This was definitely a shorter story, but it makes me wonder what will happen next, which I suppose is good for a #1 in a series. Autumn lives next door to a hottie. Through the thin walls separating their apartment, she hears him pleasuring a different woman once a month (I still want to know why it's only once a month, lol). Since she can't find a man to dominate her like she wants, she's started looking forward to these monthly "dates", because it's the one time she can really indulge in her fantasies and get off really hard.

Only problem is that she hasn't been careful about how loud she gets and her neighbor has heard her and decided he needs to actually meet her. And once he recognizes her submissive nature, invites her to service his friends the following month. So she has to wait an entire month, wondering what they're going to do to her, not knowing who any of them are, after having met her neighbor once and she's going to be blindfolded the entire time... seems a bit far-fetched, but it made for a squishy story, lol. I think I'm going to have to read the next one to see if their relationship continues. At the end of this one, it seemed like it might, but I wonder where it goes from here.

Fun fantasy book. Girl listens to guy next door once a month as he has random encounters with women, and uses the time to fulfill some of her own fantasies. Guy overhears woman being a little too loud and goes to her place to let her know, with a mischievous twinkle in his eye. He proposes that she let him indulge her fantasies, along with some friends of his. She bites.

Hot menage, dominance, as well as worship of the woman ensues. Verrah nice. Me likey.

I really enjoyed this story! From beginning to end the sexual chemistry and desire was so palpable you could cut it with a knife. My first thoughts were "gang-bang" but when the other men were introduced we get a much deeper experience. Each man has their own personality, their own way dominating a woman. What I liked best was that each man cared about her; she wasn't an object to be used only for their enjoyment. They actually cared that she was comfortable, cared for, and being pleased. The ending held a promise of more to come, but the Series name suggests we will get a story for each man in the Pleasure Brigade. I would definitely like to know more about Autumn's experience and growth as a person.

I am adding Cara Carnes to my Author watch list and The Pleasure Brigade to my read more list. Very well written!

Oh my...I must read more of Autumn's adventures with these sexy men!

WOW!

I really enjoyed Passion Next Door.

The author did a fabulous job. This is a steamy novella, and the characters kept leaping off the page!

Kade, Lance, Lorenzo, Chase... I felt like I knew all of them, even though Autumn (the heroine) was blindfolded for the most part. Oh yes, there's light bondage and a hot ménage!

Great book!

Holy hotness, Batman. Now, it might be the strong drink I've been sipping but this was one seriously steamy read! Lots of sexin', lots of dominance, lots of willing submission. This was very, very fun! I like!

3.5 Four guys! Damn.. This was a hot short story.

Yz the Whyz says

Pure smut but very hot. :)

Wanderlust says

Holy god, four men at once, jeeze... that... wow.. speechless & jealous at the same time..

Mae Hanley says

Hmmm - nothing like jumping straight into the action.

Since this is a teaser story to the rest of The Pleasure Brigade I'll not go into how I was really looking for more on the men's relationships with each other.

Autumn is very adventurous, first for letting the sinfully sexy next door neighbor, Kade, into her apartment without knowing him, second for agreeing to his little game. Whew - it was hot that's for sure.

Holy Cow! This story started out with a bang and never stopped. It was sizzling hot and even though there was menage the connections between the men Kade introduces "Jane"/Autumn to was more than superficial. The one big thing was that it ended in a cliff hanger type ending. We don't find out anything beyond the night the menage happened whether they continue seeing each other and if they have a HEA. I hope the author plans to tell us more about Kade and Autumn. I have so many questions about why Kade does this and what he does for a living. I got the feeling that he doesn't live in the apartment Autumn hears him with the girls. Does he have another home or is he away in another country like one of the others in the menage? What exactly do all the others do for a living? Will we see more about them (I was partial to the Cowboy YUM!)?

I strongly recommend you go out and buy this!

Sometimes there can be benefits to having paper thin walls, especially when your sexy neighbor has his bedroom wall right next to yours. That is the case for Autumn Scott. Once a month, she steps into her fantasy of being dominated with her neighbor's rough commands and the cries of pleasure as the soundtrack filtering through her wall. What she didn't realize – if she can hear him, then he can hear her. She's about to have the experience of her life at the hands of Kade Berges and The Pleasure Brigade.

My first Cara Carnes experience and I loved it! The plot is both sexy and funny. Autumn is so in tune with the goings on next door that she knows most of her neighbor's habits – what type of female her prefers, how long the sexcapades usually last, and what laughter at the door means. Then Kade knocks on her door.

"Beautiful name for a sexy woman. Tell me, Autumn. Did you get to come tonight?" His hand wound in her hair, his gaze roamed her body. "Because I sure didn't."

[...]

“I decided it was time for you to pay for your pleasure.”

[...]

“Not really payment as much as punishment. See, tonight’s lack of pleasure was your fault. I found myself only able to think about you, and what you were doing over here.”

Autumn has yearned to explore more of her sexuality, but her ex boyfriend was as vanilla as they got. Kade gives her a little taste of what she can expect if she accepts his offer to play with him and his closest friends and gives her an entire month to think about submitting to The Pleasure Brigade.

I loved Autumn’s openness to exploration and experimentation. She’s obviously a more than willing participant, and the men treat her with a bit of reverence and respect while still maintaining their Dom personas. Even though she is shared among the four men, she wasn’t merely a tool for their pleasure. The scenes in this short story were incendiary! I thought she had chemistry with all of them, but perhaps moreso with Kade since he laid claim to her first. This is obviously just the beginning, and it looks like there will be a series of adventures waiting for Autumn and Kade.

Fans of menage or more will definitely enjoy this story! Go grab a copy!

Autumn was very open and daring...in a way most of us yearn to be in secret. When Kade comes to her apartment she is more than willing to do exactly what he says. When he takes her across the hall and she is introduced to three other men, she realizes she is there for pleasure...and of course her pleasure.

The book was a quick erotic tale that leaves the reader wanting more. There is a hint of more to come. I’m excited to see more adventures from Kade and Autumn.

It's sure to be a hot time for any reader.

This makes for a good short erotic read and I wouldn't recommend it if you like at least a bit of romance. This short read doesn't have any romance, it is purely erotic.

Once a month, Autumn gets off by listening to her next door neighbor as he has what sounds out-of-this-world-sex with a different woman every time. She doesn't talk to him and thinks he's never even seen her. Gosh, how she's so wrong on that. It turns out her neighbor knows exactly who she is and what she does, and this one time he's had it. Kade knows what she's up to and shows up at her place. He lets her know, he knows and has a proposition for her that Autumn just can't resist.

Overall, I thought this was a good read; however, it was too short. I wished there'd been more to the story. Then again, anyone looking for a short bed time read, this would be perfect.

Autumn lives in a tiny New York City apartment, once a month she hears her neighbor having raunchy sex with various women. As Autumn listens she imagines that it's herself. When her neighbor overhears her, he comes over and offers that she be his next month's participant, but not just with him but several of his friends as well. She agrees.

PASSION NEXT DOOR is exactly what it claims to be, a steamy, passionate, erotic read. Very erotic, very, very, very erotic. LOL. It was hot and I liked it a lot. There was nothing that really annoyed me, nothing that set my teeth on edge or had me rolling my eyes in annoyance. However, I couldn't help wanting a little bit more. No, I am not talking about a romance. I wanted more a journey of self-discovery. How did this experience change something in her life? How was she able to use this experience to be a stronger, better person? I've got that experience in other erotica that I read and loved but I didn't get that from PASSION NEXT DOOR and I wish I did.

However, that is one little grip and it is a really good erotic read.
