Finding Flynn Alexandria Bishop

When the drama in your life is crazier than fiction, anyone would want to escape.

Bookworm Ashtyn is fed up with the immature rich boys who fill her high school. Her parents' marriage is on self-destruct mode. And her sister puts on a facade of perfection.

Now her mom is running away and dragging Ashtyn with her. Finding herself in the middle of nowhere right before her senior year, she has no qualms about turning anything around.

A distraction is just what the doctor ordered, and he comes in a tall, dark, and tattooed rocker package. At night, Flynn slings drinks as a bartender. During the day, the success of his band is the only thing on his mind.

Neither was looking for love, but they can't deny their sizzling attraction. As the summer heats up so does their relationship, but will a secret that Flynn is keeping be enough to tear them apart or is their connection strong enough to withstand anything?

This is the first book in the contemporary romance Ashland series of interconnected standalones.

From Reader Review Finding Flynn for online ebook

Shari says

This was a sweet read. The story dealt with real issues and a love with young adults. ARC received from the publisher via NetGalley in exchange for an honest review.

Eli says

A teenage girl's worst nightmare? Having to move the summer before her senior year. What is the solution? Finding a hot guy who happens to be a rock star....for Ashtyn that is Flynn. Flynn is the front man for the band Marlowe. Ashtyn isn't hung up on the fact that he is in a band even though she loves music. She is just plainly hung up on Flynn.

Alexandria Bishop's Finding Flynn is a young adult romance. I really enjoyed reading about Ashtyn's teenage dilemmas as she settles into her new town. As Ashtyn meets Flynn, the true story begins. The ups & downs of life are felt in this story. A beautiful story of youth and romance. A story of Ashtyn and Flynn's summer. A summer filled with romance and rock and roll.

"It's one thing to have a dream but it's different for your dreams to start coming true and unfold in front of you."

The secondary characters are also interesting and intriguing. I can't wait to read more about the band members of Marlowe. Thank you, Alexandria Bishop. Finding Flynn is a great YA read.

I received an ARC for an honest review.

Kara Griggs says

Wow, it's been a little bit since I've been able to fly through a book like that. I did not want to put it down. These characters and words are brilliant. I freaking loved them. I felt like I was there. I really loved Ashtyn and Flynn's story. I can't wait to read more about the Marlowe guys.

Now I have songs to listen to from the playlist and I have to add Ashtyn's favorite authors to my tbr. Just awesome

Terri says

Alexandria Bishop did a fantastic job on her first novel.....you would think that by the quality of her writing, this would be a seasoned author of many books!

If you want something that holds your attention , that you can't put down....this is the book for you! The

characters really make this a fun book to read. Finding Flynn has a story-line that I have not seen before, which makes you want to keep reading to see what is next.

Kristie says

Finding Flynn is a great debut novel told from the rotating perspectives of Ashtyn (an 18-year-old, soon-to-be high school senior) and Flynn, front man in an up-and-coming band. Even though their feelings for each other deepen quickly, giving off an instalove vibe, I thoroughly enjoyed reading about the development of their relationship. Bishop did a nice job of including key elements of young love including an instant attraction, ups and downs, and insecure yet hopeful inner dialogue. In addition to the romance aspect of this book, there's a subplot that focuses on Flynn's band Marlowe. Secondary characters are woven seamlessly into the story and everyone serves a purpose. While there are a few racy scenes, the sweetness factor of Ashtyn and Flynn's relationship outshines them all.

R says

Well, Ash, here you are. Yanked out of everything familiar and plunked down in the middle of Nowhere, Oregon. And now you're finding out it's not a vacation-- it's permanent? And your parents are divorcing. Well, hell. It's enough to make a girl work up a good bit of steam.

This place might surprise you, though. Yeah. It's full of surprises.

Not as nowhere as you think...

You'd be amazed how many Hollywood stars hang out around these parts...

But, your first surprise is Flynn.

And-- Oh. My. Goodness.

Neither one of you will ever be the same.

You're on the cusp of adulthood, walking into the rest of your life--

Fynn doesn't think he's good enough for you. But he can't resist you.
And we know, he's full of music and soul with enough love in his huge heart to light up your world.
And you couldn't pick anyone better to walk with you.

This book has some of the foibles of a first novel. And since some of the other reviewers have mentioned them, I'll pass.

I did enjoy the story very much, even though I sometimes took issue with the maturity level of Ashtyn... But then I remind myself, she is very young.

I am looking forward to the stories of the other band members. The characters were well rounded enough to intrigue me... And I want to see how everyone fares as they move out of obscurity and hit the "big time".
Bottom line: Looking forward to more! 4 stars.

Brandi says

I really enjoyed this book. I felt like I could relate to Ashtyn well my inner 18 year old could. We shared the trait of not worrying about things beyond our control. Dear sweet Flynn you wooed me with your sweet words. This is a cute quick read.

The Romance Book Disciple (Samantha) says

Heat: 1

Rating: 3 (Maybe 3.5)

Ok, so this isn't a bad book. I liked the characters well enough. Even though its YA, I didn't find Ashtyn super immature/annoying (I mean, don't get me wrong, she is a high school girl so there is the normal level of immature/annoying). However, the story is really predictable. Nothing that happened was at all surprising. I found myself skimming through a good portion of it because I felt like it was a book I had read before. Its not poorly written in any way, and I actually will probably recommend it to a few of my students. But, when you have read as many books as I have, this book didn't bring anything new to the genre and thats what I am looking for.

Meredith says

I loved Finding Flynn! Ashtyn and Flynn are perfect and so cute. They have such a great connection and it kind of makes me a tad jealous ?

Super cute read though. I can't wait to see what happens with Chloe and the Marlowe guys ?

Brandy Roberts says

This was in between a YA and new adult I normally don't read this type of genre but when I do I;m not disappointed this is the beginning of a series that I'm happy to dive into I highly suggest you start with this one first because the characters are mentioned but you can also read as a standalone too . Thought it was really cool how Flynn and Ashtyn meet they share a lot in common including their love of music they have a strong connection that they fell a pull towards the other . Ashtyn was a great heroine felt bad for the situation that she finds herself in but it was like fight that she meets her hero on the night she needs someone . Flynn was so swoon worthy he isn't your average bad boy with drama that the heroine must tame not a fan of unnecessary drama and Finding Flynn didn't have that much drama . Love to see whats next for the secondary characters and what they are going to go through especially with the band getting famous .

1-Click Addict Support Group says

Finding Flynn by Allie Bishop is a YA rockstar love story.

Flynn is a 21 year old super hot musician, living in small town Oregon and singing in a pub when Ashtyn wanders in after a fight with her mom. Flynn is singing one of Ashtyn's favorite songs, so she stays for a while...

When Chloe, Ashtyn's BFF, comes to visit for the summer, the dynamics of everything change. Ashtyn is so caught up in her relationship with Flynn, she can't see what is going on before her own two eyes.

I enjoyed reading Flynn's story. The relationship between Flynn and Ashtyn develops at the pace it should considering she's 18 and he is 21. Like every young adult they each have issues with their parents, for different reasons, and it is a huge part of the story.

Finding Flynn was light and refreshing even though there was some drama and angst. It wasn't heavy or dark; the author simply did a good job relating to the way young people would feel and act in certain situations. I'm intrigued to see what will come next ! ~ Heather, 4.5 stars

~~~

Wandering around a strange town after a fight with her mom, eighteen year old Ashtyn Moretti finds herself finally enjoying herself as she sits in the pub that drew her in with its live music. This was supposed to be the

best summer of her life—how quickly that changed when her mother dropped the bomb that’s going to change things forever. Fortunately for Ashtyn, the drop dead gorgeous singer just so happens to be the bartender too. And he notices her...

Flynn James has been singularly focused on his band, Marlowe, and their success. He’s had no time or desire for relationships or to face his past. He’s not looking for any distractions until he spots the beautiful brunette at the end of the bar.

Ashtyn and Flynn hit it off immediately; neither of them can deny their instant attraction. But will their summer fling last past August when Ashtyn heads back to school or will it end when Flynn’s secrets come to light?

*Finding Flynn* was a sweet, slightly sexy, romantic read. I loved the pacing of Ashtyn and Flynn’s relationship—it was perfectly appropriate for their ages. The rest of the band members are great characters too—Jax, Hudson, and Jude are like brothers to Flynn; they’re his chosen family. Add in the craziness of Chloe, Ashtyn’s best friend, and it’s an instant party.

Overall, I truly enjoyed *Finding Flynn* and am looking forward to Hudson and Chloe’s story next. ~ Missy, 4 stars

### **Dana Busenbark says**

This was one heck of a contemporary romance. She's 18 and a high school senior (or will be), he's 21 and a lead singer of a local small town band. She gets into a fight with mom after mom drops a bomb shell on her and she runs out of the house. She happens to hear the live music he's playing and walks into the pub, sitting down at the bar and listening. When he's done, he goes behind the bar and starts slinging drinks. Watch as these two figure out who they are, who each other is, and how they feel about themselves and each other. Why is does Flynn play the broody rocker part? Why does Ashtyn play the forsaken part? Watch as this story goes through a myriad of twists and turns, and the introduction of Ashtyn's best friend Chloe into the mix. What happens the night before the band leaves for Portland? Well, you're going to have to read and find out. Let me just say, it changes EVERYTHING for everyone.

### **Kami says**

A nicely written and developed new adult romance from a debut author. This is the first of four. Each book centering on a member of a pop punk band named Marlowe in Ashland, Oregon. This is a fast paced, cleverly written book. I was enjoying Ashtyn and Flynn's banter from the beginning. The two main characters are very cute together and they have a lot of sexy, steamy encounters. Told in the very popular dual character point of view, this is a very enjoyable, quick, romantic read. 4 stars.

---

## **Diane (Books and Tequila Blog) says**

Finding Flynn is a well written, sweet romance with a few surprising twists!

Ashtyn, expecting the "Summer from Hell" meets Flynn who changes that expectation right away..(a bit of the insta-love that I enjoy). Flynn has his eyes on the success of his band and they have to find a way to balance their expectations.

There is really great character development with lots of interesting secondary characters that I can't wait to meet again.
