When Katani finds a great fashion opportunity to go to New York to attend and assist with a Teen Beat fashion show she's pysched. But there's only one downer: SHE HAS TO CHOOSE ONLY ONE OF THE BSG TO GO WITH HER! That's not a problem anymore when the trips canceled. Everything turns out okay when one lucky BSG finds a way to fix the problem! I LOVE THIS BOOK!

Melana says

it is a great, fun, amazing book!

Moon says

This goes into my top three BSG!!I know,sounds weird.If you need a BSG book to read try this one.

Sabrina says

I am giving most of these BSG books all 5 stars and to be honest, they deserve every single one. This book was fantastic. It was a feel-good and happy story, just like the ones I love the most. Fashion is a great deal to many girls like myself so a book about it including our favourite characters is just perfect.

Oh, and this is off topic but if you flip to page 215 the editor made a mistake. It is suppose to say 'chance' but instead it says 'cance'!

Eve says

I loved the book! I had soooo much fun reading it! hope everyone who reads it liked it as much as I did!

Have Fun!

Emma Xoxo says

I loved this book as I love most of the BSG books. Katani and Maeve have adventures in the Big Apple at the same time as the rest of the BSG, Charlotte, Isabel, and Avery are having their own adventures back at home. What it says about models and what I learned about models and modeling in this book will help me for when I learn it, which is soon. ;]. I rate this book 5 stars. ***** . -Signing off, Emma XoXo

Wait; did I just actually ENJOY this? I did! In fact, I believe this is the best book since Lake Rescue. Well, didn't see that coming!

After reading Lucky Charm, I wrote this series off as finally dead. But I decided to read this one when I had nothing else to do. I'm glad I did!

Fashion Frenzy actually has an enjoyable and (mostly) non preachy plot. Yes, there is some stuff about not bullying, and yes, it is extremely corny, but it's not over-the-top overdone. It was a fun read, in other words.

I loved reading about Katani and Maeve in the Big Apple. Katani is my least favorite Beacon Street Girl, but I sill loved it when she got one of her scarves featured in the fashion show! (Though it was highly unlikely; but books don't have to be completely realistic!)

I liked this book a lot, which was unexpected. Though this series has become highly unpredictable for me, I would recommend this book to fans of Beacon Street Girls.

Katani Summers and Maeve Kaplan-Taylor hit the Big Apple! Katani and Maeve stayin New York with Katani's cousin Michelle to go behind the scenes of a real-live fashion show. Katani was destined to be in the fashion industry and was so excited to be at the fashion show. Maeve is an aspiring actress so she was thrilled to be backstage with real famous models. Maeve woke up late on the day of the fashion show and Katani was furious! This was the most important day of her life and she was going to be late. Maeve proceeded to get lost on the subway, run into a famous actor, and get interveiwed by the New York 1 channel. Katani even got to model in the fashion show! Maeve and katani had a great time in New York and it was a great experience for two young girls.

Maya says

This is a girly book that is just plain fun to read! I only recommend this series to girls who like girly stuff! :)

Kathryn says
