Let Me Be Frank

Don Massenzio

Let Me Be Frank Don Massenzio

A young girl is senselessly murdered. The police believe the murder to be a random homeless casualty until it is discovered that she has ties to Fat Sam and his mysterious past life in The Big Easy. Join private detective Frank Rozzani, and Clifford “Jonesy” Jones as they travel to historic New Orleans and other areas in the Gulf Coast to search for clues in the girl’s trek to Jacksonville, Florida that will help them uncover evidence implicating those responsible for the murder so they can be brought to justice. They soon discover that things are not as they seem. As the case progresses, the evidence uncovered has ties to the tragic events that drove Frank from his life in Syracuse, New York. Frank realizes that proceeding with the case could change his life, as well as the lives of those around him, forever.

From Reader Review Let Me Be Frank for online ebook

Beth Lechman says

PI Frank Rozzani has been in Florida hiding from the mob after they killed his wife. He is hired to find the person who murdered a young woman. Him and his partner Jonesy follow the leads to New Orleans where the victim is from. In the process of trying to solve the murder he is brought to the attention of the mob again.

Elizabeth Robbins says

Thoroughly hooked on this series! Book 2 ends in a heck of a cliffhanger! It's a good thing book 3 is coming out soon! In this story, Frank and Jonesy head to New Orleans, to investigate an age old feud which may have culminated in murder. They manage to stir up a huge hornets nest in several states, and draw some unwanted attention. Jonesy meets a girl....

Tawa Witko says

Let Me Be Frank is the second book in the Frank Rozzani Series, and I must say that I actually liked it more than the first book which I enjoyed very much. The story weaved through several interesting places in an intricate plot that revealed some of the past that a couple of the characters, Frank and Sam, had been running from. The pace was quick and he never gave away the essentials of the plot, allowing the reader to figure out the who did it on their own and see if their theory was a correct one. I enjoyed the addition of Dr. Holly Waters and that she will give Jonesy a run for his money. Before I hit the last chapter though I just knew something was gonna happen and I look forward to reading the third book in the series, Frank Incensed, to find out what transpires from here.

Mike Billington says

Author Don Massenzio has created an interesting cast of characters in his Frank Rozzani detective novels and he has managed to put them into some interesting situations.

Rozzani is a tragic figure in one respect: A former cop, his wife was murdered by shadowy mob figures and his two children are hiding out in a witness protection program while he pursues a second career as a private investigator in Jacksonville, FL. He has made some good friends in the relatively short time he has lived and worked there including a police officer, a lawyer who would rather be surfing than arguing cases in a courtroom, and the owner of a well-known eatery. It's that restaurant owner who asks him for some help when one of his employees - a pretty young woman who was trying to get her life back together - is murdered and her body dumped in a park. The investigation will lead Rozzani to a place he does not want to be: A confrontation with organized crime figures but he takes the case anyway.

Massenzio writes in a crisp style; the dialogue in this book, for example, often reminded me of the paperback books featuring Sgt. Joe Friday of "Dragnet" fame that I read when I was much younger. His descriptions of people and places is offered up without a lot of flowery adjectives and the narrative is nicely paced. The plot

is sufficiently intricate and there are a number of red herrings thrown into the mix so you are never quite sure until the end of the book who is responsible for the young woman's murder and why she was killed. As with many authors who write serials, Massenzio has borrowed a technique that is very common in television: He leaves his readers on edge waiting for his next installment because "Let Me Be Frank" ends with a cliffhanger.

All in all, a nice read with intriguing characters.

Edward Beavers says

Frankly better

This was better than the previous book which was still an excellent read. The flow and storytelling was much improved and the lack of the numerous typographical problems with the 1st book was better. Looking forward to the next book.

Marilyn says

Good

the book that is all about how people in the mob run people's lives and those they love. the ending leaves you wanting to read the next book.

Randy says

Hidden History and Murder

Frank Rozzani, P.I., and his partner Jonesy, lawyer/surf shop owner, play together in a jazz combo at the club Sun Dog in Jacksonville, Florida. They are hired by the owner to look into the murder of a young woman that worked there.

The trail leads them to New Orleans and two families once part of the crime scene there, though now legitimate. The murdered woman was part of one of them.

Someone was working hard to make it appear that the other family was responsible.

As Frank and Jonesy poked around, disturbing things from the past float up. Dodging bullets and murder attempts, they gradually figure the truth.

I've become a big fan of Massenzio's work in the three Rozzani novels and short story.

John W. Howell says

A young girl is senselessly murdered. The police believe the murder to be a random homeless casualty until it is discovered that she has ties to Fat Sam and his mysterious past life in The Big Easy.

Join private detective Frank Rozzani, and Clifford "Jonesy" Jones as they travel to historic New Orleans and other areas in the Gulf Coast to search for clues in the girl's trek to Jacksonville, Florida that will help them uncover evidence implicating those responsible for the murder so they can be brought to justice. They soon discover that things are not as they seem. As the case progresses, the evidence uncovered has ties to the tragic events that drove Frank from his life in Syracuse, New York. Frank realizes that proceeding with the case could change his life, as well as the lives of those around him, forever. (From Amazon)

Let me be Frank is book two of the Don Massenzio Frank Rozzani detective series. This second book seamlessly picked up where book one left off. It is interesting to note that one does not have to read book one in order to enjoy book two. Mr. Massenzio does a great job of giving the reader all the background and color to jump right in and enjoy the story. What a story. It takes the reader on a ride from Jacksonville Florida to New Orleans. The detective Frank Rozzani needs to go on the road to track down the killers of a young girl who was a friend of Fran's good friend Fat Sam. As you can imagine once in New Orleans Frank and his partner discover there is more to the case. I have to say the storyline is fantastic. I could not guess the outcomes but was pleased with how the story finished.

This book is fast-paced and rich with the detail the reader needs to feel part of the action. Mr. Massenzio does a great job in capturing the sights and sounds of New Orleans and its strong family rivalry.

I would recommend this book to those who like a detective story that has depth and extremely well-developed characters.

Janice Spina says

An enjoyable mystery in book 2 of the Frank Rozzani Mysteries. Frank and his friend, Jonesy, are on a case again helping the police solve the murder of a young girl.

When they delve into this case they find more than they bargained for since the girl is someone they know and who is connected to their friend, Big Sam. Big Sam has connections to the mob from his past when he lived in New Orleans.

Don Massenzio has created a likable bunch of characters and an intriguing series that takes the reader along for the ride as Frank and his friends work their way through clues and solve the cases.

I look forward to more mysteries in this series.

BonusMom says

Great follow up story

The characters in this series keep getting better and better. And yes I will be getting the next book to see what happens !

Melody says

great read!
