Ilana says

A great series for tweens that love horses and/or are interested in horseback riding or racing. Teaches about the struggles of working with animals and the benefits.

Ashley Reif says

I loved it! I love horses, especially thoroughbreds! I love horse racing. but most of all I love the horses. Even though this book is fiction, I learned a lot. For anyone who loves horses, you would enjoy this series!

Stefanie says

I loved this book! Ashleigh and her talented filly Wonder are back and the end of summer and start of fall racing seasons take off. The adversity that both Ashleigh and Wonder experience makes for one of the most compelling books in the Thoroughbred series, and Ashleigh's reward for her efforts is enough to make any horse lover jealous!

Julie says

Loved these when I was a kid obsessed with horses.

Rena Sherwood says

This was where the series really should have ended. I may not remember much else of this book since reading it in the 1990s, but I do remember that much at least.

Bianca says

how do i read it on this?

Ashleigh says

This was a really good book. It teaches people not to give up on your dreams. Ashleigh always wanted to be a jockey and with a lot of determination she makes her dream come true.

P.S. Winn says

Head to Townsend acres and join the life of horse racing in a good read that I feel is great for all ages.

It was a good book filled with action and heart warming moments.

Rita Backe says

Nostalgisk og koselig, fra de glade dager i Pennyklubben.

Tarissa says

Ah! I enjoyed this book in the Thoroughbred series. Really good! Ashleigh becomes more involved than ever in Wonder's life, taking it a step further. I quite enjoyed the descriptions of the racing, and I learned new things about jockeys. It's quite interesting, both the true horse facts, and the fictional story. I was on the edge of my seat during the climax of the plot! Looking forward to the next book in the series.
