## Love Lessons Margaret Daley

Homeschooling his daughter is new to devoted single father Ian Ferguson. To ensure his child gets a good education, the busy CPA hires a temporary tutor. Twenty-three-year-old college student Alexa Michaels is too young—and too pretty—to be right for the job. Yet his daughter is coming out of her shell *and* learning. Still, Ian is traditional, and sweet Alexa—who graduated from the school of hard knocks—is challenging some of his old-school ways. Can this dad learn some valuable lessons about love, family and faith from the least likely teacher?

### **Harlequin Books says**

"Very charming story about a father who is devoted to his daughter. A nice read for those who are thinking about or who actually do homeschool." from an eHarlequin.com member review

It's a great story.. I borrow this from my local library because something about the book cover & plot called out to me... it seem familiar. Then once I started reading the book, by chapter 2 I realize why the book on the library bookshelf called out to me; apparently I had read this book back in 2010 when it first came out. Haha, silly me.. it is still a great plot! Definitely recommend this book to anyone!~ <3

### **Donna says**

I liked this book, but I just didn't really feel that much for the main characters.

### **Courtney says**

A tale that stands as hold as time, never judge a book by it's cover.

---

### **Glenda says**

A father's love will do anything for his daughter. A glimpse on homeschooling kids and separation anxiety on children, even though its fiction. A good read!

### **Julia - The Romance Bibliophile says**

Love Lessons by Margaret Daley is one of my absolute favorite love inspired Christian romance novels. The story line is absolutely phenomenal, and it was so easy for me to connect with because I am homeschooled myself. The characters, Alexa, Ian, and Jana, were equally amazing. This novel incorporates romance, Christianity, the hardships of life, love, forgiveness, friendship, and most importantly, learning to entrust our lives in the Lord's hands and knowing that He is always there for us. Margaret Daley is an exceptionally talented Christian author who has written a novel near and dear to my heart, and one that I will cherish always.

Quick vacation read that was enjoyable and spoke to the issues of how we try and control others without realizing it, forgiveness between a father and daughter, and the breakup of a marriage.

### **Kelli says**

I love reading these Love Inspired stories! This one was a great fast read! They remind me of a Hallmark movie!

### **Veronica says**

I really liked this book until the last chapter. I was so disappointed with the ending that I would almost like to give it 2 stars but I liked the rest of the book too much to give it that low of a rating.

The book needs a better editor as well. There were multiple errors. A few times Alexa was written as Alex and there were a few grammar problems as well. For loving English and grammar as much as Alexa claimed, there were instances where she used very improper grammar. Proper language and editing is a pet peeve of mine in novels. Along the same lines, the illustration on the front cover that is meant to depict Ian's daughter, Janna, leads you to believe that this book is about a child younger than 10 going on 11.

### **Juanita Wickey says**

A good one to read. It was a good story for homeschooling people and those that might not approve will find it is a good experience for children.

### **Karen says**

Alexa needs a tutoring job to pay for school. Ian needs a tutor for his daughter Jana, since his wife left them.
