One Piece Color Walk Compendium: East Blue to Skypiea Eiichiro Oda

Gorgeous color art from Eiichiro Oda's *One Piece*! The first three *Color Walk* art books collected into one beautiful compendium.

Color images and special illustrations from the world's most popular manga, *One Piece*! This compendium features over 300 pages of beautiful color art as well as interviews between the creator and other famous manga artists, including Akira Toriyama, the creator of *Dragon Ball*.

This first volume covers the early parts of the series—from the East Blue arc where the main characters of the Straw Hat pirates first meet, to the Skypiea arc where Luffy and friends face their greatest adventures yet!

Marialena I. says

I love One Piece so when i heard that this artbook will be released i was so excited! The art is beautiful and the draft earlier sketches of the characters enlighten us as to what the mangaka Eiichiro Oda was thinking when he created these characters!

Jimmy says

This compendium covers the first three color walks drawn by the creator of One Piece, Eiichiro Oda. While the individual color walks were released in Japan, this is the first time that color walks 1, 2, and 3 have been released in English. This is primarily an art book, with color spreads you Oda shown in chronological order in a beautifully created hardcover book.

The art is great to look at, and one of my favorite things to observe with Oda's work is his take on perspective. The contrast between foreground and background is especially prominent in many of the color spreads.

If you are a fan of One Piece or enjoy anime/manga art style, then this should just be an automatic buy. What are you waiting for?
