Whitney G.

**At Last** Whitney G.

*Librarian's Note: This is an alternate cover for ASIN B00FXLYLC96.*

If you ask me if Jonathan Statham makes me happy, I'll say 'Absolutely. He's the man of my dreams and I can't wait to marry him.' If you ask me why my ex-husband Ryan is currently one inch away from me—staring into my eyes and pressing his hand against my cheek, I'll say, 'I have no fucking idea...'

Claire Gracen finally has the life she's always wanted: A career she loves, a man who's willing to do any and everything for her, and friends that show her the true meaning of the word 'friendship.'

As she and Jonathan prepare to make the ultimate commitment to one another and plan the wedding of her dreams, she quickly realizes that the hurtful past she left behind in Pittsburgh is a lot closer than she thought.

Sexy, unpredictable, and as charmingly clever as 'Mid Life Love,' 'At Last' will captivate you from the first page and never let you go.

**\*\*This is a companion novel to Mid Life Love\*\***

## From Reader Review At Last for online ebook

### Christine (Shh Moms Reading) says

I love Jonathan's alpha male attitude but even more so I love his love for Claire and doing anything and everything so she knows it daily.

This was the perfect HEA for this couple even down to her bridezilla ways lol

Jonathan is her perfect soulmate, kind to her daughters and just a great guy.

I have a smile on my face and love in my heart for another Whitney G couple

I want the next one!!!

---

### Kindling Micky says

3.5 stars

My shelves are a bit all over the place on this one, demonstrating a bit of mixed feelings alongside what was also some enjoyment. It's a solid follow up to book one and I really did feel invested to see what happened to this couple. I really liked some of the drama and not so much at other times. The heroine irritated me a bit at times but she eventually pulled herself together. Overall this couple have been fun to read about and they were pretty damn steamy.

---

### Pamela says

Ridiculous on so many levels - everything was over-the-top. I started skimming thru just to end my misery. I absolutely hated the heroine, Claire. What an absolute bitch! Why Jonathan's in love with her is beyond comprehension. Don't be fooled by the cover which shows a 20 year old when in fact Claire is in her 40's. There's not one damn thing I liked about this craptastic novel.

---

### Katerina says

The opulence and privilege she had in planning her wedding was abhorrent to me, I cannot lie.

---

### Lady Gabriella of Awesomeness (On Hiatus) says

♠ 3.5 *At-Last...A book I loved in this series* stars ♠

**This book in a sentence:** Extended wedding planning epilogue..With a bit LOT of drama from the past.

### **My thought's on the characters :**

Didn't really like Claire at all in book 1...In book 2 she kind of redeemed her self by standing up to her ex in the end. So she's ok I guess, even though she came out as a money hungry fiancée for half the whole book.

I liked Johnathan in both books but better in book 2. I always did love possessive alpha males. So, I didn't really have a problem with his character from the beginning.

**My thought's on the plot:** I liked the fact that the drama was sorted through-out the book instead of JUST having a dramatic ending. Hence, an extra star away from book 1.

### **Would I recommend the read ?**

If you've read book one it's a given you'll read book 2 as well, at least out of curiosity like me.

If not.. Do give this series another go.. The plot just might surprise you ;)

### **Will I be giving the author another go ?**

Yes for sure ! I loved her *Reasonable Doubt series* that was one of the main reasons I gave this series a go.

---

### **juviasft says**

Hey guess who is an idiot that missed the 'the end' mark in the first book and read the second one by accident? Yep, that's me.

Let me try to explain my stupidity: the book I have has both set of book in one epub so I missed 'the end' of the first book. Mistakes like this happen all the time, right??

Anyways, I don't have much to say about this one other than Claire was the same bratty woman who wanted the biggest wedding money can buy (and Jonathan, the guy without dignity, provided). She is the definition of bridezilla.

The 'plot twist', if you can call it that, was so so so so bad it just shows you that Claire and Jonathan are better off without each other.

I do recommend reading Whitney's books since she is a talented author. Just don't read this one please.

---

### **Heidi says**

This is how I felt when I found out when the release was and then had to patiently wait to get my copy.

OMG where do I start?! I loved the first book and wasn't sure if this one could be any better but it was!! This book had me excited, sad, heartbroken, frustrated, angry and everything else in between.

At one point, well actually a few points, I almost ripped my copy in half and threw it across the room, seriously, I can't tell you how close I was to actually doing that to my book. The saving grace is that my copy is signed by the author, so I took a few breaths to try and calm myself down before continuing to read and just when I think I've felt all the emotions I'm going to feel while reading this book I find myself literally laughing out loud because of something Jonathan says while right before that I'm wanting to reach into the book... (view spoiler)

If you want to go on a roller coaster ride of emotions this is definitely the book to read! I will definitely be suggesting this book and Mid Life Love to everyone I can and look forward to what Whitney has in store for us in the future!

### **5 Oh-my-god, give me Mr. Statham Stars**

My review will reference what's revealed from the blurb... just so you know.

Thank you so much Whitney for allowing me to be a part of this. I was a beta reader for Mid Life Love: At Last and I enjoyed every second of it. I read the unedited, non-final version and loved it. Oh and yeah, there's a character named after me, it's minor, but it's there and that tickled me to no end.

So Jonathan and Claire are getting married, YAY! Okay, when you read book 2 of any series, I am always cautious, I think to myself, "Am I going to like this?" or "how will this be different?" well, let me just say, Whitney did good, I was on my toes, I was happy and oh the STEAM!!!

The beginning starts off with Jonathan and Claire prepping for the wedding, but of course a bunch of shit gets thrown their way, does this deter Jonathan? Uh no. If you like the alpha male, oh lord... but we will get to him in just a sec, PROMISE! We have Claire's ex popping up, but it's the not the typical lover's tension you would get with a love triangle, it's just different. I think it's because Claire is so strong and her character kind of grew. Claire is a bit frustrating at times, but don't worry, Mr. Statham will ring her in and then some.

In book 1, Mid life Love, Claire was a bit insecure because of her age, but in Mid Life Love: At Last, she's really confident and you can tell she is comfortable in her skin. Fuck yeah, she's 40 and fuck yeah she's shacking it up with a younger guy. This use to irk me, but I've come to terms, you can't help who you fall in love with right? Hooray for cougars!

Oh the many ways I love my Mr. Statham. He's so FUCKING ALPHA! If you want a guy to say, oh shut-the-fuck-up and suck-my-dick, then Mr. Statham is your MAN! I'm serious and if you think that is offense, well, why are you reading my review? Just kidding... kind of... okay, not really.

Oh and the steam! LOVED IT! It was kinky, it was good, it was enjoyable. Don't worry, it's not the same stuff too. I don't know about you, but I like unique sex scenes, please, give m public, please give me strip

tease, please give me spanking, oh my!

If you like the Mid Life Love, then you will love Mid Life Love At Last, you will not be disappointed.

**Georgia Cruz says**

*"My Last, My Soul, My Everything.."*

Oh my God! I'm seriously in fictional obsession again because of Jonathan Statham. The man does things to me beyond your imagination! ;) If you are looking for a perfect story about love, marriage, family and handsome territorial billionaire man who doesn't care about age gap, this is the series for you! It's a package deal! You should read "Mid Life Love" first before you read this of course.

I really love this second installment for Mid Life Love. The perfect wedding? Damn. It's out-of-this-world perfect. It's like every woman's fantasy become real. And ten times worth of orgasm. Really! Of course if you are gonna be married to a multi billionaire-neanderthal-crazy-hot Jonathan Statham, who wouldn't agree for that wedding you've been dreaming for? I'm so jealous for Claire! This man is the death of me. He's just so dreamy. \*sigh\*

Jonathan and Claire are adorable. I love the way Jonathan treats Claire. He is absolutely so in love it's like.. AWWW! I love how Jonathan expresses his love for Claire by sending endless flowers with naughty notes, being a caveman, the incredible sex, and how they infuriate each other is so cute and funny and it makes me all giddy. I mean, every woman would want to be in Claire's place. It's like heaven on earth! :-)

I'm really gonna miss Claire and Jonathan so much! And not just them but as well the other characters in here.

**I'M DARING WHITNEY GRACIA WILLIAMS to make a third book of this because I really want more of them! I'm screaming in my mind right now: TRILOGY PUHLEASSE!**

5 PERFECT STARS! Looking forward to *Twisted Love* and *Wasted Love*! I know it's going to be awesome!

---

## **Ragatnia Clara says**

### **SIX STARS... NO, EIGHT STARS! UHM, NO! TEN STARS!**

Oh. My. God.  
Anyone, find me another Jonathan, *please*?

I loved every page on Mid Life Love. (Okay, except the part where Claire and Damien being in the same room with Jonathan. Oh, except when Claire begging to see Jonathan while she still had no intention to cut off Damien) I fell in love with Jonathan, immediately. And in this sequel, I thought I had no love left because all of it I gave it to Jonathan, the true alpha male. Okay, I know I'm baffling now, but please, don't stop me.

Eight months later after Claire and Jonathan overcame their separation and their own issue, they were realized that they found another love, they could love again. And when life seems perfect, Ryan comes back to Claire's life. And as a true alpha male, Jonathan doesn't share what's his. He doesn't give a damn, he just wants Ryan out of Claire's life. He, who picked the shattered heart of Claire's, will not give Ryan a chance to interfere with their perfectly frustrating-but-sweet life. Claire, on the other hand, is completely immersed with her dream job and dream wedding. She seems to like test Jonathan's nerve (which is I liked it very much, it means she's challenging!) and Jonathan always knows how to handle her. But what looks like a perfect life is not a perfect life. With Ryan's comeback, Jonathan and Claire once again have to fight for worse coming, that their love being tested again.

I had to stay up until 3 AM to finish this book. Author, you succeeded to make me ensure that Claire and Jonathan HAVE to have their live-happily-ever-after. Author, did you dare me to ask the trilogy? What can I say? I loved Claire and Jonathan. Very. Much. I didn't want them to end. I really wanted they have kids. Please. As much as I am ready to die for Jonathan, but the fact he doesn't want kids make me brokenhearted. So, I guess I'd just swallow this story until At Last.

---

## **Mitsy says**

In Mid Life Love, Claire is dealing with a cheating (ex) husband, the loss of her (former) best friend, and the pursuit of a younger man.

Now comes Mid Life Love: At Last where Jonathan and Claire are madly in love and planning their wedding.. The "marital counseling session" is HILARIOUS and one scene I NEVER want to forget. The bachelorette party is wonderful, alarming and funny. The little surprises Claire has for Jonathan are sweet. The climax is a shock.

Jonathan and Claire are adorable. I love the way Jonathan treats Claire. He is absolutely so in love it's like...AWWWWW....Claire is almost as frustrating to me as she is to Jonathan. Still, I love them both.

When Claire's ex-husband returns, all hell breaks loose. This part of the story is the biggest and most unwelcome shock. It's a bold and daring move that works brilliantly. The added thrills make this a mystery/thriller/romance. My heart is pounding just remembering all his stunts.

Whitney wrote a realistic account of what couples endure. There are plenty of things that could, and often do,

go wrong in any relationship. The couples that are truly in love have the patience to work it out, no matter what. At Last gives us Jonathan and Claire. Do they have the love to last?

Incredible. I love it. A memorable, funny, thrilling romance featuring Jonathan and Claire.

## **J \*deep in the heart of Texas\* says**

### **3.5--Claire Showed Improvement--Stars!!**

I enjoyed this follow-up...more so than the first book. However, I honestly don't think a second book was needed. A nice epilogue at the end of Mid Life Love would have been sufficient.

Claire still kind of annoyed me but for different reasons.

### **WARNING: Contains spoilers for Mid-Life Love**

Claire has admitted her feelings for Jonathan.

They're engaged to be married. Now here's where Claire once again got to me....could she have been more greedy when it came to Jonathan's money?? Could anyone have for that matter? His mom? Claire's kids? Hell even Claire's mom!!

And Jonathan just threw it out like it was growing on trees. I mean DAMN!

Anywho....on top of the wedding planning, Claire gets a visit from her past. This is where most of the drama and conflict was created.

This companion novel was much shorter, which was nice. I still really liked Jonathan. And I liked the interactions with some of the side characters, especially Claire's kids. It made for some funny banter. This one was just as HOT as the last one, but in the end it just wasn't necessary IMO.

Now Corey and Haley's story...

I'm a big fan of this author...and I have especially liked her two most recent works My Last Resolution and Reasonable Doubt: Volume 1 so I look forward to what she has to come!

---

## **Lady Vigilante (Feifei) says**

The gif says it all.

October 18 can't get here fast enough!

---

## **Mo says**

3.5 stars

Another good read.

Jonathan was a bit more controlling in this one.

Claire sets up her own business  
She heads to Costa Rica for her Bachelorette Party

The wedding needs to be planned

The twins go off to college. The have Jonathan wrapped around their fingers

Anyone know if there is going to be a third book?

And God Bless the stamina of these guys..... They can keep at for hours for days on end!

---

## Alba and Her Secrets..♥ says

### 4.75 'At Last' Stars!

I had to read this as soon as I finished *Mid-Life Love*, that is how good it was for me! Whitney G. is quickly becoming one of my favorite authors since she creates these amazing stories and characters! I mean, I love how dirty her heroes are! lol Can I have both, Jonathan AND Andrew? ;)

So, *At Last* is the continuation of Jonathan and Claire's love story. Actually, this book starts with the epilogue that I missed having in *Mid-Life Love* and I freaking adored it! Now the main couple is getting married and the book focuses on their life as they prepare everything for it!

***“This is the biggest deal of my life and it’s worth much more than my company or any other billion dollar deal that’s come across my desk. And I can’t go another day without knowing.” I pulled the eighteen carat ring out of my pocket. “I want you to be mine—officially. I want you to be Claire Statham.”***

I happened to like Claire more in this book, even though she was so obsessed with everything wedding related. I love how Jonathan is able to make her forget about it and just center on what they feel for each other! I mean, he has some pretty good strategies to do that, right? He is just SO sexy and dirty-mouthed, me likey!

***I’m going to fuck you like you’ve never been fucked before...***

Besides that, there is only one aspect that threw me off: Ryan's appearance and everything that happens after that. He is so dramatic. I mean I understand how difficult the situation is, of course, but wanting Claire involved in it? I mean, he freaking cheated on her: let her be happy, man! I just wanted Claire and Jonathan to have their much deserved happy ending, and they do! I cried my eyeballs out at the end, I loved it so much!

***“At last...” Jonathan sang into my ear in perfect pitch. “My love has come along...”***

Therefore, my rating for *At Last* is 4.75 STARS. I know, why not 5 stars? Well this was almost a perfect read for me, almost. As I said, there are some things that annoyed me a little bit but apart from that I loved the continuation of Claire and Jonathan's love story! I really like Whitney's writing style and I can't wait to read more of hers: I hope she does publish *Twisted Love* (Jonathan's sister story), I cannot wait! So if you want a romance full of sexy times, a couple that love each other like crazy and not much drama, you should check this one out! I highly recommend it!
