Christmas sucks!

Or at least that's what Sheridan Lewis believes. With plans to hide away for the rest of the season, she's dismayed to be sent on a trip so close to Christmas with her boss and arch nemesis, Brady McGuire. Not only does she have to suffer through the season, but work closely with a man who thinks he's hot stuff because he's the CEO's grandson. So what if he has dreamy eyes, broad shoulders and a physique any Olympian would be jealous of, nothing good could possibly come out of their trip together.

Insufferable brat!

There's nothing more that Brady McGuire wants to do than take Sheridan Lewis over his knee and give her the spanking she sorely deserves. She's loud, obnoxious, and has a Napoleon complex. It's bad enough dealing with her on a daily basis, but being through together for a two week trip where they'll have to work closely together. No way. The last thing he wants is his holidays to be ruined by this little Scrooge. So what if her very scent drives him mad and she has a body made for sinning. She's still a pain in the ass.

Thrown together during the holidays, these two headstrong idiots may just find their common ground in each other and turn their hell into a holiday after all.

Nice

Nice holiday story. Sheridan was able to overcome her aversion to the holiday and replace bad memories with good memories.

***Dee's Reading Time Matters says**

Opposites attracts in the pairing of Sheridan and Brady! This was a well written story of how a boss and his top seller's contempt for each other turns into lust then love. Sheridan and Brady were both stubborn but during the course of this story, love prevailed. Learning why Sheridan detested the Christmas season was understandable and made me really cheer for her!

Julie from the previous book returns to console Sheridan when needed which was reflective of her helpful and supportive relationship with Sheridan.

I recommend this book highly!

5 stars for Holiday Hell by Eve Vaughn!

Soooo....

An ok read. I just didn't enjoy all the "leave me alone no, don't leave me alone.... childish game the Heroine played for more than half the book. Then at 94% of the book she decides to open up and not very convincingly either.

But don't just take my word for it give it a try.

Angie says

Oh Sheridan

This was a cute quick read although Sheridan got on my last nerves. I lost count how many times I rolled my eyes at her. She really needs to get over herself. Brady was a good dude and his Grandfather was sweet.

Happy holidays

Sheridan was a short stubborn black woman with attitude towards Brady her boss with his broad shoulders and extreme blue eyes with his fine self(not that she noticed of course).... Lol. Enjoyed it.

Holiday Hell

This was first story I read from this author. I loved it. This story was sexy, passionate and just brilliant. I loved the premise of two people who seemed like enemies but deep down were nuts for each other. I loved Sheridan and Brady. He was a hottie. And god love his grandpa and his matchmaking. It worked like a charm. She was the best thing to happen to Brady. A fab story and I will read more of her books. This one gets two thumbs up! ? ?

Thumbs up

This was more of a novella to me. It was a good quick Christmas story. It wasn't rushed, I just wanted more of Brady and Sheridan. I loved that grandfather, he was a true character..lol!

Tiffany says

Sheridan got on my very last nerve. I'm so glad for Brady. Although he had to chase after her, he still didn't put up with too much of her attitude.

Sheridan needs a psychologist and an AA sponsor.

Holiday Treat

What a nice holiday pass time. If you are looking for a quick read with a different gender spin this story is for you. The heroine was a pain the the butt while the hero tried to love her. I gave 5 stars but I wished the story was longer.

Meg says

It was an decent read

This was a short, decent read. I do like that the characters are relatable (though not much different than her other characters and their traits) and the storyline flowed well- not too fast, and it didn't drag on. Some of the character language was corny, and if you read Eve Vaughn's work often there's a lot of similarity in tones/language of the stories and the dialogue of the characters, often there is the same type of character personalities and especially similarities in the same kind of content in the "scences". Pretty much just a change in the character names and occupation.

Great characters, excellent chemistry between Heroine and Hero, good by-play and plot. Loved the Grandfather, Enjoyed the whole story. A few editing issues.

I have shelved a couple of other writings by this author to 'want to read' and a few more have sparked my interest by title alone.

Cheers

I like candy girl better because to me it more active and this was more on the drama romance side.

Wonderful story

Enjoyed reading from the first to the last page for the second time. Under all that animosity was love waiting to appear. Great story.
