Finding You

Emma Nichols

Finding You Emma Nichols

On the back of a recent break up and her mum's shocking news, Anna wasn't looking for love, but it found her...

Lauren Vincenti comes from wealth. Her family has owned their famous vineyard in Corsica for generations and they have a personal reputation to protect. Married to Rachel, she lives and works in London as a lawyer. That is, until her father commits suicide and she is required to play her part in the family business.

Anna is an up and coming artist, following in her highly successful mother's footsteps. Her chance meeting with the seductive Vincenti, and their spontaneous dinner together, changes her life forever. Is there such a thing as love at first sight? Can she ever trust again, and what happens when she does?

MRS TONI A RICHARDS says

Full review coming soon...

But OMG what an amazing story. I am hooked, and absolutely MUST read the next one to find out what happens next!

Netty says

I think this is a well written book but a few things got on my tits, the main one being “let’s have a drink at every opportunity we get”, i can sometimes stand insta-love in books but I just couldn’t in this one, I think I just found the main characters drab, also I had a feeling of these two shouldn’t be together, I really tried to egg them on but by the end of the book I wasn’t sad at the “to be continued” because I don’t really give a monkey’s enough to what happens next....

Diane Wallace says

3 Stars! first book by this author and i enjoyed it...well defined,developed,believable and relatable characters who all had their own flaws and side stories going in this drama filled storyline..readers will not be bored because there are many plot twists,intrigue,entertainment,family values/issues,tragedy and sadness plus emotional topics that were discuss but lets not forget the intensity,the steamy sex scenes,chemistry,good dialogue which then led to this really charming sometimes sweet,satisfying and romantic love story...one thing for sure Anna will have to use all her strength and tenacity along with being admirable and endearing because of what happen between her and Lauren at the end of his story,prompting the desire to cheer for her because she will surely need it..highly recommend

T.B. Markinson says

Finding You by Emma Nichols is an emotional tale about finding your soul mate, and it has a whopper of an ending.

CLo says

Cliffhanger Ending

I really enjoyed this book. It was a very fast romance...pretty much instant but the two characters, Anna and Lauren, are very likable. Many obstacles are brought up and tackled throughout the book and the ending is

pretty heartbreaking but the story is not over...guess I gotta wait for the next one. I have a strong feeling Eva will play a bigger role in that one...can't say much more than that.
Anyway, it is a well written book. Above par by most kindleUnlimited standards. Give this one a read if you've got the time. I enjoyed it and will be looking out for the next one.

Alealea says

I couldn't get past the middle. I knew from the first sentences this book wasn't going to make it.
Amateurish, obvious, badly-written.

Maybe I shouldn't mark as 'read' though. Maybe Goodreads should add another option for the can't-read....

Katie says

This book was well written. I thought things moved a bit fast for me which made it slightly unbelievable. It was really well done though.. so it was easy to get past that.
I would definitely read anything else Emma Nichols writes.
Well written & edited plus Kindle Unlimited

Cheryl says

Don't hesitate. Read it now

Wonderful characters and believable situations which will have you laughing and crying as you follow their lives. Prose is easy to read and exceptionally well written.

Kimberly says

What an ending

What an amazing start to Lauren and Anna's story. I went through so many emotions! The chemistry between these two is absolutely scorching! This story is not just about love. It is also about the journey of making necessary changes in life to ensure that we keep moving forward and not become stagnant. It's a hard journey to face. The ending is the very definition of a cliffhanger! I can't wait to see what happens next. I definitely recommend!

Eugenia Anton says

This is one of those stories that keep you captivated, turning pages and wanting more. I read the book twice not only because it's beautifully written but the story had so many angles, so many twists, that I wanted to

capture every single detail. I absolutely loved it. Glad that Book 2 was available to continue this story because the cliffhanger would have been difficult to wait for the second part of the story. I love that it happens in Europe, I love the beautiful descriptions of places I have never visited as Corsica. Paris, my favorite city in the world, holds a good portion of their story. Magnificent. I will follow this author.

Angel says

Omg! This story has such a strong grip on me!

At first this story began as a typical romance, however, the unforseen twists and turns really caught me off guard because I was left speechless and anxious to read the next book in the series. I just have so much love for Anna and Lauren!

Bianca Robinson says

I loved the setting of the story but I couldn't get on board with the instant love. I felt like the characters kept saying I love you over and over again without actually showing it. While the romance between Anna and Lauren was meh for me I did love their relationship with their parents. In fact I would love to hear more about Lisa and Vivian's relationship.

Ted says

Was thinking as I was finishing this, I can't think of a single thing that's happened in this book that I didn't like. Then the last 3 pages happened. That's how you loose stars. I wanted to rate it 3 but. That was so freaking unnecessary in my opinion. And it does NOT make me want to read book 2. Lesfic trope #139.

Cassandra Lemard says

A page turner...

I can't stress how much, that this is a must read!

Emma takes us on a adventure of lust, grief, desires, loss, heartache through the eyes of our main character's Anna and Lauren. Emma has managed to captivate her character's raw emotion, as well as their inner dialogue to a tee.

About that plot twist!!!!

A beautifully written story, snuggled up and just about to embark on the sequel Remember Us!
