### **Sudea Romo says**

Fantastic Bible study book especially on the basis of assessing many things and taking a look into the past so that you can live fully in the present to your purpose that God has called us to! A beautiful "marriage" of psychology and theology. If you read this and are intentional about doing heart-workout and asking God to grow you: you will. It's good-no it's great!!

### **Sarah Biggerstaff says**

This book was exactly what I needed to read at this moment in my life. I am in a season of transition. One that I didn't see coming and this book has helped me to lean into what God is pushing me toward and to understand my feelings and emotions around change. I highly recommend this book!
