The New Kid

Eileen Wilks

The New Kid Eileen Wilks

This short story takes places in Rule's past, specifically January 10, 1976 during his Sophomore year of high school in a small town near Clanhome. It's a fun look into a time when Rule wasn't Lu Nuncio yet and was just learning how to integrate with humans.

Reading Order:

It's important to read these books in the order they were written, otherwise you might end up getting lost!

Note: No ISBN as this is **not** a book for purchase.

Short story (September 2013) ISBN: N/A (this is a story from Rule's youth and can be read at any point during the novels)

Carolyn F. says

Short story.

Prequel with Rule as a teenager in 1976 (he was 16 years old). I wish he'd been at my high school (sigh).
Very good short story.

Lync Lync says

A bit Juvenile. But then it is about Rule's first foray into the Human world, and he is still very young.

Bexa says

I have only just started the series with this book. Overall it was a bit short to really provide an appropriate review.

I do enjoy the writing style, the sentences flow well with no grammar or spelling errors. It is a good good start to a world I definitely look forward to reading more about.

Kathy says

sweet story of Rule, going to high school, to test his control, to learn to live in the human world... set up to be an Oddie - outcast... but cannot help himself from interfering with the bullies... helping on victim see himself as a cat against an ox... and taking the focus when an unacknowledged homosexual is being picked on... though he doesn't punch, only tosses the bully, ultimately into a trash bin - saying he was taught Kung Fu...
awwww

Mandy Beyers says

Fun look at Rule as a high school student getting the best of a bully (and not as expected)

Alina says

This was a very cute story. I decided to read this before I dive into the Lupi series as a whole and I'm glad I did. It really makes me excited to read the actual series as Rule already seems like a Male lead role that I would adore, plus this world of werewolves sounds pretty interesting so far.

Wealie says

This is a freebie read accessible from the Author's website. A satisfying, if very short story that gives a bit of insight into Rule Turner's character with a story from his late teens.

Dakota says

Rule in High School. Short amusing side story

Paulina says

I really liked this short story, it was really sweet. Wilks did a very good job showing how Rule's character and personality were still being developed, while already showing potential for major stubbornness! Though it comes before the first book chronologically, I recommend reading it after the first book. You will be able to better appreciate the story.

Robin says

I thought this was going to be slow in the beginning but it turned out to be really sweet. Good short.

Nikolina Iliyana Pierce says

* 2.5 stars *

Trix says

[Just the right approach to present Rule. Caring about Runt (who got shoved in a locker by the big bad bully), about Donny (who would have been outed as gay). So the story shows us Rule when he was still a teenager (back in 1975) trying to fit in a regular high school and prove to his Rho that he can control his wolf and his Change. Then (as now) there is a lot of high school drama, politics and bullying. Rule first tries to come off as a misfit bu

Debrac2014 says

I really enjoyed this look at Rule when he was in high school! Too bad it wasn't longer.

Louisa says

Great short story of Rule when he was young, and first around humans after his first change! Great read!

First read July 28th, 2014

This was an awesome short story, of Rule a teenager, and how there's a bully in the school, and how eventually Rule puts him in the dumpster-and how the real leader, Sarah, lost power. Awesome short story and very funny!
