## **The Enforcer: Devil's Henchmen MC, Book One** Samantha McCoy

Zander “Reaper” Evans is an Ex-Navy SEAL. Fighting the demons that still lurk in his head, Reaper takes his place as the VP and Enforcer for the Devil’s Henchmen MC. He has a strict ‘no relationship’ policy. Reaper’s heart has already been broken once, he has no intention of letting it happen again. He’ll stick to one-nights and bachelorhood.

That is, until Amber Parks walks through the clubhouse door....

Problem is, she’s the club President’s sister and a victim of abuse...

Amber can’t believe how her life has changed. In a blink of an eye everything is different. Left with no other choice, Amber calls her brother for help. Arriving at the Devil’s Henchmen clubhouse she never would have thought she would be drawn to another man so quickly. But her past isn’t finished with her yet...

Can Reaper finally let go of his demons? Or will he continue to let the past rule his future?

Besides, will Amber even survive the past that comes back for her?

### **Brittany Taylor says**

This book had a decent story line but it lacked details and writing skill. A lot of it seemed implausible and unrealistic, especially the dialogue between the characters. I had high hopes for this series, but unfortunately, it just wasn't a good read.

### **Lee-anna Dunk says**

#### **Great read.**

This is the first time ive read a book by author Samantha McCoy. Id heard people in one of my book groups recommending her series Devil Henchmen MC and the reviews wer so good i was intrigued so i brought both books 1 & 2 . Im so glad i did i really enjoyed this book. Reaper the VP of Devils Henchmen had a lot of ghosts and a broken heart. He swore off ever falling in love and committing to a long-term relationship. That was till he met Amber the sister of the president of the Devils Henchmen. Amber had been abused by her boyfriend who turnt out was not what he seemed. She thought he was a real estate agent wich he was but he was also the president of a rival mc . Amber calls on her brother sledge to help her and he does and so in doing so she meets reaper . Over time reapers feelings for Amber break down his walls but he still feels that he isn't good enough for her . And so decided to self sabatage his relationship with her. He takes off for a few weeks to think. But in the mean time Amber is kidnapped by her ex and his mc. Reaper when he finds out whats happened realises he cant be ith out her and he made a mistake he goes on the hunt with sledge to bring back his woman and take out the ex and his club in one fell swoop. Does he make it in time ? And if he does will Amber forgive him ? You will have to read this book to find out what happens next.?.

---

### **Doris says**

This is yet another author and series to follow to fill my need for sexy bad\*ss bikers. How can you not love the Devils Henchmen MC that are made up of vets who have not only served our country but now they lay down their lives to protect women and to right the wrongs of people with power and money?!

Sledge is the Prez of the MC and his little sister had just called and asked him to come pick her up at her boyfriend's place. The anger, as to what his sister looked like, rolled off from him when he walked back in to his clubhouse with her. He called his friend and VP, Reaper to follow him to find out what they were going to do to the scumbag that used his sister as a punching bag and who had been lying about himself the whole

time. Amber had no idea he moved drugs as well as human trafficking and was tied to the Mexican cartel.

Reaper did not do relationships but one look at Amber and his brain was telling him things that his heart said opposite of. Amber was a tough woman who knew what she wanted...and she wanted Reaper.

#### **Loved this book**

I loved this book. It was fast paced and the heroine has a backbone I loved. Can't wait for more in the series

#### **Perfect Start to a Series!!**

I just loved "The Enforcer"!!! I found the Henchmen and Reaper to be the perfect combo of hero and bad boy! He's just want every woman craves a hot bad boy who is actually a true blue hero with a golden heart and Amber is an absolute badass heroine! Their love hit fast and the sex scenes are off the charts hot!!!! I cannot wait for the next book in this series and look forward to many more from this author!

### **Vera Quinn says**

#### **Just wow!**

The Enforcer is my first read by this author and I have found another one click author for me. Reaper/Zander and Amber are drawn to each other from their first meeting. Both of their past are haunted by people and circumstances they can't forget. Amber is Reaper's best friends little sister. Reaper is Amber's older brother best friend. This book had me wanting the next book. No lulls in the storyline. Loved every page!

---

### **Lisa books says**

#### **Reaper**

Reaper is ex military with baggage and Enforcer for the club. Amber is the president sister with a bad ex. A

new hot mc romance -looking forward to the next book

---

### **Nikki ? Navareus says**

I got a very bad feeling about this story from the very beginning, with the MC Club having the identical name of another extremely popular MC Club series out right now. This one even having another badass woman named Lo, teaching martial arts to abused women. What are the odds?

Thankfully, that was where the similarities ended and this wasn't a ripoff of the other series, as I had feared. Unfortunately, there were still so many things I didn't like about this story. First of all, this one was way too short for me to even begin to feel any real emotional connection to the characters. I didn't feel any kind of outrage like I should have for the abuse Amber endured, and I didn't feel any kind of sympathy for Zander's heartbreak in the past. The story was just wasn't fleshed out with enough background to get me invested in their lives at all. There were other missed opportunities in this story to really draw the reader in as well. I would have loved to have had more interaction with Zander's ex who left him devastated. when she came back wanting to see him. She could have really added some much needed drama so I could at least feel a bit of emotion towards Zander, and she could even added some angsty feelings from Amber. And I would have even loved to feel a bit of Amber's heartbreak after Zander screwed her then walked away from her, but I didn't feel anything. And the dialog used between Amber and Zander was so cringy. Zander's nickname for Amber is "**Peaches**". Seriously???

The sex in this story wasn't very hot to me either. And the sex talk;

*"Is that even going to fit?"*

Ummmmm.....

Sorry to say, this one wasn't my cuppa at all.

---

### **Karen Janet says**

I was looking forward this but I'm disappointed. I'm tired of rolling my eyes so much. The heroine is a dormant that defends his ex who beaten the shit out her and according to her now she is a changed woman who won't let any man control her, ha, I'm laughing so hard in my mind.

---

### **Sherry Koch says**

#### **Pleasantly Surprised!**

MC stories are not my typical genre, but I really can recommend Samantha McCoy's series Devil's Henchmen MC that starts with The Enforcer. Zander 'Reaper' has been the enforcer and VP for the Henchman for some time now with his best friend, Devin 'Sledge' since they left the Navy Seals after a mission went wrong. Since suffering not only from a physical injury, but a crushing break of his heart Zander swore all serious relationships off until... Amber, Devin's Sister, must be sheltered from her boyfriend, who is more than just the real estate agent he claims to be. Amber shatters through Zander's carefully constructed walls. Amber is the kind of heroine I like, even though she needs help, she doesn't like

needing it. Every man, except her brother, has let her down and it is difficult for her to trust Zander. The story is well thought through and makes for a quick read. The characters are loveable and after the small teaser in the epilogue I am looking forward to reading Devin's story. I received an Advanced Readers Copy and happily leave an honest review.

### **Linda says**

This is Book 1 in the Devil's Henchmen MC. Reaper is VP of the MC when he finally meets Amber, sister of the Club's President. She has been beaten up by her boyfriend and she calls her brother for help. He brings her to the club for safety. There is an instant attraction between them and one that Reaper knows can't happen. There is plenty of action going on from the first chapter and you are kept on the edge of your seat until the very last page. What a great book. I voluntarily read and reviewed a copy of this book that I received from the author.

---

### **Danielle Harris says**

#### **Loved this book**

I won a copy of this book I loved it so much that I bought my own copy. This is my 1st book from this author, and it won't be my last.

Reaper is trying to save amber from her ex. The chemistry between these two is super hot. Can Reaper overcome his doubt about their relationship?

---

### **Bubbles The Book Pimp says**

First read by this author - first book released by author - first time reading author.

Whole lotta firsts...but I gotta tell you. Will defiantly not be the last.  
What a great start to a series and great first book.

Now MC is not my 'go to genre' but wow...if this series continues as I'm hoping then, that just might change.

Reaper is the Vice President and enforcer of the devils henchmen MC CLUB. They are a team of highly trained ex military who deal with righting the wrongs on the dirty side of life.  
Amanda, is the sister of the president of the devils henchmen, escaping a suddenly soured relationship. What follows is a rollercoaster ride of action and emotions.

Well written with a gripping story and great likable characters. Looking forward to reading the sequel.

**ARC GIVEN IN EXCHANGE FOR AN HONEST REVIEW**
