Anatole's search for wild fennel to cure his grandmother's asthma takes him on a fantastic voyage. "This is a book for those who revel in the unexpected, in wonderful invention, in powerful and vivid and even mystical fancy. McPhail's fine line illustrations are as lively, detailed, and well-realized as the book itself."--*School Library Journal*

**Donatella says**

Quasi impossibile da trovare, fu uno dei primissimi libri di cui mi innamorai da piccina. Di Re d'erba ho ricordi fumosi e fiabeschi, pieni di poesia.

Grazie a Libraccio l'ho recuperato e sono pronta a rileggerlo!

La rilettura è stata come tuffarsi nel passato. Tutti dovremmo rileggere i libri di cui ci siamo innamorati da bambini.
