## Shadowed: The Final Judgment Jerry B. Jenkins

In this rapid-fire conclusion to the best-selling Soon series, follow Paul Stepola, his wife, Jae, and their young children as they try to elude capture by the National Peace Organization and sentencing for treason. The law banning the practice of religion around the globe is on the brink of collapse. The tide is turning but personal, family hostilities threaten to end in disaster before the world comes to its senses.

## Jennie-Lee says

Absolutely loved this series! Will definitely be a reread.

---

## Lisa says

Excellent, fast paced book.

---

## Heidi Williams says

A must read for everyone. Makes you really question am I ready are my family and friends ready? "People get ready Jesus is coming "

---

## Jerry says

[the ending seemed too Disneyfied; bad guy gets caught in his own deception, is thrown in prison, and all is well afterwards. Where are the mass disappearances, the return of Christ, and the judging of all Earth's denizens? This doesn't seem to live up to its premise. (hide spoiler)]

## Pepper Hartney says

### Riveting

I couldn't understand why there was a number 3 after the word Shadowed. I thought there was maybe more than one book in the series but couldn't figure out how to tell if there was more. It was such a great book that I'm going to have to read the first two and then reread this one again. Can't wait to see what was in the first two I missed.

---

## R. Riddle says

As usual, I enjoyed the book. For those of us knowing the future as told in the Bible, the story's ending sentence: "How long before the world once again fell under the shadow of persecution?" is a mystery only as to when.

---

### **Mike Farris says**

Great read from co-author of the Left Behind series. Practice of religion has been banned after the aftermath of World War III and a group of underground zealots try to survive while staying true to God.

---

### **Barbara says**

This thrilling conclusion of the *Underground Zealot* series is well worth reading. The ending is very satisfying, and the characters did not always remain as they seemed to be at first. It was interesting reading about the reactions of various individuals when an undeniable act of God occurs, and the amazing, ego-driven stubbornness of some. The entire series is definitely thought-provoking and intense. I highly recommend it.

---

### **Rachel says**

Excellent read.

---

### **Den says**

This is really good! After reading this makes you not know what to do next. If that makes sense.

---

### **Carla Still says**

This was a great finish in this trilogy of books. It was exciting to read the character transformations and plot twists and turns. The continued unfolding of the gospel was well written into the story. It was another suspenseful read.

---

### **Gloria says**

I didn't find it the page turner the Left Behind series was but it was a good series which shows what could come about if/when government has too much control and interferes with religious rights of citizens. I thought that something in the climax or final confrontation would involve Ranold being a first-born.

---

### **Kim Weese says**

This was an exciting conclusion to a pretty good series. It did not end how I thought that it would end. It was a satisfying ending. This series caused a lot of introspection...how would I deal with religious persecution? It

is good to remind ourselves of the freedom that we have here and to remember to thank God for it.

---

### **Kiersten says**

More great suspense from Jerry Jenkins, although not up to par with, say, the Left behind series. I felt like I just couldn't connect with the characters. I'm kind of on the fence about the ending, too - it seemed very pessimistic. I suppose Jenkins was just trying to make it realistic, but I didn't like it. It sort of downed the triumphant feel of the rest of the ending. Otherwise, though, it was good. Not excellent, not really memorable (for me, anyway), but good.

---

### **Mckayla Medley says**

Good book but some spots are kind of boring
