Heidi Ryan says

Oh my gosh! This book is so utterly perfect, I was enthralled. Red Phoenix is so good at taking a story you think you know and turning things on its head. I was so blindsided by the direction this book took, I was overwhelmed by the discoveries one makes during this story. We have met and experienced Rytsar before. He was the first Dom outside of the trainers that Brie experienced at the first auction during her training. And we met him again when Brie went to Russia the first time with Sir. What transpires in this book will blow you away! This series just keeps getting better with every book.

Brie and Thane travel to Russia because Thane has business to deal with and Brie is going to do some filming for her second documentary. Last time they were here, Rytsar pulled a massive prank on Thane. They were a bit concerned about what he was going to do this time. They weren't disappointed. But something is very wrong when they arrive at his mansion. They move forward, but Thane is not going with them. He will meet up with them later. He gives restrictions to the Russian Dom, but Brie is still going to be under his skilled hands for a bit of teaching. Her trip will include a spin at a club, and lots of chills. What happens at the club had me gasping in shock! This book will grab you right from the start. There is no way you can anticipate what is coming. Red has out done herself with this incredibly sexy read. I am so addicted to this series, and you will be too. It is a fabulous book and you learn so much more about the sexy Dom. The shocker at the end will blow your mind. Buckle up, cupcake! This book will have you panting in no time!

Christina says

Holy Mother of AHHHHHHHHHHHHHH!!!! Rystar oh Rystar, how easy is it to fall for you all over again....(sigh)

Well....Red did it again! Another awesome installment to the Brie Masterpiece. If you thought you liked Rystar from the previous installments, just wait until you get your hands on this one. Red has managed to not only pull us deeper into his sadistic embrace, she's allowed us to dive into his psyche and learn just a bit more about this dangerously sexy man.

I might be a little bias, but I love everything Rystar.

Jacque says

Yowza! Master and Brie are off to Russia to visit a old friend. Sexy, funny and highly erotic, Brie's Russian Treat is exactly that...a nom-nom TREAT!

I can't say enough about how much I enjoy reading about Brie's adventures. Truly, I can't. But really I think the star in this book is Rytsar (Well at least for me he is!). Devilishly wicked, we get to see many sides of him that were both pleasing and shocking. And sexy, very, VERY sexy! I only had a passing fancy for Rytsar before but now, I may have found a new favorite Dom.

Oh yes, let's not forget Brie and Master are in this book. They were great, too. LOL!!!

Karry says

Let me start by saying I am not a sadist nor am I a masochist in any way. That being said, after reading this I can understand its pull. This book was extremely intense even if you exclude the sex. Keeping in the sex makes this excerpt in the life of Brie pretty mind blowing!

Jeanne says

Yet another delectable treat. Some insight into Rytsar as Brie visits Moscow. Hot scenes in this one too!

Marla says

Rytsar is a delicious sexy dangerous panther with the weirdest sense of humor! At some points you think he is a big domesticated cat who enjoys playing but the moments you get a deep glimpse inside of him, you see a wild soul who would go to extremes for his principles and his sense of honor. One can only be amazed by the devotion, trust and love between Rytsar, Brie and Sir. And cannot but ask for more.

Cassandra Caress says

WHAT AN AWESOME TREAT! Holy hotness, I need new panties! I'm totally swooned by Rytsar and I was so right with that one teaser Red Phoenix shared online...he took it one step too far! HA! But never thought it would be that!

As much as I loved Rytsar in that, I fell even harder for Sir if that is even possible. I totally envy Brie for him and all they have! He is just...WOW! He's having my heart in a very tight grip and nothing will ever change that!

And how damn lucky is Brie lol

This newest adventure of Brie involves a quick trip to her parents with some very hot challenges from Sir. That man is so creative ;)

But the focus of this part lies in their trip to Russia to visit their cabin and Rytsar. It's a visit full of surprises, tears, pain, pleasure, sexiness! Red always comes up with some very intense and hot stuff that leaves you

craving for more and your panties wet.

I bow at her feet for bringing this one subject up and yet put it in with as much grace as possible. You will get to know another side of Rytsar.

As always, Red leaves us with an end that makes you wanna scream and tell her to hurry up with the next part!

Wendy LeGrand says

4.5 Stars!

Sir and Brie are off on another adventure, first visiting Brie's parents to discuss their wedding. It is obvious that Sir truly believes in the importance of family and that he is willing to withstand the scorn of Brie's father in order for Brie to keep her parents in her life.

Next they are off to Russia, to visit everyone's favorite Dom, Rytsar Durov! Oh, that man!! We get to see a much more personal side to him in this installment. He displays wit and humor and passion and righteousness. If he wasn't such a hardcore Sadist I would want to snatch him up for myself!

There are several very emotional scenes between Brie and Rytsar that will warm your heart and make you fall farther in love with him. I'm hoping that in the future he finds that one woman who will capture his heart the way Brie has captured Thane's.

There is a particularly passionate scene involving Sir, Brie and Rytsar that was very steamy and off the charts hot. I am torn because I really enjoyed reading it, but I personally can't grasp how Sir could so willingly share Brie with Rytsar. Now that they are engaged to be married I struggled with their ménage. This is just my personal feeling and it in no way takes away from the masterful writing of Red Phoenix. She truly weaves the most erotic, emotional stories and I can't ever get enough of what her fabulous cast of characters from the Submissive Training Center are doing with their lives!

Another beautiful installment. We end the story with a little snippet of Mary, oh that woman!! What is happening with her now? My only complaint is that the story ended way too soon!! But then again no matter how long Red makes each installment, it would never be enough!

Kent says

Another great Brie story, but I was surprised to find a couple typos like "I'll have Sir called Master Gannon..."

I bought this book because I love me some Red Phoenix!!!

I went CRAZY when I bought this book at 6 AM today but had to wait until 4 PM to read....Dang Day Job!! ANYWAY, if you are a fan of the series, you were like me..counting down the hours to get this baby.

Rytsar....*butterflies*.....we learn so much about this man. We know he is a hottie. We know he is Sir's best friend and blood brother but now we are kinda getting to see the mystery of THE MAN.

Brie and Sir go to see her parents before going to see Rytsar. They want to get them involved in the wedding plans *Giddy laughing* As to be expected, Brie's dad is not very nice and really is rude to Sir. But Brie's mom is a little more open and understanding of their daughter life choices.

SO we get on the plane and head to Russia. ANNNND of course Rytsar plays jokes on our couple and even makes Sir angry...and not like HA HA your joke is funny but legit ANGRY at his brother from another mother.

Sir leaves Brie with Rytsar along with a list of do's and don't which doesn't leave our Russian Dom very happy....lol. This episode we see a dark side to Russia and we see the giant heart that Rytsar has. I was thrilled that we got another book with him . As much as he terrifies me, I love him completley and utterly. i am also really cueious about the comment Brie shared with Rytsar about Ms. Clark...HRMMMM.....

The end of the book leaves us with dealing with the fall out from the last book....fingers crossed we can get that allll sorted out.....Oh and like I need to even mention...the "fun scenes" were insanely hawt and the chemistry was sooo insane...but like you didnt already know that would be the case right??

Ashley says

Good Lawd!!!!!!! I need a drank not a drink but a drank,preferably vodka lol!!!! I was blown away. Mistress Red oh how you bewitch me.I fall under your spell, and before i know it i'm in subspace!! Mistress brings The big bad wolf out as we again assail into Russia and boy have i missed his bite. Rystar i love this man,the sadist, the dom and I feel like it was just the tip of the iceberg that we got to see in the mind of the Rystar but i appreciated the details that were described, it only made me love and respect him that much more. I'm not per say into pain but that man can do whatever he wants to my mind,body and soul...sigh...You also see Brie and Sir's relationship flourish,climbing new peaks soaring with new possibilities. The ending left more to come and i can't wait!!!! 5 stars

I am so enjoying Brie's adventures this one takes us to Russia for a little time with my favorite Rytsar Durov.

Sir is taking Brie to Russia but along the way makes a surprise visit to her parents. Once there they get the

normal cool welcome from her father but in the end things are a little warmer between all. From here they are off to Russia and waiting the prank waiting for them because Sir knows Rystar too well and Brie remembers her last visit. What Happens next makes Sir so mad I'm talking Rystar you get a good punch in the face mad.

Sir leaves Brie with Rystar but not before making sure to give Rystar a list of what can and cannot be done. Rystar takes Brie to his club where we see a side of Rystar we have never seen before and something that Brie will never forget. Sir is called back sooner than expected and when he arrives the sight that is before him is great...let's just say a pair of boots, leather straps, and a tree.

One of my favorites Is Q&A time between Rystar and Brie because he opens up a little bit to her and we learn a little more about him. I love the fact that he is ready to be an uncle and we see a softer side to to sadist with the gifts he gives Brie. As always when the three of them get together you know things are gonna heat up.

I'm ready for the next adventure of Brie's. With the phone call she received before leaving Russia I'm intrigued to find out what will happen there. Also wondering what will happen when she shows her pieces from the commune and Russia to Mr Holloway.

Becki says

OMG!!! I love Rystar.

This Brie episode is HOT. I would definitely freeze my butt off in the snow for a chance to be together with Rystar and Sir ;D

Another five star read from Red!!! I'm convinced that Red has a big crush on Rystar and she wants to make sure all her readers love him, too! What a multi-dimensional character he is with all of his contrasting layers! I absolutely love how in each of these adventures Red brings back our favorite friends of Brie and Sir to help them prepare for their life as husband and wife. Thank you for a fabulous story!
