OMG, I can't believe these books are on goodreads.

The Green Library /“?????? ???????” is my childhood memories, my mother use to read me these books when I was little before bed, and as I grew older I reread them again by myself as an activity in summer vacation.

These books are the first books that I have read and because of them that I started to love reading and they were definitely the beginning of my road into becoming the “bookworm” that I am.
