Cinder Royal: A Fairytale Retelling Mila Crawford

I was royalty, a prince. I was expected to act a certain way, do certain things. But I wanted something more out of life.

I wanted love.

Then fate threw me a curve ball in the form of a gorgeous commoner, someone I shouldn't marry because of how different our lives were, but she was the only woman I'd ever wanted.

From the moment I saw Cindy I knew she was the one.

My wife.

My Queen.

The woman I'd give my virginity to.

She didn't see herself as worthy.

But Cindy was everything I'd ever wanted and more.

It was time I showed her that it didn't matter where we were in life ... to me she was all I needed.

To me she was Cinderella.

Warning: This is sugary sweet fairytale retelling with dual virgins who only want each other, and a happily ever after that is sure to give you a toothache..

Elizabeth Neal says

****3.5 Stars****

Cindy was raised by a single mother that was betrayed by her own love, but she never gave up on fairy tales and wanted her daughter to believe in them too. Knowing others looked down on their situation, Cindy tried to be the best she could and to help her mom in any way possible. Which is why she continued working for the catering company even though two of her supervisors were quite hateful. When Cindy is given the ultimatum of working an event even though she was off to study or lose her job, she only had one option. That decision would change everything.

Alex, the Prince, is throwing an event to honor his beloved late mother. She believed in doing for others and never let the fact she was Queen go to her head. She was loved by the people and they still mourn her passing. Alex had no idea while meeting with the staff for the event, he'd find the one woman he'd been waiting on.

There's an instant connection between Alex and Cindy and he knows she's meant to be his, regardless of how different their lives are. They've saved everything to share with one another, even if neither knew until now that's why they'd waited.

Can Cindy accept Alex's feelings for her? What will people think about Alex marrying a non-royal? Will Prince Charming and Cinderella finally get their HEA?

One-click now and follow along as two people discover fairy tales do happen.

Nova says

This is one very short and very cute read.

Prince Alex is organising an event in honour of his late mother, she wasn't born a Princess but fell in love with a king and she has always believed in helping others. Alex is still coming to terms with her death and feels the event would be the best way to remember her and carry on the charitable work she started so long ago. The last thing he ever expected when he met the catering company was Cindy, she took his heart the second their eyes met. He will do whatever he has to, to show her that they were always meant to meet and be together.

Cindy was raised by a single mother who believed in fairy tales even after her own Prince Charming proved to be nothing more than a married cheat. Cindy has been trying to complete her studies and work for a local catering company, she would do anything to help her mum. After she is given an ultimatum by her very manipulative supervisors she has to choose her exam studies or working the Prince's event. Knowing how the whole town looks down on them and needing the money to help her mum she isn't left with much of a choice. She never expected to meet Prince Alex and she definitely didn't expect to be his centre of attention.

Can Cindy really believe that she has found a Prince among men or will he break her heart the way that her father broke her mother's? Can these two have their own happily ever after? Let's see if fairy tales really do come true.

Sandy Nikolas says

Sweet!

Sweet version of Cinderella. Will make you wish fairytales were real. No angst and lots of heat. Cindy and Alex were a great couple to get to know.

?Tonya? says

Steamy Fairytale? Yes, Please

I love a steamy spin on a classic fairytale and Cinder Royal did not disappoint! Full of sugar and steam, I devoured it during my lunch break

- no cheating
- no ow/om drama
- no pushing away
- instalove
- dual virgins
- no violence of any nature
- good epilogue

Janice Somers says

This is a sweet retelling of Cinderella and Prince Charming and I loved it.

Cindy is the daughter of a single parent. Her mother sacrificed everything to provide for her . Now Cindy has been working since the age of sixteen for a catering company. The job did help with paying the bills and school. Cindy was to have the next few days off to study for exams, but that wasn't going to happen when she received a call from work telling her that she needed to work and if she didn't she would be fired.

Alex is leading the charity in the memory of his late mother and queen. He has been asked to go over the menu to see if there should be anything to add or remove. The menu was made up of his mothers' favorite foods. He now has an appointment with a catering company to go over the menu with them. While he is at the caterer's Alex is introduced to Eliza the woman in charge of the catering and she proceeded to talk at a really high pitched voice. At which point he saw the most beautiful woman he had ever seen. Alex then asked her who she was, and was told Cindy...

The story is short, sweet and makes you smile while reading it. Oh and it has two virgins..

Kelly says

This is a modern day Cinderella story.

Short, sweet, safe and full of Insta-everything!

Exactly what I needed.

4 big stars!

Melissa says

Good

This was a very quick, sweet and sexy read. This is a fairytale retelling of Cinderella featuring Alex Charming and Cindy! I hope she writes more retellings!

Lauren says

Cinder royal is a sugary sweet retelling of Cinderella. This story is short, fast paced and easy to devour – which I did within half an hour. From page one of this story I was hooked. I really liked Cindy. I liked that she loved her mom so much and appreciated everything she had done for her. Cindy wasn't looking for love; in fact, she didn't want to find love. She wanted to earn her degree and travel the world. Her opinions soon changed when she met Alex.

The chemistry between Alex and Cindy was clear to see and I really liked that they were both virgins. They were each other's firsts. They made a cute couple and truly suited one another.

I really disliked Eliza. I hated the way she treated Cindy and the things she said about her. I was glad that both Cindy and Alex stood up to her but I honestly expected for her to re appear and cause more trouble/spout more hate.

I have to say some of the descriptions in this story were conflicting (when Cindy and Alex first met) and the story did feel a little rushed. I wish this book were longer, I wanted more of Cindy and Alex as a couple. That being said, that didn't stop me from liking this story. I would re read it again; it is a quick and easy read.

The storyline for this book is easy to follow and it is a sweet read. I cannot wait for more books like this from Mila Crawford.

***Dee's Reading Time Matters says**

A quick but sweet modern-day retelling of Cinderella with a handsome prince who wanted real love over duty. If you love an honorable alpha prince who falls for a commoner then you will enjoy Prince Alex and Cinderella's story. Oh yell, there were no jealous stepsisters or stepmother but Cindy's boss was terrible and snobbish!

3 cute stars

Lara says

The good:

- A fast read. It probably took me less than two hours to finish the whole thing.

The bad:

- Pretty much everything else. The prose is stilted in some areas, as though trying to be a regency romance, and vulgar in others, as though trying to be edgy and modern. No distinct voices amongst the various characters. Insta-love (a pet peeve of mine when done poorly). Repetitive. Rushed. The writing is juvenile at best.

Example 1: Her ruby red lips become naturally pink two chapters later.

Example 2: When the H first meets the h she keeps her gaze down and barely says anything. But somehow he can tell she's "fiery, strong, willful"? Is he a magical mind reader?

I literally laughed out loud at this gem:

He made my heart beat faster, had everything in me calming and relaxing.

Which was it? Did your heart race or did you become calm and relaxed?

Avoid at all costs.

I received an ARC in exchange for an honest review.

AWB says

Cute.

Jenny says

Short sweet and cheesy!

Ruby Ap. says

This was another fantastic read by author, Mila Crawford! I loved this fairy-tale, Prince Charming/Cinderella kind of feel of a story; everything about it was awesome, from the plot line, to the characters, their dialogue, their thoughts, the heat and hot scenes were definitely on point ;)

The instant connection between Alex and Cindy and their chemistry was off the charts and even though they both came from different backgrounds, Alex being a Prince and Cindy, technically a commoner, both found in each other's their soulmate, their everything, their forever <3 <3

Both of them saved everything of themselves for the right person, making their story even more magical and their epilogue was a beautiful happily ever after with a beautiful family at the end <3

I'm super excited to see what's next for this author, Mila Crawford and her awesome writing skills with safe reads and a guaranteed HEA for all of her couples, putting a smile on my face when I read her stories and I bet it also puts a smile and blush on all of her readers too ;)
