## Arctic Wargame Ethan Jones

Arctic Wargame is the first book in the wildly popular Justin Hall spy thriller series. It hit the Amazon's Top 100 Best Sellers in Suspense Thrillers list in July and October, standing at No. 11 and No. 8. Canadian Intelligence Service Agent Justin Hall--combat-hardened in operations throughout Northern Africa--has been demoted after a botched mission in Libya. When two foreign icebreakers appear in Canadian Arctic waters, Justin volunteers for the reconnaissance mission, eager to return to the field. His team discovers a foreign weapons cache deep in the Arctic, but they are not aware that a spy has infiltrated the Department of National Defense. The team begins to unravel a treasonous plan against Canada, but they fall under attack from one of their own. Disarmed and stripped of their survival gear, they are stranded in a remote location. Now the team must race against time not only to save themselves, but their country. Arctic Wargame is an action-packed spy thriller in the bestselling tradition of *Portrait of a Spy*, *Rules of Betrayal* and *The Bourne Identity*. Readers will enjoy a great tale of courage, fear and betrayal. The bonus content includes the prologue and the first six chapters of *Tripoli's Target*, the second book in this series, which came out on October 4.

## From Reader Review Arctic Wargame for online ebook

### Tony Parsons says

10/10, Ghadames, Libya (Prison). Agent Justin Hall (Canadian Intelligence Service) & Abdul (contact, Libya's Internal Security Agency) had been captured & now were in a holding cell. Ottawa, Canada. Canadian Intelligence Service Headquarters. Carrie O'Connor (CIS, former Joint Task Force 2, counter-terrorism unit Special Operations Forces, Afghanistan) & Justin were on suspension pending the internal inquiry.

Claire Johnson (CIS Director, North Africa) introduced Colonel Alisha Gunn (NDHQ, chief of the Defense Intelligence Section (DIS, Ottawa, Canada) & Anna Worthley (Operational Liaison Legal Services) to Carrie (HAC) & Justin.

The 2 read the report from the Communications Security Establishment (CSE) which is Canada's national cryptologic agency.

4/12, Grise Fiord, Canada. What did Nuqatlak (m, died) want Justin, Carrie, Anna & Kiawak Kusugak (Canadian Ranger) to find?

Mr. Sargon Beyda (terrorist) had been found guilty & was being taken to the Horsens Penitentiary & then transferred to the Copenhagen Prison (Denmark).

Inspector Bruin Roby was in charge.

SA Magnus Torbjorn (Politiets Efterretningstjeneste) & SA Valgerda Hassing (f, PE) pulled the transport group over.

SA Torbjorn & SA Hassing were taking Sargon close by Lake Søndersø to get information from him.

What happened to Carrie O'Conner (piolet)?

Who is Magnus Torbjorn?

I did not receive any type of compensation for reading & reviewing this book. While I receive free books from publishers & authors, I am under no obligation to write a positive review, only an honest one. All thoughts & opinions are entirely my own.

A very awesome book cover, great font & writing style. A very well written thriller book. It was very easy for me to read/follow from start/finish & never a dull moment. There were no grammar/typo errors, nor any repetitive or out of line sequence sentences. Lots of exciting scenarios, with several twists/turns & a huge set of unique characters to keep track of. This could also make another great thriller movie, or better yet a mini TV series. A very easy rating of 5 stars.

Thank you for the free Melanie Tomlin; Easy Reader Press; PDF book

Tony Parsons MSW (Washburn)

### Pamela Morton says

I was provided a copy of this book and really enjoyed it. I found it to be action packed just like a movie. In fact, it would make a good movie or good intriguing tv show. I found it suspenseful, thrilling and well written. would read more books of the authors

---

### **Read Ng says**

This was an ePub book given to me by the author. What a nice holiday surprise. I have since withdrawn from the Giveaway to give others a better chance to read this book.

The plot line was okay and had its highs and lows. I did not get super excited by the hero. It just seemed that the Canadian spy, was reaching too far. It's not that I don't believe the Canadians have a spy network, its just that I am not compelled to get behind this character. Perhaps I found the dialog not realistic enough. I was hoping and prepared to purchase more of the Justin Hall series, but in the end, I don't feel it is worth the effort.

Anyway, have a Happy Holidays! Now go out and have a GoodReads.

### **Stephanie Wolf says**

Canada, Russia, Denmark or the United States, who should control the waters in the Canadian Arctic waters. Right now, the Canadians own it, but who is trying to control it? Two unidentified icebreakers start an investigation by the Canadian Intelligence Service. Agent Justin Hall is determined to find out who they are and what they want. Taking his team into some of the coldest areas, the are about to fight for Canada, and their lives.

Well written, page turner, who can you trust and who do you believe. If you like adventure from the eyes of an agent doing his job, with a touch of romance thrown in for good measure, read Arctic Wargame.

### **Benjamin Thomas says**

I've been reading a fair amount of fiction by brand new authors lately and I continue to be pleasantly surprised at the high quality that exists out there. In this debut novel, Ethan Jones has created an interesting story with intriguing characters and a compelling plot. It's well-paced and it's easy to get lost in this world of the Canadian Intelligence Service. It's really nice to read a novel of this type in this day and age that doesn't deal with Middle Eastern terrorists.

Unlike most of Mr. Jones readers, I'm sure, I have been to Thule Air Base in Greenland and know a lot about how it is set up and operates. So most readers won't know of the factual errors that lie within this novel, and it really doesn't make any difference to the overall story. But I would encourage the author to spend a little more time in fact checking or else risk impudent readers like me pointing out mistakes. For example, all active duty nurses within the US Air Force are officers, whereas one of the minor characters here has the rank of "Sergeant". A minor error I suppose but it made me wonder how much of the cool arctic warfare stuff is really inaccurate also.

Good overall story though and I'm glad to see the next in the series coming out this fall.

### **PJ says**

Justin always seems to find trouble wherever he goes, but he somehow manages to survive, as heroes should.

This time he is in the Arctic. It's freezing, there's lots of snow and ice causing challenges. I don't want to give too much away.

I have read several books in the Justin Hall series, not in order, haha. They are all stand-alone books, so they don't leave you hanging or force you to buy the next book in the series to find out what happens. I love that. This is the first book in the series.

---

### **Linda says**

Secret Agent of the Canadian Intelligence Service, Justin Hall, and his partner Carrie Worthley were given an assignment to investigate and determine a fact finding mission that suspicious activity was occurring on Ellsmere Island, Canadian soil. Discrepancies were determined and it was up to his team to see what was up. Someone had given mixed signals and he found himself in a dangerous plot of The Danish planning to claim The Northwest Passage as their own there by gaining shipping rights to every ship going through their passage and making billions under the Canadian's noses!!

Ethan Jones spins a intriguing story that you can't put down as Justin and his Arctic friends face more than one hundred Danes with only a few weapons!!

---

### **Martin Pingree says**

This book was an absolute blast to read ! Once I started it, I couldn't put it down. Great storyline with a Canadian intelligence agent and a whole group of amazing characters. If you like spy thrillers you'll love this book !

---

### **Issa says**

Oh Canada our home and native land... Land of numerous Justin's from Trudeau to Beiber to now special ops forces soldier Justin Hall. The first in the series of new books. Starts off in Libya where the consequences of that mission end up affecting CSIS agent Hall reputation so he's sent on a special Arctic war games simulation which ends up being more than just a drill

Fun book well written and hopefully the start of new franchise for this character

---

### **Betty says**

This book was a pleasure to read. It was a well written story, very descriptive. It reminded me of a Desmond Bageley book, and that is high praise indeed. Highly recommend this

---

### **Linda Todd says**

This book was thrilling and a good read to boot so yes loved this book and I would like to know where the rest of the book went as I don't think I got it all but I might be wrong the book only had 98 pages so if someone can tell me if that was it or not and were to get the rest of the book and again my thanks to the author Ethan Jones for the good grace to let me read his good book so with all that said keep smiling and happy reading to all with love from wee me.xxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxxx

### **Bill Thibadeau says**

Another GREAT debut novel. This time from a Canadian lawyer. I only read indie authors and continue to be highly impressed by the fine offerings by the newbies.

This book is about an invasion of Arctic Canada by an implausible aggressive European mini-country. Ethan makes that implausible plot line work using a twist on the aggressors. The Canadian characters, including the indigenous arctic dwellers, are well crafted. You can actually "feel" them and the relationships between them.

The storyline is very fast paced and never really lags. I was engrossed in the story and found myself wishing it was much longer so I could keep reading. The Arctic Wargame is highly recommended for anyone that enjoys a good action tale.

Buy this book and support this author. I want him to continue writing.

---

### **Bob says**

Canadian intelligence agent Justin Hall and other agents fly to the Canadian arctic to investigate the appearance of mysterious ice breakers in their territorial waters. They soon discover that someone has been selling military style weapons and further investigation reveals that they came from a looted storage hut in an isolated bay. What happens next would be a spoiler so I won't reveal it. What does become apparent is that there is a plot to militarily take control of the Northwest Passage by a purported Danish military unit. Action and intrigue in cold north. Brrrrrr.

---

### **Nourhen says**

I received an electronic copy of this book from the author himself in exchange for an honest review, after entering a Goodreads giveaway and not winning. I believe this is the first thriller book I read. I took a chance with it and I was not disappointed.

"Arctic Wargame" is well written and fast paced. It literally kept me on the edge of my seat, and I finished it

in a couple of settings. I liked entering the word of espionage for the first time with the Canadian Intelligence Secret Service Agent Justin Hall. It is the first book in a series and the characters are not well developed, but I guess it was intentional. This way we will have something to look forward to in the next books. It is an action-driven thriller and what really kept me eager to finish it was the action not the characters or the description.

Overall, it was a quick and pleasurable read and a good introduction to this genre. I highly recommend it.

---

### **Fredrick Danysh says**

When two unidentified icebreakers show up in Canadian waters north of the Arctic Circle, the Canadian Intelligence Service sends a team to investigate under Justin Hall. A traitor stands Hall and two other members of the team at the invasion site chosen by the Danes who want the region. An intriguing read full of action. I really enjoyed this thriller. This was a free review copy from the author.
