WOW

Tiffani was trying to do everything that she could think of to save a loveless marriage. Desperation kicked in and she stooped to the lowest levels thinking that was the only way to get what she wanted. Maddie ending up snapping and lost her mind. Nova may have thought she was doing the right thing for Maddie sake but she seemed to forgot where her loyalty lies. Her running her mouth caused even more drama in Tiffani life. Tiffani should have held out on dealing with Lincoln until he got his situation at home together because before she knew it. Her and Lincoln had someone in their life that refused to see them happy.

Lord works in mysterious ways

Book was excellent like I said about the first one it must be made of gold. I don't condone anybody messing with marry people. But dang he had two crazy women. But the fact one was lying but turn to be true. And the other one was lying(he not the daddy for sure in my opinion) just to save her marriage. She finally realize her had no Support from anybody. And gave up .

Mad woman

Dang Tiffani, all that rage you had build up in you and that costed you. Wow... And Josiah got away with murder. Lol I bet he happy! Kudos to Maddie and Lincoln, they got that happily ever after???

Disappointed

Part one had me wanting to read part two but part two was such a disappointment. You left so much out, it was almost like you said I don't know what to write so I'll just kill the character.

Wow

A page turner and an unlikely ending. Excellent. Loved this read. I am not cool with adultery but this author painted a picture that made me want to understand "the side chick". You never know til ya know. Great book.

Pat Smith says

Wow

Tiffani really lost it and I sort of feel sorry for her, but Smoke and Maddie we're just meant to be. I'd be afraid of what Karma had in store for me, though, especially witnessing what happened with Tiffani. Could I really live happily ever after and not be haunted by such a tragic event? Loved this series and the ending. Love is not to be played with.

Latia Sanders says

I was not impressed with 1 or 2. I feel that the storyline wasn't quite developed enough for the drama that was taking place. It got to the point where it was becoming predictable. It did, however, began to get good toward the end. But then kind of fell flat with a super over the top twist. I rated this book 3 stars because although not the best book I've read, the effort was still a page turner.

True Love Can't Be Broken

You can't keep someone from cheating, people are going to do what they want to do but you can't drive them to it.

You can't make people pay for the last or a past person's mess ups. People can and will only take but so much before they pop.

Things are not only taken seriously how and when you feel them to be.

Everyone needs their time and space occasionally.

Mind your own business before you jumping in causes things to backfire and not in your favor.

Sometimes the truth hurts. People always wanna hear things from the horse's mouth. Well be prepared for whatever you hear; good, bad or indifferent. It ain't always peaches and cream.

Forgiveness gives you peace.

Loved this series. Great read. Wonderful story Lady Lissa. ?????

chyrelle green says**Didn't see the end coming**

I mean what a twist! I don't want to ruin the book with details but all I have to say is when a man wants to leave let him go! I don't like the win that was made because I was team Tiffani. This writer is so good!

Christine mccullar says**Cool read**

This was a cool read, but I just hate the fact how women lose themselves n a man. Ain't no way I would harm myself over a man who didn't want me, or any man for that matter.

Velmeta Ligons-Carlis says

?

Wrong, wrong, wrong, wrong still wrong! No matter how you slice it. And that Josiah! I guess he is taking that little bit of information to the grave. Well dang I probably shouldn't have said that Lol!

Gemini Rule says**Exciting**

This story was both happy and tragic. If a person tell you something, believe them. Stop trying to make it about you. You can not fight true love. If you could it wouldn't be true. Duh!!! Everybody waddling. Sorry you're gone and glad you're not here. You can't make the next person love you if you don't love yourself. When people say "kill yourself" they don't mean it literally.

Doretha Bradley says**What a wrap up**

Tiffany was a hot mess!!!! That ish she pulled with Josiah wadd NOT cool. That was beyond trifling and I knew no good would come of it. I hate that Tiffany could not let go and focus on the life that was growing within her. She let her obsession over Lincoln destroy her and that innocent baby and the baby didn't deserve that!!! I'm happy that Lincoln's and Maddie's love prevailed over everything. It's true what they say, you can't keep a man with a baby. Great read.

Lynda says**Loved It**

Lady Lissa has become one of my favorite writer's. I've read several of her novels. All loaded with twists & turns. Mad Woman 1 & 2 were both very enjoyable plenty of drama. Keep the novels cominggggggg Lady Lissa ?????

DENISE says

This was an awesome read. 5 stars all over. I'm happy Maddie had a happy ending with Smoke. Feel bad for Tiffany and her baby but she was letting her emotions get the best of her. If you aint loved by who you love move on. Josiah got away with playing dirty. Nova never found out. By the way her friendship is questionable. Great job Ms Lady Lissa. Will be definitely reading more of your work.
