Fairy Tales of a Trailer Park Queen, Books 1-3 Box Set Kimbra Swain

Scorned by her family.

Banished by her kind.

Hunted by zealots.

Where does an exiled Fairy Queen hide?

A remote mountain cabin, the seedy underbelly of a metropolis, or an uninhabited island. All would be good choices, however, after hundreds of years on the run, the daughter of Oberon, King of the Wild Fairies, signs a binding contract with the zealots that hunt her. In exchange, they allow her to settle down in the last place anyone would look for fairy royalty.

Adopting the name Grace Ann Bryant, the Queen buys a double-wide and moves into a trailer park in the one-horse town of Shady Grove, Alabama. Her contract requires her to lend aid to the local sheriff, Dylan Riggs when supernatural problems arise.

But when two children go missing, the humans point to the trailer park queen helping the sheriff, and the zealots point at the exiled fairy. Grace must decide whether to fight for her innocence or break her contract returning to life on the run.

Bless Your Heart is a Southern Urban Fantasy that will make you laugh, cry, and laugh until you cry, as Grace wrestles with the dark fairy inside herself and starts to see that she's more than just trailer trash.

This Box Set contains books 1 through 3: Bless Your Heart, Tinsel in a Tangle and Snake in the Grass, plus a preview of Book 4, Comin' Up a Cloud.

Reviews for Fairy Tales of a Trailer Park Queen

Bless Your Heart: Loved it!! New author just found on Amazon very impressed with her storyline. I really enjoy paranormal romance books, and this one puts a different spin on the paranormal that almost all the books I have read so far.

Tinsel in a Tangle: Whimsical, funny., well-defined characters, unexpected plot twists ---- this is a better book than the title leads you to expect, echoes of Shayne Silvers and Jim Butcher. Definitely recommended.

Snake in the Grass: Grace and her friends and family are a great bunch. The author doesn't disappoint in her storytelling and gets you hooked on the story from the first lines of the first chapter. I would recommend this series to all of my friends. I can't wait for the next book in the series.

Perri emory says

I couldn't put them down.

From page one I was hooked. The characters were so interesting, I loved that they grew and changed as they went through their struggles.

Thank you for writing such wonderful books and I am looking forward to the next one!

Jess says

These books popped up as a sponsored ad on Facebook, after just asking in a group for Fae books...bonus they are KU.

Grace Ann Bryant is the type of heroine I adore. She's tough and soft. You see her flaws and her strengths throughout the first three books. You see her grow into who she needs to be and you see her relationships with friends and family develop. She goes from a loner to someone who has people. You see her love for everyone and her town.

These books are different from most Fae books I've read, but they are a good different. It's unlike most I've read. They are wholly unique and a great Urban Fantasy series.

Katie says

An excellent read

I know fae stories. I live for them. This series impressed me. I hope you continue it. I knew there was something different about Dylan. You surprised me there. Keep up the great work.

Deborah Cook says

Funny and entertaining

These books are great. Really looking forward to the next one. I want to see Grace kick her uncle Brock's butt.

Moonstonefox says

Loved the characters, loved the story, the world building was very fun. That being said there were little things that brought me up a little short. There were some bits in the book where the autocorrect went a little buggy. "Their" was written "There" that sort of thing. As a reader, it brings me up short when I have to pause and go..." wait that isn't right"

Nicole Jensen says

Fun read

Not as much action as I generally like but a fun read and the characters are impossible not to love.

ReadingKnitter says

This box set was great fun. I'd never read anything written by this author before but as the books were in Kindle Unlimited I thought it would be worth a try and I was really pleased I did. The premise is hilarious, an exiled Faerie Princess living in a trailer park in the South of the USA. I loved that though Grace had lived for centuries in the human world, travelling round when she got bored or when people began to notice she wasn't quite normal, she only really felt at home once she started living in trailer parks in the South. She adopted the persona of trailer park trash with gusto, from accent to wardrobe and language (often foul). However, she kept her head down and mostly stayed under the radar, until she was spotted by an organisation that monitored the Fae in the human realm and she made an arrangement to be left in peace in exchange for her good behaviour and helping out the local sheriff on the odd case. It was this agreement that had her start to care about the inhabitants of Shady Grove, in particular the handsome and charming sheriff, Dylan.

All the characters in these books are fabulous, from little Winnie the girl Grace helps from trailer park, to Nestor the local bar owner.

The plot is fast paced and intriguing and full of banter. It's fun to read and I can't wait to read the next in the series.

Tanzie says

So good!

When you read non-stop it's hard to find a book that feels different. This definitely hit the mark. Grace's foul mouthed and amazing. My spirit animal in trailer fairy form.

Pamela Seabolt says

Not at all what i was expecting

I chose this selection because the price was right and because I needed something light after some of the dark things I've been reading. I wasn't expecting much. What I got was a delightful world with good plotlines and characters I truly like. My only quibble is that Grace is way too quick to distrust Dylan but I suspect that is going to change. I highly recommend this series and with that said, I'm off to buy number four. Enjoy!

Susan Commeford says

Loved this series

This was fun...loved Grace, et al....the story is fast paced, keeping the reader engaged until the end...I'm so looking forward to the next book. There is some language, some unnecessary vulgarity, and moderate love scenes. Overall, well written with only minor typos, as in letters missing, which was odd.
