## **Islamic Studies Book 1** Abu Ameenah Bilal Philips

Experienced educator and scholar Dr. Bilal Philips has written this excellent four-year high school **Islamic Studies** curriculum. Part one (the first year), ***Islamic Studies Book 1***, may be used in Grade 7, 8 or 9.

***Book 1*** covers basic Islamic knowledge beginning with the concept of tawheed (the Islamic concept of monotheism), and continuing with Qur'anic studies that include the science of tafseer (explanation and commentary) with examples given of select chapters of the Noble Qur'an. ***Book 1*** also covers the science of Hadith and the sources of Islamic law (fiqh). Study questions at the end of every unit help the student to make use of his or her new knowledge and assess progress.

This is a well written, well organized textbook that teachers and students of Islamic Studies will find indispensable.

**International Islamic Publishing House (IIPH) says**

Experienced educator and scholar Dr. Bilal Philips has written this excellent four-year high school ***Islamic Studies*** curriculum that may be used for students at the level of Grades 7-12. Each of the four books in this set covers basic Islamic knowledge including details of the concept of *tawheed* (Islamic monotheism), Qur'anic studies that include the science of *tafseer* (explanation and commentary), and lessons on Hadith and the sources and teachings of Islamic law (*fiqh*). Study questions at the end of every unit help the students to make use of their new knowledge and assess progress.

A Spanish translation of this series is also available.

They can be purchased directly from the publisher, **International Islamic Publishing House**, at [www.iiph.com.sa](http://www.iiph.com.sa) as well as wherever **IIPH** books are sold.

**Sarah Lameche says**

Fab book series for children and reverts alike. Nothing like this existed back in the day so this was a great step forward for English books regarding Islam.
