## **Haunting Olivia** Janelle Taylor

Blueberry, Maine holds only bittersweet memories for Olivia, heart rending memories of Zach, her long lost love, and the child she gave up for adoption. But what begins as a brief trip north becomes a journey of revelation when she runs into Zach himself, and their beautiful daughter.

## **From Reader Review Haunting Olivia for online ebook**

### **Lisa Russo-Rodriguez says**

I recommend this book to anyone who enjoys a brisk read. It was a real page turner, full of thrills and very haunting. very sweet ending. very happy it was recommended to me.

---

### **Susan says**

The first half of the book was pretty good it kept me flipping the pages until I got about half way through when it seemed to become repetitive and really boring.

---

### **Jewel Olvera says**

I just finished Haunting Olivia and I thoroughly enjoyed it! The family dynamics, the romance, the teen-age angst and the mystery combined to create an exciting story. The book was well-written and held my attention throughout the story. As a woman, mother and grandmother I felt what was happening on multiple levels. All-on-all, a very good book and one I heartily recommend.

---

### **BethAnn says**

very quick read.

---

### **Carol MacInnis says**

This book had a little of everything. A love story, crime, drama, mystery, just to name a few. With all that is going on, it kept my interest right until the last page. A wonderful read that I really enjoyed.

---

### **Theresa says**

2.5 - It was fine. Nothing "haunting" about it, though. I was expecting ghosts or at least something paranormal.

---

### **PatriciaLogan8 says**

I liked it it had drama and suspense

---

### **Lisette says**

I really enjoy reading Janelle Taylor's books. I can't wait to read the book detailing there third sister Amanda's journey to happiness.

---

### **Julie says**

I didn't realize until I started reading this that 1. this is a romance rather than a mystery and 2. I have read a book by this author before. Moonlight and Madness. From the 80s. Sexy space aliens. I wish I were joking.

I got to page 20 or thereabouts.

### **Julie says**

October always puts me in the mood for a supernatural type book. The title and cover of this book strongly hints at a paranormal undertone. But, except for some vivid dreams, the book has no supernatural element at all. The reviews on the book were very favorable for the most part. But, for me it fell flat.

Olivia was one of three daughters her very wealthy father had with three different women. When he died, he left each daughter a piece of property and a certain sum of money. However, each girl had to follow a set of really strange rules for a month or forfeit the inheritance.

Olivia will inherit a cottage, must live in the town of Blueberry for a month, go into town once a day and make two purchases each day.

This is the last place Olivia wants to go. Memories of her first love, an unplanned pregnancy, and a stillborn child would make the return to the cottage very painful. But, Olivia's mother is in financial straits, so Olivia agrees to the terms of her father's will.

Upon arrival at the cottage, Olivia learns she is not welcome in Blueberry. She also discovers her father lied to her all those years ago about her child being dead.

The story started off on a pretty silly premise, then got worse, until it just veered completely off track. Zach was not such a great parent, the daughter was a brat, and the whole town of Blueberry had no idea what "inner" beauty really was. overall a D.

### **Bec says**

I'm not exactly sure what to say about this book so I'll keep it short and sweet!

How on earth this book can be rated almost 4 stars I have no idea! It's bad! The plot was quite a good one and I am really disappointed that the author has wasted such a good plot on such a crappy book!

The characters were lacking personality I didn't get to know or like any of them. And the villains! Boy were there a lot of candidates. It seems like every other page the Heroine was adding a new one to the list, the whole town could have killed her with dirty looks alone!

For people hoping to at least get some good hot sex scenes out of this monstrosity, forget it! The sex scenes in this book are shocking! I didn't realise sex could be that nondescript! They were very very strange, sort of

like the author had never done it before only heard about it and just winged it!  
All in all a most weird and unsatisfying book that strangely enough i finished, i will definately be skipping this Author from now on!

### **Nancy says**

Olivia Sedgwick was fired the day she got the letter. Her father has died, leaving her a beach house - with conditions. She is surprised because that is where her greatest sin had happened when she was 16. She had fallen in love with Zach Archer, a 17-yr old loner who unintentionally got her pregnant. She was immediately shipped off to an unwed mother's home and Zach was told she left town, never wanting to see him again. Olivia was informed, after giving birth, that the baby was stillborn. Heartbreaking at best, Olivia has lived for 13 years with the dreams of her child and what he/she might have been.

One of the terms of inheritance is that she must live in Blueberry, Maine for 30 days and buy two items a day from the town stores. A townsperson comes at 8:00 am daily to collect the receipts and Olivia must sign that they were collected. Not a problem? HAH! As usual, the stipulations bring old history to light and not only is someone trying to kill her, they are also trying to damage Kayla Archer, Zach's 13 yr. old daughter! and it just gets better.....

---

### **Trish says**

I've started reading her books. I like this series a lot.

---

### **Amy Phelps says**

This was a good story. The plot kept me intrigued. Some of it was very obvious but it was still a good read. The sex scenes were a little more graphic than I usually like to read but they didn't take away from the story. They didn't really add to it either.

#### **What a great book**

Wow this was better the first Finding Amanda.  
I could not put it down.  
I just wish she made more books of this type but this was truly awesome I am so glad I read it.  
Oh I fell in love with teen it was so right on the money for a teen funny to heart touching in places also just one great book.  
I nothing bad to say on this one not one bit
