## **Breaking the Arm, Healing the Heart** Ashley Andrews

Sun Coast and Marina are rival schools, and the former's head cheerleader, Sicily Carmichael, just broke the arm of the latter's star player, Lucas Mercer. Now, she has to "babysit" him on a regular basis and abide his every request. Being archenemies, the task isn't exactly a piece of cake, no matter how attracted they are to one another.

### **Sophie says**

very interesting i was hooked as soon as i started reading i couldn't put it down. i read the whole book in one day!

---

### **Jannat Bhat says**

Sicily is the girl everyone wants to be. There is more to these student then school rivalries. Everyone has their own personal problem with another person, and its what makes the schools hate each other so much. Lucas is a wall when it comes to emotion and tries not to show his pain. Through the book you get to understand each character, and justify the hate. I absolutely LOVED ZANE!

They could all be friends but so many things stand in the way.

Lies.

Trust.

Love.

Loyalties.

Would you risk what you have for what you want?

Overall the book had editing issues...but the story was sweet in its own way and was good enough for a one time read.

---

### **Kerri says**

Didn't come across as a believable enough storyline.

---

### **L says**

Um... I only got like 35 pages in and WTF!?!?

I'm sorry but I can't even give this any stars or continue reading.

---

### **Sheri says**

cute story, editing was one of the worst I have seen.

---

### **Bonnie says**

OMG I LOVED THIS BOOK!!!!!!

---

### **Debra says**

I could write soooo much about this book.

I'll start with the positive: the story concept.

Yup, that's it. That was everything that is good about this book.

The bad is too much to list. I mean look at the title of the book. How asinine.

And then there are the conversations that make little to no sense. Clearly they are supposed to be witty, but fail. Often.

And the biggest offense, in my opinion, is that there is ONLY ONE TIME where the guy with the broken arm is helped with something that he couldn't accomplish on his own. The rest is just a weak, weak excuse for the two main characters to share space. It should have been easy enough to create reasons why he needed help.

While I will usually mention typos or severe errors, I usually don't hold it against the book. In this case the typos were HORRENDOUS. In some parts it was like someone went through spell check and just hit REPLACE without paying attention. In other places it seemed like the book had been translated from a foreign language. In yet other places, I couldn't even figure out what was going on!

Again I could go on and on, but why waste effort? Just know that this is NOT a gem.

### **Rukhshar Baig says**

I Loved the boook...on my favriote list....especially the scene where Lucas and Sicily kiss eachother outside the Ice-cream parlor and the Lucas convo with Zane

---

### **Fria says**

2.5

---

### **Sarah Fitz says**

One of THE worst books I've ever read. What could've been an easy 200 page story got turned into almost 400 pages and it was about NOTHING. Things didn't match up with details, snow on the ground yet warm enough to swim at the beach in Florida? Just didn't get it. The whole idea of the big isn't bad but it wasn't written very well, didn't think I'd ever get through it. Would NOT recommend this to anyone.

---

**Alexandria Tugot says**

It's one of those cutesy books that are somewhat innocent to some extent, but the story was just kind of weird for me because the characters were mostly contradicting themselves. The editing is horrible though there cause were times when I wondered who was feeling what and who was thinking or saying what.

It was also really long but I guess it helped character development. Lots to improve on.
