Pilla says

I haven't read any of the Children of the Sky, but enjoyed this short novella.

John says

I disagree with the reviewers who said this was just the first two or three chapters of The Children of the Sky (CotS). There was definitely additional information on the Tycoon's henchmen, and early contact with the Tropics. I think this could have been read before CotS.

Andrew Kennedy says

It is just the first couple chapters of The Children of the Sky. I paid for an excerpt from a book that I bought anyways. Just buy the book itself.

Gary Brophy says

I probably should have read The Children of the Sky first. It seemed to be incomplete. There were too many loose ends.

Steve says

Gave up ...

Bob says

This "book" is just the first couple of chapters of "Children of the Sky". Skip this and read "Children of the Sky" instead.

Danyel Lawson says

Very satisfying sequel of epic duration.

Roy says

Do not buy this excellent book. All the material is included in the full novel. It is not a prelude, it's a preview, and no longer relevant except to collectors.

Budd Turner says

Prequel to The Children of the Sky.
Actually the first three chapters of The Children of the Sky.

Dokusha says

Vielleicht liegt es daran, dass es nur ein kurzer Prolog zu einem anderen Buch ist, aber ich fand es wenig enttäuschend. Die Szenen waren nicht wirklich ausgearbeitet und die Verbindung zwischen ihnen fehlte. Es gibt auch nicht wirklich ein verünftiges Ende, das Ganze hängt irgendwie in der Luft, und der Zusammenhang mit Children of the Sky ist auch nur lose erkennbar. Dies hat Vernor Vinge wohl mehr als eine Art Pflichtübung gesehen.

Klaus Varias says

Not a real highlight but the story made me want to read "A fire on the deepness" again.
