Dirty Dark Desire Lacey Alpha

ETHAN

She doesn't know me, but I know her.

I've witnessed her tears, her smile, her laugh, watching from afar. And now I want a taste. But I'm afraid I'll lose control. It's only a matter of time until the truth destroys us. But for now I'm going to forget, I'm going to lose myself in the body I've craved for months. And when she learns who I am, she's going to run, leaving me to fall into oblivion.

The monster inside me lies in wait in the deepest, darkest corners of my mind. And when it wins the war over my body, there's no coming back.

ANNALISE

He was born into my world from darkness and rain, bursting into my life like the light I've been waiting for forever. But now he's here, I know there's something he's hiding. The psychologist in me wants to delve deeper, and carefully I'm able to coax the pain out of him that he hides.

He doesn't know me, but he acts like he does, making love to me like he worships my body. Except for one thing: my eyes. He keeps me from seeing, keeps me from touching whilst he has his way with me. And all I long to know is...why?

Exciting and fun.

This book was exciting. You have Ethan the ex-military man and Annalise the pre-psychologist. Ethan has a secret. He has been stalking Annalise. When they meet face to face he doesn't want to date her but he cannot help himself. Throw in a therapist that is a psycho wanting him and you have the great story. I recommend this to people who aren't bothered by therapy.

This was a good dark thriller that I liked. Ethan is a sexy ex-military man with a troubled past. Annalise becomes his obsession and he simply can't stop watching her. He watches her for months without her knowledge even though he knows it is wrong. He leans on his therapist to make it through most days but ends up meeting Annalise and they fall for each other fast and hard. Annalise tries to figure him out and she stays by his side when things get tough. This book was like a roller coaster ride of emotions for both of these MC's. The sex scenes in this book were hot. This was my first time reading this author this book was well written with no errors in grammar or spelling. I am looking forward to reading more of her work.

Couldn't finish it...

It's not a bad book. It's not a good book. It's just typical. You've met the characters all before, the sex scenes have been played out a hundred times. There is not one thing new or original, the characters are pretty one dimensional and not very fleshed out, the sex scenes are boring...unless you've never actually had a sex life. Full of bullshit pop psych and bad bdsm from an author who knows way too little about both. I was too bored to finish it, but if you like the typical formula romance thing, this will work for you.

Ms. Lacey Alpha takes you deep into the dark places of the mind! The obsession of Ethan for Annalise and his stalking leads him to seek help. But Clarissa his therapist has an obsession as well, Ethan! A chance encounter where Ethan saves Annalise from a mugger and things begin to unravel! Ethan can't stay away from Annalise and his obsession becomes an affair! Clarissa decides that aversion therapy is needed! Things soon spiral out of control for all three! No matter how bad things look dear reader there is an HEA after the horror!

Lacey Alpha blew me away with Dirty Dark Desire. Ethan is broken, so broken, in a way we're not sure he'll ever be fixed. Annalise is his beacon, and he's drawn to her like a moth to a flame. Then there's Clarissa, who might be the most broken of them all. I was riveted to this book from the page one! All the twists and turns were deep and disturbing, and it was a challenge to see who really needed the most help. I loved that Annalise showed her inner strength in how she dealt with Ethan. This was a story of overcoming pain and suffering to find a renewed purpose in life and love. Beautifully written with a creepy edge, it was filled with angst and borderline psychosis. This book had a thread of insanity running through it, and it was a crazy journey for all of them. I voluntarily reviewed an advance reader copy of this book and also bought a copy.

The book is amazing and unique. It blows you away.

The main characters has their past to fight and that is very difficult. Can they overcome it and get to a brighter future?

You just have to finish because the story draws you in. It is very well written and the main characters are so realistic.

There are twists and turns that makes the book amazing.

It is written in three different perspectives which makes it more open to what can happen and you get to see the things from different views.

Very well written and incredible book.

A must read!

VOLUNTARILY reviewed an ARC of the book.

Wow, I don't even know where to begin! This is an incredible and thrilling book. I could not put it down, read it in one night. It's erotic, dark, intense, emotional, twisted, and so many other things rolled into one incredible story. It has obsession, mystery, suspense, drama, and twists and turns. The characters are so well described and developed that I could feel all the ups and downs that Ethan and Annalise were going through, a true emotional roller coaster. Not to mention how much I hated Clarissa.

I really don't want to spoil this book for anyone so all that's left to say is that I highly recommend this book. It's a definite MUST READ.

I voluntarily read an advanced reader copy of this book.

WOW!! This was a dark twisted book and I loved every minute of it. I loved Annalise and how she stood by Ethan trying to figure him out and never gave up. She brought out the best in Ethan even with the voices in his head. They were so strong together and the chemistry was amazing. This is incredibly well written and I highly recommend it if you like a little BDSM and stalking issues but there is a light at the end of the tunnel

and for them to get there is incredible.

An emotional, sexy, dark and even at times disturbing story of broken people, obsession and love. **WARNING:** This book contains BDSM, stalking, sadism and psychological manipulation. Jenny says

Dirty Dark Desire is the story of Annalise and Ethan - Ethan the 'stalker' and Annalise the 'stalkee'. It is also the story of Clarissa, a woman with her own dark secrets, and Ethan's psychologist - emphasis on 'psycho'! Lacey Alpha has written a tale of dark romance and intrigue, but ultimately, it is the story of a couple - both broken in different ways - who find each other, and help each other heal. I volunteered to leave a review for an ARC of this book.

Kathy says

This book will bring you to the point that you feel you are watching it happen right in from of you. It's amazing the way Lacey writes as if you are part of the story and written well. This book is definitely dark with desire and very dirty. The story sucks you in and keeps you riveted from beginning to end with you not wanting to put the book down till you are down. I voluntarily read an Advanced Reader's Copy of this book.

Becky Baldridge says

Wow... Just Wow! Dirty Dark Desire takes you deep into the mind of truly twisted obsession. Just when I thought I knew who the bad guy was, who I was supposed to hate - Bam! Another twist to blow my mind. The title is certainly not an understatement in this dark psychological tale of obsession, deception, loss, betrayal, and maybe even love. True to form, Lacey Alpha has delivered an impossible to put down, gripping story that still has my head spinning. I know my review is a bit vague, but this is one that any detail is too

much of a spoiler. I highly recommend this to anyone who likes a dark romance.

Sherry Grant says

if you like books that are sooo good you want to skip to the ending because it's so intense? Well look no further Dirty Dark Desire will make you feel that way and more. I found myself so swept up in the story, it was believable that I would look over my own shoulder wondering if someone was following me. It was intense, it was all-consuming, it was emotional, and just such a goodread. Oh and let me not forget the sex scenes had me looking at the hubby a certain way. LOL All I'm going to say is you will be giving an idea on joining the mile high club (If you know what I mean). Read the book you will be glad that you did. If I could give it more than 5 stars I would have. Happy Reading.

Lisa says

This book is unique as it's set in three different perspectives. I started out thinking wow this is messed up, this weirdo stalker guy. Then it got even twistier and at times kind of sad. Everyone has a little crazy in them, a little darkness. Some have more darkness than others. Each of these characters is flawed. That makes them very real to me.

I absolutely loved this. I had read (and loved) Lacey's Cane series and now reading this it is clear to see she is not a one hit wonder. The writing was great, the story drew me in, it was surprising and emotional and sexy. Amazing and a crazy rollercoaster ride to the very end. She is becoming one of my top authors. I highly recommend this!
