Amber A Bardan is a new to me author and just from this little Christmas quick read she's gained another fan. I loved her style of writing in this book it flowed seamlessly and kept me turning page after page to see where this read was going and I Freaking Loved It. The warning is there in the blurb for a reason when this book starts it will have you looking at the front cover again wondering have you got two different books as you'll think you're reading what seems to be a Dark Read which I know isn't to everyone's taste. But

**PLEASE PLEASE PLEASE** continue reading because all isn't what it seems!!

Matthew is completely obsessed with Libby to the point where he will risk everything for one look at her. He's not much of a talker and prefers to let his actions speak for him and WOW he does that in such a spectacular way. And that's all you're getting from me as this is a MUST READ and I'm not going to spoil giving away details.

Like I said all is not what it seems and I can guarantee by the end you will have fallen in love with this Little Sexy Christmas Read ;-)

### Hart's Reader Group says

I was privileged enough to receive a copy of the short story for review purposes. Thank you, Sexy Santa, for delivering me this amazingly, hawt shortie that got me all horn-- err... Never mind.

So, this is a forced seduction story, which is basically a dark erotic tale of rough, juicy persuasion. Honestly, if a big, sexy, aroused alpha male came into my room, tied me to the bed post, and talked of f#\*king me until I'm blind with pleasure, I dunno if I'd kick him out...

While the sex and the suspense of the tale is delicious, it's the twist that really pulled at my heart strings. Well done, Amber. Another amaze-tits story I will be fantasizing over the next few months. Mr. Hart will be quite grateful to Ms. Bardan, as well.

All that naughtiness to say that this short story is worth the 45 minutes it takes to read. Wish it were longer. I'd have given it 5 stars if there were more of the suspenseful, filthy, intense seduction. I'm a sucker for dark erotica.

Gimme more, Amber!

4.25 suspenseful Stars!

This was great surprise for this holiday novella...my first read by this author, And Wow...started reading it, then I couldn't put it down! Smokin HOT, intriguing storyline, Matthew is obsessed with Libby! (But all is not what it seems) you will have to read it for yourself to find out...and you won't be disappointed! Sensual, Erotic, and beautifully written!  
I highly recommend...

#### **3.5 -Sexy cheese for Xmas- Stars**

The beginning of the book geniuly made you question whether this was really a lighthearted, Xmas novella or something more sordid. Happy to confirm that it IS a safe, smutty and sexy romance, full of gooey cheese and smut! Just what the doctor ordered for Jewelsy :)

Told only in the hero's POV and is super-dooper short (ending at 52%). It wasn't really a book that had me gagging for more, so no tantrum was thrown when there wasn't an epilogue.

***"I'm the only man she's ever known, and she's the only woman I've ever wanted to touch."***

This was a very short reunion story that starts off with what is seemingly elements of dubious consent. I was extremely concerned at one point.  
It was NOT LOOKING GOOD!

I knew it could not be too bad however, as another reviewer warned me about this.  
So, I continue to read and I was pleasantly surprised to see the whole picture.  
**I WAS SO RELIVED!**

To summarize, this is a short erotic story that was just about perfect. I enjoyed it and find it very HOT And sweet.

A very light read between more engaging books.

It's NOT AMAZING but it's PRETTY GOOD.

I would recommend it to those who enjoy the shorties.

In general,

Safety: Completely safe with one possible trigger aka dubious consent.

I am not going to lie about what I felt when I began to read this book. I was like WTF does this guy think he is doing and thinking I was not going to like it. Thank goodness it was just the author being very clever with some mind trickery!

This is a very short and sweet story about making your dreams come true at Christmas.

### **Barbara? says**

Wow! This was actually more than I expected...a hot, little smutty read but also sweet. While there was no real depth to the characters since it was so short I honestly felt their love.

### **?Tonya? says**

Short sweet and oh so sexy. I definitely could have used more!

#### **'4 pure smut read' stars**

I don't have much time to write review (sorry guys I have a lot of things this past month)  
But I'm gonna sum it up in few words

At first I was like

But also I was intrigued

I am pleased because this was hot as fuck

But also had that sweet, aww feeling

Unfortunately it was too short, like "no epilogue, too short smut read, I am pissed but enjoyed it" read

### **Julia says**

Now this is how you write a Holiday novella!!!! 10/10 would recommend

### **Jenn says**

Wasn't this a slice of post-festive goodness!! a lovely short novella that even has a bit of twist to it. Really great for any Bardan fan!

### **Mette says**

Oh Sweet lord, this book started off with a bang!

It had me sitting on the very edge of my seat, and my notes to the books kept repeating the word; Stalker. But I'm telling you; this book is smoking hot. The way Amber Bardan lets us inside the Stalker/Villain/Hero's head and shares with the readers his most inner thoughts, that's just amazing.

This is a short, hot read, and I absolutely love it.

The sex scenes are sizzling hot and quite addictive. I'm going to read this book over and over again, that for sure.

The plot is heavy and I'm definitely not going to ruin anything by telling you that it's all about, but buy it, read it and have a Merry Christmas!

Thanks to the author for this brilliantly advanced copy.
