Chitra *CJ* says

Beautiful short story at the time of American war, between the wounded soldier Ian and the widow, Alanna. Alanna rescues a man who's lying injured in her shed, when he suddenly wakes up and kisses her. They start their on and off banter filled courtship.

It was LOVELY to see Serena and Brig from the first book find their HEA in this one and glimpses in their future life- since Ian was their nephew.

A lovely HEA

3 stars because I really wanted to read more!

Anastasia says

Buku ini di setting pada saat Amerika sedang berperang melawan Inggris, dimulai dengan dibuangnya teh milik Inggris di pelabuhan2 di Amerika.

Ian Macgregor adalah salah satu pejuang yang terluka dan lari menyelamatkan diri ditengah hujan salju, dan akhirnya tiba di peternakan milik keluarga Flynn

Alanna Flynn adalah seorang janda yang tinggal bersama ayah dan adiknya, menemukan Ian yang terluka di kandang, saat dia akan memerah susu.

Ian berpikir dia sudah mati, sehingga untuk menyadarkan pikirannya dia mencium Alanna.

Singkatnya, keluarga Flynn memutuskan untuk merawat Ian hingga sembuh, Alanna sendiri, walaupun masih mengenang kematian suaminya, dia juga mulai tertarik kepada Ian. Hanya karena keteguhan hatinya, dia memutuskan untuk menolak Ian.

Serena, bibi Ian akhirnya memutuskan untuk turun tangan menyatukan kedua orang ini dengan mengundang Alanna ke rumahnya.

Ada 2 buku yang menceritakan back ground dari keluarga Macgregor, yaitu buku ini dan Rebellion yg bercerita tentang Serena Macgregor, yang namanya sempat di sebut dalam buku ini.

Amusing story

This is a delightful love story that t Gus at your heart strings. It is a heartwarming rendition of love holding on. A sunny afternoon respite from life.....

Kay says

Another Nora Roberts series I missed, The MacGregors. And again, what can I say? She writes with many twists and turns with great character development. Love her books as she usually ends all her books with a warm, fuzzy feeling. Last of series but with such great character development she could continue it easily. Very much enjoyed the MacGregors.

Regan Walker says

Brilliant Story of a Scot and an Irish Lass on the eve of the American Revolution... A Keeper!

Set at the outset of the American Revolution, beginning in December 1773, this is the story of Ian MacGregor, who was wounded by a British soldier after participating in the Boston Tea Party. Ian fled to the wilderness of Massachusetts where he ended up in the barn of the Murphys and in the care of the young Irish widow, Alanna Murphy Flynn.

Alana is immediately attracted to the red-haired rebel but she fears his talk of revolution, not just for herself but for her brothers. Ian has fallen in love with Alana and means to have her as his wife. But he'll need his aunt in Virginia to help him.

Brilliant descriptions and beautifully developed characters bring this story and the MacGregors to life. Revolution is coming to America and while Alanna would resist, Ian knows America must fight for her freedom. Roberts adroitly weaves the conflicting emotions of the time into a love story between two strong-willed people.

It's a well told, fast-paced novella and so good one could only hope for more. The first story in the MacGregor series is Rebellion and I highly recommend it. However, all of the others that follow In From the Cold are, sadly, contemporaries. Would that Roberts would have continued writing historicals as it would have been fascinating to see her tell the history of America along with the MacGregor love stories. She did historicals so well.

MARYANN MATHER says

Wonderful

The story kept you interest even though you new what the end would be it was the getting there that kept you from being bored. I read this book before and love it than and still. Thank you for the wonderful story.

Whitney says

****A solid two stars for this installment of the MacGregor Clan.**

Just a quick side note before I jump into this review: I am slowly working my way through the MacGregor series in chronological order rather than published order. Therefore, this was the second book I have read in the series. You can see my review for the “first” book on my profile.

There is only one word that comes to mind when I read this book:

MEH

Being a novella, I was worried that it would be rushed and fall flat. It actually left me more satisfied than Rebellion did. As you may know, I could barely complete Rebellion. It was extremely slow paced and I could not connect to the main characters – AT ALL. That book was so irritating that I even had to shelf it as “never again.” Not this book....

Alanna Flynn and Ian MacGregor had lovely chemistry – only slightly frustrating. Even though it was a “love-at-first-sight” story, *gag* I adored how it played out. The Murphys felt like family by the end of the book. Alanna's Da was wonderful; there is a sweet moment between him and Ian that just melted my heart. I loved the updates on the MacGregor family and getting to visit Serena and Brigham again.

Overall, I would not say it was a great book. However, I would not tell you not to read it if you asked. Like I said earlier: *meh*.

Marjo says

0 stars.

This one is the opposite of For Now, Forever. Here, it's the female lead who throws aside what she believes in for the sake of the male lead. He is presented as absolutely right, and she as absolutely wrong, though the historical evidence suggests otherwise. In a word: Blergh.

Remya Raj says

Such a beautiful book!

Lauribooks says

Esta otra precuela de la saga es considerablemente más corta que la anterior y me ha gustado bastante menos. En la precuela anterior leímos como los hombres iban a la guerra, como se preparaban las estrategias, como luchaban y morían y pudimos sentir su orgullo, su dolor, su fuerza y su honor. En este libro atisbamos pequeñas muestras de lo que fue el Motín del té, un hecho histórico muy interesante pero que me hubiera gustado que la autora profundizara un poco más. Esta novela ha sido exclusivamente la historia de amor de los protagonistas, tal vez por eso no me ha gustado tanto, porque lo leí justo después de la otra precuela que tanto me fascinó. No creo que sea un mal libro, nos muestra la vida familiar de las familias de Estados Unidos en el siglo XVIII cuando los Ingleses aún tenían el dominio de estas tierras.

Me ha parecido muy interesante conocer todas las tareas que tenía que hacer una mujer en casa y todas las opciones que tenían.

En definitiva, me ha gustado más que las otras novelas de la serie, pero bastante menos que la primera precuela que me ha parecido fantástica.

Hunybadger says

Decent, even given the insta-love and too pat overlooking of class distinctions. Yet realism isn't for romance novels so this was a fun, quick romp which I enjoyed quite a bit.

Ashley Nemer says

Wow what happened here??? I LOVED the McGregor series - I was so excited to see another book out about them. But WTH happened??

I hate to say this, especially since I REALLY didn't like OUTLANDER ... but OMFG could we have copied any more of that series in this???? Seriously?!?

UGH. Come on Ms. Roberts what is going on? This was like your best series out there and you just went and dumped all over it.

I get it was a novella so things tend to be rushed but geez ... this was RUSHED.

We go from hate to love in 2.2 page turns. Seriously? A marriage proposal that fast?

The main female character was so hot and cold I thought she was going through 'the change.'

I am just so ugh, so disappointed.

With as amazing as her books usually are this one just fell so short
