Awesome book, colour pictures and easy to read font, my friend bought me this as I was stuck on a main mission and he pre ordered me this so I could get past it... after reading less than half a page, I have successfully gotten past the part I've been stuck on since the Summer. Would recommend. it comes with a handy little bookmark, too.

## **TheWellReadLady says**

An excellent all-rounder for Skyim lovers, including advice on everything from character creation, weapons, armour, skills and levelling, main quest(s) and side quests, followers and general tips and tricks.

Includes a big section with a full atlas of Skyrim, and there is even a massive pull-out map, with Skyrim on one side and the Soul Cairn and the Forgotten Vale on the other. Plus, a handy Dovahkiin bookmark to keep your place.

It's bloody heavy, and will leave your fingerprints on the hard-cover if you're not careful, but a fantastic guide to a brilliant game that you will no doubt refer to again-and-again, especially if you're a 'constant' Skyim gamer like me :-)

Highly recommend!
