I take great pleasure in reading a book with a well-crafted plot and characters with all too human traits. I've come to expect nothing less from Sandra Brannan in her Liv Bergen mysteries. She just doesn't disappoint. Here is another cleverly Biblical title, replete with Biblical passage, to tempt and tantalize.

Is it strange that I read all the most human scenes with tears in my eyes? Well, I do. I say that without shame. There are scenes in these purported procedurals that do so very tenderly touch my heart. As far as I am concerned, the backbone of a good series lies in the backstory. Liv Bergen and her eight siblings, Streeter Pierce with his self-contained torment keep me reading from book to book. These characters have become very real people in my world of books.

I recommend that you pick up copies of all seven books in the Liv Bergen mystery series, curl up in your comfy reading spot, and enjoy the roller coaster ride that is Liv's life.

The seven books, in order, are:

In the Belly of Jonah
Lot's Return to Sodom
Widow's Might
Noah's Rainy Day
Solomon's Whisper
Jacob's Descent
Jeremiah's Revenge

I would like to thank Goodreads for choosing me as a winner of this book. This was my introduction to the Liv Bergen series and the more I read, I found myself enjoying this mystery as the characters & their lives were discussed. Quite thrilling towards the end as I'm interested in the next installment as well as the previous books in this series. Great read

Liv Bergen Mystery Series
Book 1 - In the Belly of Jonah
Book 2 - Lot's Return to Sodom
Book 3 - Widow's Might
Book 4 - Noah's Rainy Day
Book 5 – Solomon's Whisper
Book 6 - Jacob's Descent
Book 7 - Jeremiah's Revenge
by Sandra Brannan

The Liv Bergen Series by Sandra Brannan will split audiences, either loving or extremely disliking the books.

On the positive the books are faced paced, with a modern female lead. The gripping story line twists and turns like a snake on a mission.

On the negative, after the first, the books fall into a pattern, with the spice losing its flavour quickly. The second and third books are a much harder read.

The first book in the series “In the Belly of Jonah”, introduces the characters Liv Bergen, amateur sleuth, and her love interest, FBI Agent Streeter Pierce.

They investigate the gruesome murder of her summer intern Jill Brannigan. More murders are quick to follow, by a madman with an appetite for human art.

I won this book in a goodreads drawing.

After the events of the last book, which I haven't read, a female FBI agent is speeding to work. She needs to tell her superior she has feelings for him. Meanwhile, the superior is mooning over her. A prisoner gets out on parole, and is going to get his revenge on them.

I rolled my eyes a lot.

Laura says

Sandra Brennan has done it again. As in the other books with FBI agent Liv Bergen, we find out more and more about her. However in this one maybe we found out a little too much. Liv is returning to work after the

death of her boyfriend and things are getting back to normal so to speak. She is dealing with the fact that she really did not love her boyfriend as much as she does Streeter Pierce who is a longtime colleague and her mentor. The reader is let in on a few things that probably do not seem real about Liv as an FBI agent. Things that no agent would do especially a female one. Such as opening a door without knowing who is on the other side. We do get to finally see Liv and streeter get together, however something is going to happen and it has a biblical pretense to it. I recommend this book but I do not think you should read as much into it as I did. I guess maybe I took things too literal but I did really enjoy the read and still thought about it far after I finished it.

Thank you to goodreads as well as the author for giving away a copy of the book for me to read in exchange for my honest review.

Another thrilling book by a local SD author. Sandra does such a good job weaving Black Hills and Lakota into her works.

Johanna Sawyer says

Thanks Netgalley for a ARC to read and give my opinion.

This isn't supposed to be released until June 5.... but here we go. Jesus...this was good. Liv Bergen is my hero. I absolutely loved this book and I could not.....NOT put it down. This is where Liv and Streeter finally get together.....spoiler but we Knew it was bound to happen. In this book Jeremiah Coyotes Cries is out on parole and going after the one man who put him behind bars. Like killing his first wife wasn't enough. Streeter and Liv though are the heroes in this book with five stars of thriller action. If you loved the others then this will not disappoint!

Denice Langley says

I love the Liz Bergen books! While looking for a new series to read, I stumbled, literally I tripped over one of her books, into Sandra Brannan's books. Ms Brannan has done an excellent job of maintaining her characters while gradually expanding their history. So you not only get a great mystery to figure out, you join familiar characters in their lives. Even without knowing of Liz' unusual family, you will enjoy the "mystery" with it's unusual ending.

Tobyann Aparisi says

I won this book from Goodreads (kindle version) for an honest review.

This book makes me want to go and read the other books in this series. This is a very well written book with a very intriguing and riveting story. The characters are well described and the scenery is written with real imagery. A very good mystery with a touch of a love story thrown in. I highly recommend this story to

anyone that likes a good mixture in their thrillers. Very mysterious keeps you guessing until the very end. Even though this book comes from a series, it did well as a stand alone. Like I said though I will go back and read others from this series as I really enjoyed this authors writing.

Shirley says

Just can't get enough of Sandra Brannan's books. Loved it.

Bonnie says

Only 3 stars as the book ended a cliffhanger! Enjoyed the book until it just abruptly ended! Thanks for the opportunity to read this book.....
